On entering the barn each was given a pencil and paper and a number was pinned on each guest. Then there was a great time finding out who the others were, a large number of suppressed giggles being heard. Mrs. Ted McConnell received first prize as having the most correct names. Next, in order was a husking bee, and two good sized piles of the yellow ears were husked by the two sides. Mrs. Howard Matthews' side won this contest. Using the same teams, with Mr. Matthews and Ted McConnell as masters and the rest as dogs, there was a great howl as each dog yelped and barked at animal crackers pinned on the walls. The master removed these animals when he discovered one of his own dogs yelping and Mr. Matthews' side won, he having the most crackers.

Between games appetites were appeased with popcorn, candy, pumpkin pie, taffy and sandwiches, sold by the committee. The fortune teller also was well patronized, she being an expert along this line. The society netted nearly $7.

Moreland's M MOTOR OIL
"LIFE INSURANCE FOR YOUR AUTOMOBILE"

There are lots of GOOD Motor Oils on the market, but most of them cost more than DIAMOND-M—none of them cost any less.

If you are paying a higher price, it is a waste of money, because there is positively no better oil at any price.

If you are paying a lower price you might fool yourself but you can't fool your car. Improper lubrication is the cause of most mechanical troubles and you cannot expect proper lubrication from low priced oils.

So, when you come to think of it, isn't it rather useless to waste money experimenting with high priced oils and isn't it rather foolish to take chances on damaging your car by experimenting with low priced oils?

Diamond-M Motor Oil is the RIGHT oil at the RIGHT price. And we don't ask you to take our word for it—just ask the man who is using it. One or two inquiries will locate a user, because we sell so much of it. Medium, Heavy or Extra Heavy—will meet any motor conditions.

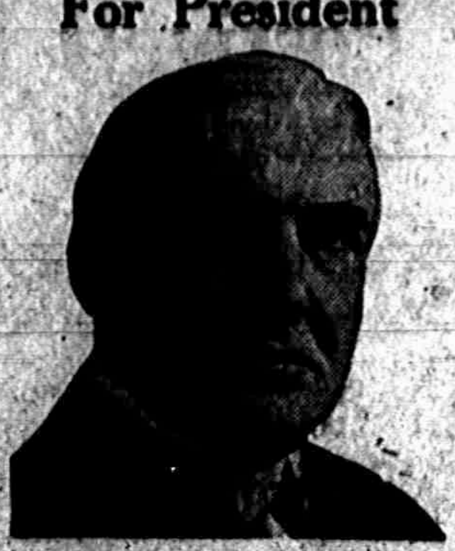
"LIFE INSURANCE FOR YOUR AUTOMOBILE"

For President



Warren G. Harding

REPUBLICAN LEADERS

OF NATION AND OF STATE

Their election is urged in behalf of home interests, for the welfare of our state and its citizens, for a return to government by the people, for freedom from autocratic personal rule and to close the present era of national extravagance.

BURT D. CADY, Chairman, Republican State Central Committee

For Vice-President

Calvin Coolidge

For Governor

Alexander J. Groesbeck

Alexander Joseph Groesbeck is a product of a Michigan farm. He was born in Warren Township, Macomb County. His boyhood was spent on the farm and from a school nearby he received his primary education. It has been Attorney General Groesbeck's privilege to be related to more important cases in behalf of state interest than has been true of any occupant of his office for many years. More than a quarter of a million of dollars has gone into the State Treasury as the result of suits instituted by Attorney General Groesbeck in cases where inheritance taxes were being withheld, and where monies due to the state on other accounts had remained unpaid.

FOR STATE AND NATION

The Republican party proposes to devote its entire efforts to safeguarding and promoting the welfare of the American people, and to maintaining the principles of self-government that have given to our country its favored and unique position.

Let us seek to avoid industrial chaos and to bring to a close the present national era of enormous war-time expenditures.

Vote for a purpose far greater than the success of the party, for the ultimate goal that no harm shall come to the Republic.

STATEMENTS BY GROESBECK

"This is a reconstruction period and there are big problems confronting our state."

"We ought to revise our methods of state administration and make them more efficient and better adapted to conditions as they now exist."

"There should be no invisible government functioning for its own interests in Michigan."

"And it is most important that there shall be a reduction of state expenditures and a period of relief to our people from the burden of excessive state taxation."

For Lieut. Governor

Thomas Read

The Republican candidate for Lieutenant Governor, the second in rank on the list of state officers, was chosen Speaker of the Michigan House of Representatives by his fellow members of that legislative body at the opening of the 1919 session. This honor was given to Mr. Read without opposition. His prospective promotion to presiding officer of the State Senate is therefore logical and deserved. Thomas Read graduated from the law department of the University of Michigan. Mr. Read is assured of election by a majority equal to the largest that will be given, and the same assurance can be given as to his zeal and success in the after performance of his official duties.

For Secretary of State

Charles J. DeLand

Charles J. DeLand, who was nominated without opposition at the Republican State Convention for the office of Secretary of State, has represented his district in the State Senate for three consecutive terms. Mr. DeLand was a member of the Constitutional Convention of 1907, and through education and official experience is unusually well qualified to meet the important requirements of the department of state. The loyal and aggressive support given to Mr. DeLand by the delegates from his home city and county testify to the high esteem in which he is held by those who know him best.

For Auditor General

Oramel B. Fuller

On the first day of the coming year Oramel B. Fuller will enter upon his seventh term as auditor general. No other occupant of an elective state office in Michigan has ever been so singularly honored as has been the experience of O. B. Fuller, and no other Michigan state official has proven himself more worthy of special favor. Constant in attention to the details of his office, careful in their transaction and fearless in the performance of his duties, Auditor General Fuller has given to Michigan a service that in its value will well compare with the remarkable extension of his term of office.

For Justice of the Supreme Court

Nelson Sharpe

Justice Nelson Sharpe, who was appointed in September, 1919, to fill the vacancy on the Supreme Bench caused by the death of the late Justice Ostrander, was chosen as a candidate to succeed himself by unanimous action of the state convention. Justice Sharpe has been related to the practice of law in Michigan since 1885. Within that period of time he served his county as prosecuting attorney and for more than twenty-five years he officiated as Judge of the 34th Judicial Circuit. Justice Sharpe's recognized fitness and ability made deserving the unanimous nomination that came to him.

For Justice of the Supreme Court

George M. Clark

George M. Clark, one of the two candidates for Justice of the Supreme Court who will be voted for at the coming election, has been a resident of Michigan since his early childhood. He was born in West Williams, Ontario, November 21st, 1875, and with his parents came to this state in 1878. Mr. Clark was admitted to the practice of law in 1904 and continued in active service as a lawyer at Bad Axe, Huron County, until appointed in 1920 by Governor Sleeper to fill the Supreme Court vacancy caused by the resignation of Justice Kuhn. Mr. Clark is an orator of state-wide reputation.

For State Treasurer

Frank E. Gorman

Frank E. Gorman is the present occupant of the office of State Treasurer and was nominated at the recent Republican State Convention to succeed himself. Mr. Gorman has served as bookkeeper in the office of State Treasurer, and as cashier and Deputy State Treasurer previous to his appointment as the head of that office by Governor Sleeper. Very rarely has it been true that such thorough experience as Mr. Gorman is possessed of, has preceded an official appointment or party nomination. Frank E. Gorman is a native of Michigan and his entire life has been spent in this state.

For Attorney General

Merlin W. Wiley

The nominee of the Republican party of Michigan for Attorney General is Merlin W. Wiley, well and favorably known throughout the entire state. Mr. Wiley was three times elected from his legislative district as a member of the State House of Representatives, the third time without opposition. For sixteen years Mr. Wiley has practiced law in his home city of Sault Ste. Marie and is now senior member of the firm of Wiley & Green. It was that which was known of him as a law maker and as a student of law that won for Mr. Wiley the opportunity for important state service as Attorney General.

MORENCI GETS NEXT YEAR'S CONVENTION

(Continued from Page One)

roll call of the Sunday schools. When the name of the school was called the delegates present arose and if no written report had been sent in a verbal one was made. The Tecumseh Methodist church, in which the convention was held, had the largest delegation present, 24 making their presence known.

The committee on resolutions, of which Rev. Edward Escolme, pastor of Tecumseh Friends church, was chairman, also made its report Thursday afternoon. The report was adopted. It thanked the officers of the association for their faithful service, the state and county workers were extended thanks for their helpful services, the gratitude of the delegates was expressed to the church people of Tecumseh for their warm hospitality and the deep appreciation of the convention was conveyed to the Methodist Episcopal church for the use of this edifice. The resolutions also renewed the delegates' allegiance to our republic, to the Sunday schools of the county and to the Great Superintendent, Jesus Christ.

Rev. S. N. Oliver of Tipton in his address on "The Sunday School—Its Relation to the Community" covered this subject in a thorough manner, giving his hearers many valued hints as to how they can make this phase of church work more effective in their localities. The discussion was led by Rev. Moody. Rev. Earl R. Rice was scheduled to give an address Thursday afternoon on "Making the Sunday Schools of Lenawee County More Efficient," but was unable to be present as he was ill. Mrs. Lawrence Haas of Adrian gave her report of the state convention at Muskegon at this time. E. K. Mohr of New Buffalo closed the convention with an able address on "Meeting the Challenge of the Hour."

During the Thursday morning session the recommendations of the secretary were voted on separately. It was decided to follow out the one dollar club idea and a $500 budget was decided upon for work in the county during the coming year. Intensive work is to be done in Lenawee during the coming months toward re-opening closed schools and furthering religious work in general. J. C. Willitts of Lansing, the new president of the state association, signified his willingness to come into the county to assist in this work and he will take part in a tour of the various schools to revive interest and encourage the work. The treasurer gave his report showing that about two-thirds of the 80 Sunday schools in the county had reported. "The Winning Sunday School" was the subject of a discourse by E. K. Mohr before the dinner hour.

TECUMSEH TOWNSHIP TAX TOTALS $91,014

(Continued from Page One)

crease in taxes. Road building and repairs will cost property owners in the county $748,090 of which $197,075 is paid by the county at large, the remainder being assessed by townships. The voted school tax in the county amounts to $424,168.44 which is an increase of $130,496 over last year and is attributable to higher salaries paid teachers and higher prices for equipment.

The other funds do not vary greatly from last year. The state tax of $257,971.63 is a few hundred dollars less than in 1919. The county tax, the general county fund, is about $4.000 less than the 1919 tax. Although salary increases, allowed by the supervisors and ordered by the state, as that of the judge of probate from $2,500 to $3,300, amount to nearly $6,000 the contingent fund was reduced from $92,000 to $80,000.

County drains, which are paid for by the townships in which they are located are costing $112,943 this year as compared with $108,-034.88 in 1919. About $4,000 more was appropriated for county poor this year than last year.

Adrian's share of the total tax is $257,801.07. The city of Hudson has a total tax of $85,507. Seneca has the largest tax of any of the townships and Woodstock has the smallest. They are $124,-439 and $39,403, respectively. Riga, with a tax of $109,103.64, has the second largest tax of any of the townships. Aside from Seneca it is the only township in which the tax is more than $100,000.

The tax in the other townships is as follows: Adrian, $65,903; Blissfield, $80,606; Cambridge, $49,542; Clinton, $44,180; Deerfield, $71,744; Dover, $61,901; Fairfield, $86,443; Franklin, $66,811; Hudson, $52,459; Macon, $41,045; Madison, $57,836; Medina, $75,860; Ogden, $83,777; Palmyra, $65,884; Raisin, $61,176; Ridgeway, $78,779; Rollin, $46,194; Rome, $40,046.

Vote "NO"

on the

School Amendment

Michigan's property owners paid last year an aggregate of over One Hundred Millions for taxes.

The Budget now being prepared by Commissioner Foote shows a demand for more State Taxes than last year's total by several millions of dollars.

The dumping of the Private School Pupils of Detroit alone on to its Public Schools would cost that city Twenty-Eight Millions for new buildings and Three and a Quarter Millions a year for maintenance.

The same cause would increase the School Taxes of Grand Rapids by Fifty Per Cent.

The Direct Taxes of every district would be increased, with no increase in Primary School Fund money.

The total amount of new money to be raised by taxes for Educational Purposes in Michigan if the Private and Parochial Schools are closed by law, in addition to sums already annually expended, is estimated at Forty-Five Million Dollars for Buildings and Seven and a Quarter Millions Annually for Teachers and Going Expense.

The Educators of Michigan unanimously agree that it would take ten years to provide the school facilities which would be demanded if the Private School Pupils have to be educated at Public Expense.

The agreement was that the team which won the majority of nine games was to be given a chicken feast.

Group 4 of the B. Y. P. U. conducted a very interesting meeting Sunday night, presenting in costume a missionary playlet entitled "Our Sisters in Other Lands," which contrasted the life of [illegible] man under the regime of heathen worship and that of the same life lived with Christ. Mrs. Leon VanValkenburg, as leader of this group, was complimented upon the originality and success of the program.

Charles Nichols, whose farm is in Cambridge township, was the complainant. Assistant Prosecuting Attorney Frank Russell appeared for the people while G. Arthur Rathbun defended the young men.

REPUBLICANS SWEEP COUNTRY; MICH. GIVES 400,000 MAJORITY

Woman Is Elected State Senator

Biggest Vote in History of Nation Polled—Republicans Will Control Both Houses in Congress—School Amendment Lost by [illegible] Given Over 20,000 Majority.

The biggest Republican landslide ever recored in history swept over this country last Tuesday when the voters of this great republic registered their imperial will at the ballot box.

The question of the League of Nations was made the paramount issue and a "solemn referendum" was put to the people to say whether we should go in or stay out and the people said in no uncertain terms—stay out.

In national affairs the Republicans will control both houses of congress by a substantial majority, having about 25 in the house and increasing their lead from that precious one in the senate to a good working majority. Michigan will have a solid delegation of 14 Republican congressmen, a condition seldom if ever duplicated before. It is really a good thing to have both houses of congress Republican as they now have no excuse for not delivering the goods promised and no one to blame for a failure to do so.

In state affairs, the entire Republican ticket was elected by an unheard of majority estimated at over 350,000 at the present time. The school amendment was lost by a majority estimated at better than two to one. In this county State Representatives John Vine and Charles Evans were both reelected as was State Senator Ernest Bryant while Congressman Earl C. Michener rolled up the tremenduous majority of over 20,000 in the second district, Washtenaw county alone giving him over 10,000 majority over his opponent, Wm. Moore of Palmyra.

The entire Republican county ticket was elected by majorities of approximately 5,000 and our officials for the next two years will be Ford VanDusen, sheriff; E. B. Root, county clerk; Harry Osgood, treasurer; Worthy Smith, register; Harry L. Larwill, probate judge; Conrad Ottgen, drain commissioner, and Leland F. Bean, prosecuting attorney. Coroners, Henry Stevens of Tecumseh and Thos. Howes of Adrian; circuit court commissioners, Henry Jewett and Chas. Robertson of Adrian.

Ohio is reported to have gone for Harding by over 400,000, while New Jersey, President Wilson's home state, gave Harding over 200,000 majority. Harding and Coolidge now have 400 votes in the electoral college out of a total of 529 and it is very probable they will gain more as the doubtful states are heard from.

ADRIAN COMMANDERY K. T. IN TECUMSEH SUNDAY

BOY AND GIRL SCOUTS HAVE MERRY EVENING

Scoutmaster and Mrs. Curtis very pleasingly entertained the [illegible] Troop 2 and the Girl Scouts at a "cat party" in the Baptist church parlors Tuesday evening between the hours of 7 and 9. Many of the Scouts and their friends came masked and in costume which added greatly to the merriment of the evening.

"Cat" games, contests and stunts were indulged in with such vigor that all were able to do justice to the refreshments served by Mrs. J. Morse and her committee.

Community Services To Be Discontinued

Have Been Interesting and Helpful—Each Church to Hold Its Own Services Hereafter.

At the community service Sunday evening it was announced that these services, which have been on the program for the past four or five years, would be discontinued and each church hold their own evening services hereafter. These community meetings have been truly delightful, bringing the people of all faiths together and instrumental in breaking down any barriers which may exist between the churches. In fact, Tecumseh was often spoken of in this part of the state as the town where the churches work as one, holding their evening services together in a surprising fashion. It is hoped by many of the church people that they may be resumed in the near future.

The service Sunday night was held at the M. E. church, with the new pastor, Rev. W. A. Gregory, giving the address, taking for his theme, "Mr. Jellyfish, or the Man Without a Backbone." Mr. Gregory is a forceful talker, his illustrations graphic and he kept his audience intensely interested until the close. Lot in Sodom was the story and the speaker brought the incident down to modern times with telling effect. He closed with this sentence "May God take hold of this city and draw it to him."

Monday Club Holds Interesting Session

Is Addressed by State President of Federation of Woman's Clubs—Other Entertaining Features Given.

Mrs. W. E. Alvord of Highland Park, the newly elected president of the Michigan State Federation of Woman's clubs, was the speaker at this week's session of the Monday club. The program of the day was announced by the club president, Mrs. F. S. Turner, beginning with a piano duet by Mrs. F. B. Wood and Mrs. Ella Hodges. Next was a double number, two of Cadman's Indian songs, "The White Dawn Stealing" and "Far Off I Hear a Lover's Flute," rendered by Mrs. John R. Clark, accompanied by Mrs. Foreman, both of Clinton.

Mrs. Alvord was introduced by Mrs. Turner and speaking in a clear, strong voice, gave the large crowd of women present much food for thought. Fresh from the meeting of the federation at Saginaw she was enthusiastic over the work of the woman's clubs in the state and brought to the Tecumseh ladies many suggestions of the things this great body of women can accomplish. Several departments of the club work were discussed in her opening remarks, then she took up the education of our children, asserting that more is spent for chewing gum, also tobacco, each year than for the education of the young. She followed the trend of education down through the last half century, telling how even yet it is hard for some to forget the old "ox cart" methods for the new, "just as now are preached the ox-cart sermons and we wonder why our young people don't attend church." She advocates that the school house, paid for and kept up by the public, be used as a community center, a gathering place for both old and young. In this way through their youngsters many women will be reached who care nothing for club work.

Mrs. Alvord is greatly in favor of and considers it the duty of the school to teach citizenship, illus-

Kiskaddon conducted the service. The bearers were of the immediate relatives: Arthur Bradley, Dr. Wm. McNamara, Elvin Bradley, Halleck Wilson, Howard Bredow and Mr. Wimple of Onsted.

Auto Turns Over Near Waring School

Occupants Pinned Underneath—Rescued by Passing Cars—Several Badly Injured.

Mr. and Mrs. C. A. Stalter and little daughter, Gertrude, with Mr. and Mrs. Harlow Brownson and baby met with an auto accident Sunday afternoon which by only good fortune did not terminate more seriously. They were driving toward Ridgeway when near the Waring school they ran into some loose gravel. The radius rod on their machine sprung and the machine, though it had come to a full stop, tipped over, pinning the occupants underneath.

Other cars were near, so the Tecumseh party were rescued and taken home. Mr. Stalter, who owned the machine and was driving, suffered a broken collarbone, Mr. Brownson was badly injured on the spine, being unable to move his lower limbs. At first it was thought his back had been broken but Dr. Hardy reduced the slight fracture and he is coming on nicely. Mrs. Brownson suffered a sprained wrist, but the balance of the party were unhurt.

Wit-Wisdom Club Has Fine Program

Met at Home of Mr. and Mrs. Wilfred Waldron—Hallowe'en Spooks, Goblins and Witches Help Entertain.

The hospitable Waldron home was opened Monday evening when Mr. and Mrs. Wilfred Waldron were hosts for the meeting of the Wit and Wisdom club. In spite of the inclement weather, there was a fine attendance and everyone felt very well repaid for the trip to the Waldron farm by the very delightful evening enjoyed.

The rooms were decorated with all sorts of Hallowe'en symbols, black cats, witches, even the lights gleamed through the eyes of great owls. Among the guests many had donned strange garbs for the occasion. In the queer looking assemblage a devil mingled with the Mother Goose and Topsy made life interesting for Grandma and Aunt Mary. The ghost of Dinah greeted the guests at the door and they were conducted up the stirs by ghosts of spirits. Upon gathering the ghosts were numbered and registered and a jolly guessing contest followed. Rev. W. R. Curtis as the witch, and dressed true to life too, told the fortunes of company in the Chinese way. This too created much merriment.

Another unusual feature was the guessing of the weight of an immense squash. Mrs. O. W. Laidlaw made the nearest guess, taking the great vegetable, which weighed 34½ pounds, as her prize. Wilfred Waldron was leader for the evening with William Dean Howell the subject. The numbers were announced as follows:

Piano duett—Mrs. F. S. Turner and Mrs. C. H. Williamson.

William Dean Howell—Wilfred Waldron.

Review of Howell's book, "The Rise of Silas Lapham"—Miss Lois Donaldson.

Vocal solo—Miss Lillian Kennedy.

The ghost stories told at the close of the program answered the roll call. At this Rev. W. A. Gregory proved the master hand.

The hosts served doughnuts, sweet cider and snow apples for the refreshments.

The next session of the club will be held November 15 with Mr. and Mrs. C. H. Kemp when Dr. L. G. North will be leader.

COMMUNITY BANQUET NEXT WEDNESDAY NIGHT

The men's community banquet will be held at the high school next Wednesday night at 7 p. m.

The eats will be served by the Ladies' Guild of St. Peter's church which is sufficient to guarantee one of those royal big feeds.

The object of this get-together is purely one of enjoyment and, as the old darkey preacher said, "The rejuvification of our spirits." In other words to warm up our local pride and develop still further loyalty to our town and our country. No other considerations will appear and there are no special "axes to grind." Its a big brotherly get-together for the reason aforesaid.

No man living within ten miles of Tecumseh can afford to stay away. The price is one dollar per plate and that is all. No requests or pledges or other considerations will be presented.

Its a good time for all men and every red-blooded man should be present. This is our town and our country—the farmer's interests are keenly our interests and town interests are the farmer's—each needs the other, so lets all get together and pull together for bigger and better things.

COUNTRY CLUB GIVES FIRST DANCE OF SEASON

A group of Macon young people known as the "Country Club" put on their first dance of the season at the Witherell hall Friday night. It was well attended and the dancers enjoyed themselves until a late hour. Mr. and Mrs. C. A. Stalter furnished the music.

The officers of the club as elected for this year are Albert Foster, president; Earl Lindsley, treasurer. These young people will hold their parties every two weeks with the Franklin club occupying the hall the alternating Friday nights.

ARMISTICE DAY CELEBRATED BY BIG PARADE AT NIGHT

Tecumseh will celebrate Armistice day, next Thursday, November 11, with a big parade at 7:30 p. m.

It is urged that everyone plan to take part and get in the line of parade to show the "Boys" that we have not forgotten their glorious work.

Congressman Michener will deliver the address at 8 p. m., and a military ball will be given immediately afterward.

Victory medals will be presented and all will join in the spirit of our own Star Spangled Banner.

Ex-service men are urged to wear their uniforms and likewise the Boy Scouts will appear in uniform.

"Lest we forget" come out and do your part toward celebrating this day in a fitting manner.

Big Class Initiated In L. O. T. M. Lodge

Past Grand Commander Mary Timony of Detroit and Deputy Hattie Meade of Dundee Assisted.

Tecumseh was Maccabee town with a vengeance yesterday when from the roads in all directions began appearing members of the L. O. T. M. from the hives all over the county. These ladies came for the meeting of the Lenawee county association, for whom the Tecumseh ladies were the hostesses. In the morning session Past Commander Mary Timony of Detroit and Deputy Hattie Meade of Dundee assisted in the initiation of a class of 18 for the Tecumseh hive, one for the Holloway hive and four for the Macon hive. These candidates were Matie Haviland, Vera Craig, Martha Covell, Irene Truesdale, Lillian Loomis, Electa Richardson, Lucile Richardson, Eulah Veeley, Nina Stewart, Margaret Brooks, Clara Elliott of Tecumseh; Emma Bailey and Adelaide Cone of Clinton; Rena Morgan, Mrs. Bailey, May and Marjory Chambers of Macon; Mrs. Nicholene of Holloway.

Representatives from these hives answered at roll call: Addison, Adrian, Blissfield, Britton, Clinton, Macon, Medina, Onsted and Tecumseh, and to the local hive was awarded the banner as having the largest delegation present. In all there were 121 present at the morning session.

The usual routine business was followed by a bountiful dinner served in the lodge dining room by Lady Haines and her committee of Tecumseh Maccabees.

At the afternoon session the doors were thrown open to the public and over 200 enjoyed the most excellent program which was announced by Past Commander Edna Belding.

Mayor George Hines welcomed the visitors in behalf of the village and Mrs. F. S. Turner brought greetings from the Monday club, the largest organization of women in Tecumseh. After a pleasing address by Past Great Commander Timony, were given these numbers:

Reading, "Matilda Learns to Skate"—Lady Forsythe of Blissfield.

Song—Ladies from Britton hive.

Dialogue, "The Borrow Family"—Ladies Mary Belding, Stevenson, Hoag, Nellie Wilson, Cole, Mertie Waring, Fagan and O'Dell. This playlet was a gem and the actresses each showed unusual talent and brought forth gales of laughter from their audience.

Reading, "The Fashionable School Girl"—Lady DeRemer of Britton hive.

Reading, "Feeding the Threshers"—Lady Whelan of Holloway hive.

Past Commander Timony then gave a short history of the order, which is now 35 years old, with 40,000 members in Michigan alone. Her personality was very pleasing and left a splendid impression with her sisters and their friends.

Deputy Meade followed with another excellent address, leaving as her watchword "Work," setting the number to be gained by the local order at 50 for the year. This brought gasps of astonishment, but judging from the energy of the lady Tecumseh hive will produce its quota.

Lady Irene Stange of Adrian sang charmingly and Lady Galloway of Adrian gave a reading, the program closing with the singing of "America."

The present excellent condition of the local hive and the splendid entertainment of the visitors is due largely to the unflagging efforts of the commander, Anna Haughn, who was so loyally assisted by the local members.

The association will meet with Blissfield hive in February.

CORA COLLINS SURPRISED BY CLASS LAST THURSDAY

On Thursday evening Mrs. Frank Nyland and her Sunday Sunday school class of young girls gave their president, Cora Collins, a surprise visit at the invitation of the little lady's mother, Mrs. James Collins. The affair was in celebration of Miss Cora's birthday. The company met with Miss Verna Howard and went to the Collins home in a group, the surprise being complete.

The guests were garbed in Hallowe'en outfits, with the teacher in a gruesome Death's head and ghostly shroud. The evening was hilariously spent in stunts and games and at the close Mrs. Collins served a fine supper. Miss Cora received many of the pretty gifts dear to a girl's heart and will never forget her birthday party.

MASONS ENTERTAINED BIG CROWD THURSDAY

Were Addressed by Harry Hanford of Detroit—Coller's Orchestra and a Male Quartet Furnishedthe Music—Was Huge Success.

About 125 brothers of the lodge gathered at the hall last Thursday evening and were royally entertained and instructed by Brother Harry Hanford of Detroit upon maters of interest to the craft. Brother Hanford has held many posts of honor in the fraternity and is an able and eloquent speaker who held the closest attention of the brothers throughout his entire address.

Brother Hanford was introduced by Brother Whaley who acted as master of ceremonies and performed his part with elegance and grace which showed that he is a close student of Masonic teachings. His introductions were pleasing and full of humor which added much to the pleasures of the evening. The orchestra rendered delightful music which was supplemented by a male quartet whose rendition of those songs so dear to our hearts was immensely appreciated by the large gathering. The boys sure are good and we heard many a compliment paid them by the brothers after the meeting adjourned.

The brothers were then assembled and after most fitting instructions concerning their duties were led to the banquet room where the inner man was sumtuously supplied with a big feed.

It was indeed a very pleasant meeting and the brothers assembled for both instruction and pleasure were treated liberally to each.

SCHOOL AMENDMENT DISCUSSED IN TECUMSEH

A discussion of the school amendment question was held at the Bradley opera house Monday night, where a large crowd of representative people of the community gathered to hear the views of Judge Harry L. Larwill.

Gen. F. B. Wood presided in his usual happy manner and in his opening remarks advised the voters to pause and think before deciding on such a momentous question. He then introduced Rev. Herbert Johnson, the Methodist clergyman from Manchester, who in a well written thesis advocated the defeat of the amendment. Next came our popular Adrian judge, who is always heartily received in Tecumseh. Judge Larwill was also against the amendment, and stated his views in a clear and forceful manner.

He is a strong advocate of peace and tranquility and sees no use in stirring the antipathy of our Catholic or Lutheran neighbors. His logical arguments showed close study of his subject and his polished style of speaking always holds the close attention of his audience.

Peter Dunn of Adrian closed the program with a song, "Vote 'No' on the Amendment." He was accompanied by Frank Payne.

MRS. FISHER ENTERTAINED FOR HER MOTHER MONDAY

Mrs. W. F. Fisher was the charming hostess to a party of ladies at her home Monday evening as a surprise to her mother, Mrs. Emma Kloffenstein, whose birthday it was. The home and tables were decorated in Hallowe'en colors and emblems and a most delicious dinner was served the guests. Great boquets of chrysanthemums were the center pieces on the tables, which were also gay with tiny pumpkin nut trays at each plate. The guests amused themselves playing 500 when the first prize was won by Mrs. P. V. Hunt and the consolation by Mrs. Nellie Adamson both prizes being large "mums." Miss Ruth Kloffenstein was the out of town guest.

M'CLURE-HOEKSTRE.

On Monday evening last at the Methodist parsonage, Tecumseh, Clifford E. McClure of Tecumseh and Jeannette Hoekstre of Tipton were united in the bonds of matrimony. Rev. W. A. Gregory was the officiating minister. The young people were accompanied by Mr. and Mrs. Warren Lamkin. Congratulations.

RAISE SALARY OF NIGHT ENGINEER AT WATER WORKS

At the regular meeting of the council Monday night at which all members except Councilman Hanna were present, it was decided to raise the salary of Night engineer Chas. Hooten, sr., from $75 per month to $90 per month. Mr. Hooten has been the very efficient night engineer at the water works for many years and deserves the recognition given him.

It was also decided to increase the insurance on the Water Works plant from $2,000 to $4,000 and at the present cost of building materials this seems a wise move as the latter amount is not too much to give the necessary protection for the plant.

JAMES HUNTER PASSES ON AT RIPE OLD AGE OF 86

James Hunter, aged 86, a former resident of this vicinity and having a number of Tecumseh relatives, passed away Sunday at the home of his daughter, Mrs. Nellie Hunter, in Kitchener, Ont. The remains arrived in Tecumseh Tuesday afternoon, and were taken to Belding's funeral home, the funeral being held Wednesday morning in the Congregational church in Tipton with burial in that cemetery.

Mr. Hunter lived here in the Stout family for some years, endearing himself to a host of friends, many of whom knew him when a boy in Franklin. It is these friends who will grieve sincerely for this estimable kindly old gentleman.

REMAINS LAID TO REST IN BROOKSIDE CEMETERY

Short Services for Miss Caroline Burlingame Conducted at the Grave—Many Old Friends Present.

The remains of Miss Caroline Gussie Burlingame were brought here from Cadillac Saturday for burial in the family lot. Short burial services were conducted at the grave by Rev. J. F. Kiskaddon, which were attended by a small group of the lady's old Tecumseh friends. Accompanying the body of their loved one were the sister, Mrs. Harvey Merritt, of Cadillac, with whom Miss Burlingame had resided many years, a niece and her husband, Dr. and Mrs. Fletcher, and a nephew, Leon Burlingame.

Miss Burlingame was the daughter of the late Mr. and Mrs. Ezra Burlingame, a highly respected pioneer couple. She was born and reared in this locality and resided here until about 25 years ago, since which time she had lived with her sister, Mrs. Merritt, at Cadillac, who is now the last remaining member of the family.

News of an accident which befell Miss Burlingame a couple of years ago was received by her Tecumseh friends. This was the direct cause of her death as she never recovered.

Miss Burlingame had many friends among the older residents of the city who sorrow with the sister at her loss.

We wish to express our thanks to the neighbors, who sent the beautiful chrysanthemums, and all who assisted in any way during the illness and death of our wife and mother.

Editorial Comment

AN ANNOUNCEMENT.

Having bought the Tecumseh Herald from Messrs. Ahrens and Ihrkey, who have owned and operated the plant for the past two years, we wish to say a few words in appreciation of conditions as we see them.

Tecumseh is without doubt one of the very best small cities in Michigan. Situated as it is in the midst of a very fertile and highly developed country, and possessing every advantage in cultural, industrial and civic life, it is indeed an ideal community in which to live and work.

We feel fortunate that our lot is cast with such a people whose ideals and accomplishments bear splendid testimony to the high character of its citizens and hearty co-operation of all the forces that go to make up a community whose traditions and present activities complete a record of achievement surpassed by none.

And in taking charge of your newspaper work, we feel a keen responsibility, for in reality the work is the publicity department of a large corporation whose interests are both diversified and intensely human. Our predecessors have given the people one of the best papers to be found in the state and it is our intention to maintain the same high standard of efficiency throughout. They have been able to do this by hard work, personal ability and the best of support from the entire community, with the result that Tecumseh has a publicity department in which everyone is thoroughly interested, and which is a large factor in your industrial and civic welfare.

It is our aim to continue the good work and hope that we may receive the same hearty co-operation from everyone that has enabled the retiring editors to publish a paper truly representative of such a progressive community.

We desire to work in complete harmony with the best interests of our town and country, and to that end we will strive to promote the welfare and prosperity of all, with a steadfast purpose to conduct the work in conformity with those principles of fairness, loyalty to home interests and independence of action which commands the respect and favor of every person with unselfish motives.

Our success and your success are closely interlocked and cannot be easily divided. We hope to deserve your staunch support and trust you will continue to give us a liberal patronage to the end that we may be of the utmost use in promoting all things that go to develop greater prosperity and make life the more worth living.

We are also pleased to announce that Messrs. Ihrkey and Henderson will both remain with us indefinitely while we believe it is the intention of Mr. Ahrens to take a well earned rest for a time at least.

Edwin T. Armstrong.

GOITRE

Reduced for This Ann Arbor Lady by External Home Remedy.

Note: It would be illegal to publish these statements if they were not true.

Mrs. Wm. Stewart, 703 Spring St., Ann Arbor, Mich., says in her own home paper, the Ann Arbor Times News: "I had a lump on my neck the size of a large egg and as hard as a rock. I doctored it for five years and it kept getting larger. I have used one-half bottle of Sorbol Quadruple and it has reduced more than half. I noticed it getting smaller the second day. You can use my testimony any time you wish. I think all goitre sufferers should know about Sorbol Quadruple."

Sorbol Quadruple comes in small bottles containing enough for most cases. It will not stain or irritate. Does not interfere with daily work. Leaves the parts in healthful normal condition. Requires ten minutes daily.

DOES IT PAY TO WORRY ABOUT APPENDICITIS?

Can appendicitis be guarded against? Yes, by preventing intestinal infection. The intestinal antiseptic, Adler-i-ka, acts on BOTH upper and lower bowel removing ALL foul, decaying matter which might start infection. EXCELLENT for gas on stomach or chronic constipation. It removes matter which you never thought was in your system and which nothing else can dislodge. One man reports it is unbelievable the awful impurities Adler-i-ka brought out. B. J. The strong wind of Tuesday afternoon did quite a little damage at Laurence VanGieson's farm north of town. A large straw stack was blown over, burying beneath the tons of straw several of his herd of fine cattle. Two yearlings were killed outright and others badly injured.

Mr. and Mrs. Dean Van Valkenburg and Mr. and Mrs. Leon Van Valkenburg and family went to Howell Friday by motor and visited Mrs. Leon Van Valkenburg's brother, Harry Waldron, and wife. Miss Kyle's Sunday school class were guests of Mrs. H. S. Waring for a very pleasant session Tuesday evening. During the program Lester Waring favored the ladies with a violin solo, to the accompaniment of the victrola. Another number was a vocal duet by Mrs. E. N. Billings and Mrs. Al Helzerman. Mrs. Waring closed the program with a piano solo. A contest on the many things found on a penny made much sport. The sides were captained by Mrs. J. J. Orr, the class president, and Mrs. F. E. Snedicor, and the decision resulted in a tie. The class will hold a Christmas party December 7 with Mrs. J. J. Orr, when each will bring a gift for another member.

The Woman's Missionary Circle of the Presbyterian church held an unusually delightful session in the church parlors Friday afternoon. Several musical numbers preceded the study session, among them a piano duet by Mrs. S. W. Boyce and Miss Marjory Boyce and a vocal solo by Mrs. E. N. Billings. The society is studying "The Crusade of Compassion," the chapters at Friday's meeting being discussed by Miss Kyle, Mrs. H. B. Tallman and Mrs. E. H. Hallady. A pot luck supper was served to which the men of the families represented had been invited and in true man fashion they did not forgot their invitation, but enjoyed the bountiful menu.

The Royal Neighbors will hold their regular meeting tonight at 7:30 prompt. Pot luck supper and initiation.

Mrs. Mary Smeltzer of Erie, Pa., has been visiting her many Tecumseh friends during the past week.

Cheaper Coal!

It is true that many of the cheaper grades of coal are cheaper in price and one trial order will convince you they are dear at any price.

The better grades of coal are very hard to obtain and we do not look for a big decline in price but do believe there will be a reduction some time in the future.

In the meantime if your bin is not filled place your order at once for the reason that it is an impossibility to give prompt service when we have more orders than can be filled. Besides if coal does not come through much more plentifully we have only enough for a day or so in good cold weather.

Our suggestion is—BUY LIBERALLY, BUT BUY NOW.

The soft coal we have is that old grade of OHIO Lump, which is clean and has very little fine coal, soot or ash.

We are filling our orders for hard coal, not fully by any means, but our customers are being taken care of, and we believe we have enough hard coal in sight to take care of all our regular customers and possibly a little to spare.

"THE BUTTERFLY MAN."

Big Super-Special Coming to the Bradley Opera House Next Sunday and Monday.

In presenting "The Butterfly Man" to his patrons next Sunday and Monday, November 7 and 8, the management of the Bradley is giving his patrons another big special production in the same class with "The Miracle Man," "Male and Female" and "Everywoman" and just as big and as expensive production in every way as any one of these.

"The Butterfly Man" was written by George Barr McCutcheon, who has given us many exciting and interesting stories, but none of them better than this one—the picture has been produced on a most lavish scale, in fact it is claimed by the producers that nothing like the society ball scene in "The Butterfly Man" has ever been seen in pictures before.

The film colony of Los Angeles was scoured for beautiful girls and when they were found they were attired in bathing costumes which are the last word in smartness. The scenes, photographed on the private estate of a wealthy resident of Montecito, California's most exclusive and fashionable residential district, are described as the most enchanting of the entire picture.

"The Butterfly Man" will be at the Bradley for the two nights only, next Sunday and Monday, a new comedy staring the famous comedians, Mr. and Mrs. Carter DeHaven and special music will complete the program. Remember a good picture is like a good book, you will enjoy it better from the beginning. Doors open at 6:30 each evening. Pictures start at 7:00.

WHY THAT LAME BACK?

That morning lameness—those sharp pains when bending or lifting, make work a burden and rest impossible. Don't be handicapped by a bad back—look to your kidneys. You will make no mistake by following this Tecumseh resident's example.

Mrs. E. H. VanVleet, 204 N. Pearl St., says: "This past spring I had an attack of lumbago. My back was lame and painful and I was always worse when stirring round. My kidneys weren't acting regularly and in other ways showed signs of disorder. A friend advised me to try Doan's Kidney Pills, so one of the family got me a box at Wright & Son's Drug Store and I began taking them. It wasn't long before I got relief. The pains through my back eased up and my kidneys became regular. I take pleasure in recommending Doan's Kidney Pills."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. VanVleet had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—adv.

The Only Way to Cure a Corn is to Remove It, with "Gets-It"

You will laugh to see how quickly your corn lets go its grip, how it curls right up and dies so you can lift it off with your fingers. It's folly and nonsense to pare and trim a corn trying to ease its pain when "Gets-It" will easily rid you of it entirely.

"Gets-It" is sold at all drug stores and costs but a trifle. Your money back on request. Mfd. by E. Lawrence & Co., Chicago.

MORELAND'S Speedway GASOLINE

Present day carburetors are all designed to operate best with old fashioned gasoline. The numerous "blends" called motor fuel that are being offered these days will not run your car as economically as real gasoline—most of them are cheap mixtures that make large profits for the manufacturers and cause trouble for the motorist.

SPEEDWAY gasoline is strictly straight-run gasoline, just the same as the government uses, and contains no dope or adulteration—in fact it is REAL GASOLINE—just the kind of fuel your carburetor was designed for.

You can order SPEEDWAY direct from our Tecumseh station and it will be delivered to your door promptly.

MONDAY CLUB HOLDS INTERESTING SESSION

(Continued from Page One)

trating by voting the full national and state ticket as held in some of the schools. This, she says, has been brought across since the women have the ballot as before that the men didn't take interest enough to care whether the boys knew how to vote or not. Especially is this a good thing for the foreign children who are being thrown into our great melting pot, the public school.

She finds over the state not many clubs with the "limited membership" clause and is delighted thereby, for what is good for a few is splendid for the many. "Especially bring in the young women with their new and advanced ideas."

The speaker does not approve of women entering party politics. Both parties need cleaning up and it is well to make them understand they must put up clean candidates to secure the women's votes, and we will keep our independence of party.

Mrs. Alvord touched on the various bills now being put up for the betterment of the conditions of women. In speaking of the bill for the promotion of home economics in the rural districts she suggests that a course of home making be given boys that they may be taught to put up screens and hang a shelf when necessary as well as make foot stools and book-racks. She also suggests that girls be taught the care of babies as fitting themselves for the natural life of womanhood.

In summing up she emphasized the responsibility of the club woman as not alone the study of Greek art and Browning but helping her sister woman and the community in general. "Your art is right here at hand, for you will find it just as artistic to clean up your city government. Let your ideals be far beyond your idea of what you can accomplish, for that will bring your need of work."

Mrs. Eugene Rosacrans delightfully sang "Butterflies" accompanied by Mrs. Ella Hodges and Mrs. W. G. Waldron charmingly rendered two piano solos. The program closed with community singing conducted by Mrs. E. N. Billings as Mrs. R. S. Moore, who usually performs this office, was suffering with throat trouble. During the social hour which followed Mrs. O. W. Laidlaw and her committee served refreshments.

The room at the M. E. church was beautiful with ferns and chrysanthemums with a bunch of great white "mums" occupying a prominent position near the speaker's table.

MACARONI FACTORY HAS CLOSED DOWN TEMPORARILY

Manager Larsen of the Macaroni factory informs us that the shut down which occurred last Monday night will be only temporary, and is the result of the readjustment in our industrial affairs that is nation wide at the present time.

Following war conditions which necessarily threw out of gear so many of our industries, there always comes a period of readjustment which slows up production in many lines in order to get things back into the old order and running smoothly. This is perfectly natural and eases us over a period of uncertainty that might result in a national crisis if everyone rushed ahead at a fast pace.

Our American industries are passing through this period in perfect safety and with finished guidance hence the general public is hardly aware of the great change being effected.

The local factory in conformity with this movement will be closed for a short period when it will again resume its operation under normal conditions.

Took Strychnine By Mistake; Dies

Sad Accident Occurred at Home of R. J. Stevenson Tuesday—Daughter, Leola, 20 years Old, Dead.

One of the saddest accidents of the year occurred last Tuesday at 4:30 p. m. when Leola, the 20-year-old daughter of R. J. Stevenson, who lives two miles north of Britton, swallowed three capsules of strychnine, 15 grains, thinking she was taking quinine.

The strychnine was bought by her father to kill moles with and was left temporarily in the house.

The family is grief stricken at the fatal accident and are receiving the condolences of a host of friends and neighbors.

There were nine children in the family and they are one of the best in this part of the county. It is indeed sad that such an estimable young lady should be taken in the flower of her young womanhood.

Dr. Hammel was called as soon as the accident was discovered but the fatal drug had done its work and she was past all help.

Men's Banquet at High School Gym

Good Time, Big Feed, Excellent Program—Dr. Beebe of U. of M. and Frank Murphy Principal Speakers.

A rousing big banquet is planned for next Wednesday night, November 17, at the high school gym under the auspices of the American Legion.

The Ladies' Guild of St. Peters' church will provide the eats and this alone insures one of those sumptuous feeds for which this organization is noted.

Dr. Beebe of the U. of M. and Frank Murphy of Detroit are the principal speakers and Dr. H. H. Hammel of this city will act as toastmaster. Ernest Church and Mr. Wm. Hanna will each render a solo. Other features will add to the program and a fine entertainment is assured.

The object of the banquet is merely a good time and to draw the men of this community closer together. No business or politics will come up. It is solely for the purpose of fostering a better community spirit.

Every farmer, shop man and business man is especially invited to be present and boost the community spirit sky high.

The banquet will be served promptly at 7 p. m. Come one, come all and lets show each other that we are all community boosters of first rank.

WILL WORK FIVE DAYS EACH WEEK FOR PRESENT

In conformity with the general readjustment of all industrial work throughout the United States, the local factory of the American Steel and Wire Co. will operate on a five day per week schedule for the present.

The company has sufficient orders to keep them going on this schedule and it is a most excellent thing for our community that they run steady on a slightly shortened schedule until our industrial affairs are again at normal instead of closing down altogether.

It is very evident that skillful management is guiding us through this transition period.

Mrs. E. M. Coller Is Called to Rest

Admired and Loved by All While Here—Ill Only One Week, She Passed on Last Tuesday.

Mrs. Ernest M. Coller passed away Tuesday morning about 7 o'clock after having been critically ill for a week. She came down to vote on election day, seemingly in her usual health but became faint while in the voting booth. She reached home with the aid of her husband and had been conscious only part of the time since.

In the prime of life, of beautiful physique, and very popular in the village, it has been hard to believe that this charming woman has been "called home."

Anna Doke was born in 1875, the only child of the late Mr. and Mrs. William Doke. Nearly her whole life has been spent in this city, but it was while connected with Mr. Coller in the music store that she became so widely known and admired. She and Mr. Coller were married 22 years ago. They have traveled quite extensively since retiring from active business, spending some time in California where they had business interests. They lived in Jackson while Mr. Coller was in war work and upon returning to Tecumseh have resided with their cousin, Mrs. S. W. Bordine, who gladly welcomed their company.

Besides the husband, are left three uncles, George Keyser, of Tecumseh, Charles Keyser, of Twin Falls, Idaho, and Emory Doke of Elkhart, Ind. Miss Ina Nixon has resided with Mr. and Mrs. Coller since the death of Mrs. Doke and received the love and devotion of a sister.

The funeral of Mrs. Coller will be held from the Bordine home Saturday at 2:00 p. m. withburial at Brookside.

Baptists Hold Their First Men's Banquet

Over Fifty Men Present—Sumptuous Dinner Spread at 7:00 P. M.—Routine Business and Election of Officers Transacted.

The first men's banquet of the Baptist church was held in the church dining room at 7:00 p. m. last Monday night with over 50 men present.

It was a splendid gathering of representative citizens and the way they did justice to the delicious dinner which had been so tastefully prepared by the good ladies, showed that at least the gastronomic machinery of the church is in most excellent condition.

After dinner the men proceeded to elect new officers for the ensuing year with the following results: President, Henry Beard; vice president, Ira Ashley; secretary, Fay VanValkenburg; treasurer, Ted McConnell.

Prof. McNeil of the local high school was the retiring president and acted as chairman of the meeting keeping everyone in good humor and attentive by the flashes of wit and wisdom which made him a complete success as a presiding officer.

And sing. Man, that bunch can sing. It made the village editor think of those days way down south where the genuine old camp meetings still prevail and where concert singing is the best in the world. We say those Baptists can sing under the inspiring leadership of their genial pastor. We don't know who the young lady was that presided at the piano, but the way she drew the soul-inspiring music out of that box would be a credit to a conservatory artist.

Rev. Curtis addressed the meeting upon matters of business and this good man of life and energy certainly commands the entire confidence and good will of his flock. Rev. Curtis is a forceful, vigorous speaker of keen analytical judgment and progressive to the minute, which means that a great work will be accomplished by this church and that its influence in this community will be most keenly felt.

These meetings will occur every two weeks, the next one being at the home of the president, Henry Beard, on Logan street.

RAISIN FARM BUREAU ELECTS NEW OFFICERS

The Raisin Township Farm Bureau met at the Maccabee hall at Holloway last evening, 50 attending. Ralph Carr, the county agent, gave a fine talk, telling of the work in the county. New officers were elected as follows:

President—Kenneth Holloway.

Vice President—Henry W. Raymond.

Secretary and Treasurer—Harris A. Smith.

Directors—Ira W. Ashley, Grover J. Graham and Will Rainey.

Delegates to the meeting of Lenawee County Farm Bureau, which is to be held in Adrian December [illegible]—Kenneth Holloway, Henry Raymond and G. J. Graham.

Armistice Day Is Celebrated Tonight

Parade of World War Veterans at 8. p. m.—Hon. Earl C. Michener Delivers the Address—Military Ball Follows.

Today is the big day of the year, the anniversary of Germany's defeat. The Legion boys are working tooth and nail to make this evening's celebration one to be remembered and are not asking a cent of the business men to defray expenses.

At 8 o'clock they will give a short parade with the Legion men in uniform. The whole town is invited to take part in this parade. The parade will bring up at the platform at the four corners where Hon. Earl C. Michener will make the address. Here, too, will be presented the victory medals to all men holding an honorable discharge and to the families of those who are dead.

The presence of the men of the G. A. R. is especially urged and seats will be provided for their comfort. Should the weather turn unfavorable for an out-of-doors program the speech and presentation of medals will be held at the school house.

A military ball at Witherall hall will be the closing feature. Bracey's orchestra has been engaged and the boys will welcome the public most cordially.

This presentation of medals will be made by R. K. Anderson, commander of Underwood-Orr post.

Adrian is Trimmed By Tecumseh 4 to 1

Coutny Seaters Outclassed and Outplayed at Volleyball—Tecumseh Used Subs Last Two Games.

The volleyball team from Adrian essayed to come over to the land of the Big Chief last Friday night and annex a few scalps by way of disporting themselves while the autumn leaves are falling down etc.

But, they met the warmest reception ever accorded a county seat aggregation, and they not only lost their scalps to the tune of 4 to 1 but they were so bewildered at the savage and crafty attack of the local tribe that they nearly lost all of their impedimenta—including their batting eye and their wind.

The first game ended 15 to 2 in favor of Tecumseh. Second game 15 to 8 same way and the third contest was 15 to 14. At this point several subs were put in the game as it was easy to see that Adrian is a novice at the game and was in no physical condition to stand such a fast pace as the regulars had cut out.

The next game was Tecumseh's by a score of 15 to 9 and then Adrian was politely allowed to annex the last one by 14 to 15.

The Tecumseh regulars were George Isaacson, Glen Tansley, Alvah Knight, John Larsen, W. R. Curtis and E. E. Crampton. The subs were Ted McConnell, William Stewart and O. W. Laidlaw.

Nettie Southworth Passed on Saturday

Death Occurred at Montrose, Colo. —Had Been in Failing Health —Remains Brought to Tecumseh Thursday.

Word was received by friends Sunday that Miss Nettie Southworth had passed away the day before at the home of her brother, Arthur W. Southworth, of Montrose, Colo., to which place she had gone only last July. She had written to her Tecumseh people of a hard cold which she contracted on her journey to Colorado. This added to her generally weakened condition of the preceding months made her ill and she grew gradually worse but confined to her bed only portions of the time. Letters continued to come from her as late as last week, each telling of the kindness of her brother and wife, but more recently began to creep in a longing for the home folk.

Miss Southworth, who was about 68 years of age, was born in Raisin township and resided in this locality all her life, until failing health made the move to Colorado advisable. Of a quiet, retiring disposition she was known best by her close friends, all of whom now sincerely mourn her departure. She is survived by one sister, Mrs. Lydia Montague, of Washington and three brothers, Alex B. Southworth, of Flint, Herbert of California and Arthur W.

She was a member of the Presbyterian church, of the Order of Eastern Star and the Monday club.

The remains left Montrose Monday morning and arrived in Teday morning and arrived in Adrian this morning. Undertaker Belding drove to Adrian for the casket, holding the funeral from his Funeral Home this morning at 10 o'clock. The body was accompanied by the brother, Arthur W. Southworth, at whose home she died. Another brother, A. P. Southworth, of Flint came Tuesday and has been a guest at Arthur Green's.

DROVE OVER EMBANKMENT, PINNED UNDER THE CAR

Bernard Hastings drove over the embankment just north of the Evans Creek bridge last evening about 10 o'clock, the machine turning over and landing on the creek bank with Bernard pinned under one wheel. Harry Crabel was returning from his work at the electric power plant just in time to see the accident and ran to Bernard's aid. In lifting the end of the car it became overbalanced and went on into the creek, where it now lays somewhat jammed up.

The young man was taken to Dr. H. H. Hammel's office, where his injuries were attended to. One knee joint was found opened and a rib cracked besides many bruises on his body. He was put to bed in the house and hopes to be removed to his home at once.

The machine was a Ford from the Garlinghouse garage.

New Pastors Are Warmly Welcomed

Members of Churches and Townsfolk Turn Out in Large Numbers—Many Words of Appreciation Spoken—Excellent Programs Are Given.

Both the Presbyterian and Methodist churches held a reception for their new pastor last Thursday evening.

At the Methodist church a large crowd of the church members and friends gathered to welcome Rev. W. A. Gregory and his family to our community, and to assure him of their hearty co-operation in his work as the leader of their church.

A very enjoyable program was given among them several vocal and instrumental numbers that were most delightful. Mrs. Eugene Rosacrans gave a vocal solo and was heartily encored, responding a second time in a most charming manner. Mrs. Maynard Mulvaney also rendered a vocal selection which was most enjoyable and she too was compelled to respond with a second number. Mrs. Wilfred Waldron and Miss Gertrude Turner gave a piano duet which brought a vigorous expression of appreciation from all present. Mrs. Frank Turner and Mrs. Ella Hodges also gave a very charming duet which met with instant favor.

The gathering was addressed by Revs. Escolme, Preston and Curtis who gave short talks full of meat, inspiration and loyalty of purpose, and they assured all of

County Delegates Make Their Report

Interesting Program Is Given—American Opera to be Topic For Next Meeting.

There were several features of the Monday club this week which made a delightful program. Preceding the program the names of the following were voted in: Mrs. E. E. Crampton, Mrs. Albert Tonnenburger, Mrs. Myron Conklin and Mrs. E. T. Armstrong.

The club furniture, consisting of a table, chairs and several pictures, had been transferred from the library to the present meeting place at the M. E. church lecture room, adding materially to the equipment of the commodious room.

The club president, Mrs. F. Turner, pronounced the program, beginning with community singing. Next a piano duet by Mrs. Ed Harper and Mrs. W. G. Waldron.

The county federation was then discussed by the two delegates, Mrs. Ella James and Mrs. F. B. Wood. This meeting was held at Cement City in April. The trip there took the whole forenoon and as that session was to be Mrs. James' portion she told a charming tale of the exquisite scenery with spring's garb—and mud—the trials of their female chauffeur, and incidentally their own.

As they reached the federation at the beginning of the afternoon session it was Mrs. Wood's task to report the major part of the convention and this she did in a happy vein yet most interestingly. There were various speakers, the reports from the county clubs and the various committees of the federation. There were several thoughts which she emphasized. The necessity of a separate building at the county farm for tubercular patients, that teachers' salaries should be raised over the state to insure our youth the best, the prompt answer to business correspondence and service to our fellow women.

Mrs. E. S. Tate of Clinton, chairman of the committee on corrections and charities of the federation, was present and told the ladies of the committee's success in finding homes for two bright boys who had been sent to the county farm.

After a solo by Mrs. E. N. Billings which was encored, the roll call was answered with quotations from American authors. This proved a fine study and better still, the associate members, who sit silent at each meeting, took part as did the rest. For next week the ladies are looking forward to a delightful afternoon with American opera under the direction of the musical committee, Mrs. F. B. Wood and Mrs. R. S. Moore.

Mrs. Ella Stewart of Toledo visited her mother, Mrs. Nellie Ousterhout over Sunday. Also Gayle Stewart and wife were callers at their grandmothr's Mrs. Ousterhout, Sunday.

Dr. Morden was a native of Belleville, Ont., graduating from the department of medicine at the U. of M. in 1880. He located in Macon and there he practiced for 33 years, moving to Saline seven years ago. His wife was formerly Mary Pennington of Macon and with her are left two children, Miss Mary, a teacher in the Detroit schools, and Walter in business in Macon. Also surviving is one sister, Miss Lenora Morden, of Rossmore, Ont.

The funeral will be held at the home in Saline Friday at 10:00 a. m. with burial at Macon.

Tecumseh Thrashes Hudson 'Hi' Soundly

Local Football Team Shows Class —Snappy Work of VanWinkle

Work Wallops Visitors 20 to 6.

One of the most interesting games of football ever pulled off on the local field resulted last Friday in a complete defeat of the fast Hudson high school team by the local pig skin pushers of Tecumseh high.

In the opening quarter, Tecumseh received the kick and proceeded at once to plow through the line for good gains, and this form of attack assisted by long end runs finally placed the ball within striking distance of the Hudson goal. VanWinkle negotiated the distance when given the ball with instructions to plant it across that imaginary line. No goal kicked, score 6 to 0.

Hudson immediately came back strong and after a few line bucks shot a planer over the Tecumseh boys and it landed squarely in the mit of a Hudson player who was loitering around that vicinity with the idea of doing something for his home town, and he did it, for he lit out for the Tecumseh goal and before any of our young braves could intercept him he was sitting on the ball behind our goal line. No goal kicked, score 6 to 6.

The next round showed stiff playing on the part of both teams with the odds slightly in favor of Hudson who worked the ball down to within 6 yards of the Tecumseh goal but was penalized and lost the ball on downs which closed the half.

The beginning of the third quar[illegible]as a thriller, for Tecumseh [illegible]endid playing carried the [illegible] the one yard line but for [illegible] unknown reason was not [illegible] enough to put it over as [illegible]n braced and showed a stone [illegible]efense. Hudson took the ball [illegible] once punted, recovering the [illegible]s it was fumbled by a Te[illegible] player close to the Te[illegible]h goal and after a few line [illegible]s worked it up to the two [illegible]ine when Tecumseh braced and held Hudson to a complete standstill taking the ball and at once kicked it out of danger. Hudson sought to out kick Tecumseh but found she was outclassed and after a few line plunges, VanWinkle got past Hudson's entire defense and scored on a long run. Goal kicked, score 13 to 6.

The game from this on was a see-saw with both sides doing its best to break through or get around its opponent's defense, and it looked as if the game might end with the above score but the rooters were sent into a frenzy when Ousterhout recovered a fumble from a Hudson player and before he could be tagged, had planted the old windsack again behind the Hudson goal. Goal kicked, score 20 to 6.

It was a good game and shows that the Tecumseh boys have not only a good understanding of the principles of the game but they are speedy and watchful, taking full advantage of their opponents' weak spots. The team was run in fine style and with a little more polishing up on their plays the boys will be able to uncork a repertoire of plays that would bewilder a seasoned aggregation.

The teams lined up as follows:

Hudson		Tecumseh
Leffingwell		Cleveland
	L. E.	
Haynes		Updyke and Orr
	R. G.	
Gray		Hensen

Memorial Services by Knights Templar

Forty Brothers Present at Memorial Service for Late John Q. Look—Splendid Sermon Delivered by Rev. J. F. Kiskaddon of Presbyterian Church.

Some 40 Sir Knights of the Adrian Commandery, Knights Templar, held a memorial service Sunday morning at the Presbyterian church, honoring the memory of their brother, Past Eminent Commander John Q. Look.

The knights filed in at the hour for morning worship, occupying pews reserved for them in the front of the church. Several of the Tecumseh brothers were in line. During the opening devotionals W. S. Dickinson sang in splendid voice the solo, "Fear Ye Not, Oh Israel," and the choir rendered special anthems prepared for the occasion. They were assisted by George Hines, who sang basso. The sermon, which was exceedingly fine, was given by the pastor of the church, Rev. J. F. Kiskaddon, using as his theme, "The Passing and the Permanent."

The speaker proved that the religion of Jesus Christ is the only enduring religion, with its foundation of faith, hope and love or charity. Our language changes with the years, even our thoughts likewise change with the advance of civilization.

He gave faith as necessary in all walks of life, from business to religion. Hope leads us onward and upward, makes us willing to struggle and sacrifice. Love is the grandest of all. Architecture has been developed through love for God, with music cultivated for worship. Civilization owes much to religion. Our government is patterned after that of the Presbyterian church. It will continue to bear us onward and upward to a grander civilization.

The adjustment necessary in the present crisis is not so much of the church toward the world as the world toward the church. The only change necessary to the church is the tendency to become more human. The word "humanity" is found in no other religion. Humanity never changes. As ever comes the seed time and harvest, love and death. Jesus of 1900 years ago has a stronger grip than ever. More than ever every year are we inspired by his ideals. Scientists have changed, governments been overturned, but the gospel is the same today, not one thing has been discarded. Christ has given us the final truth. "Let us build on this one foundation, Jesus Christ, the same yesterday, today and forever."

Following came the memorial service of the order, conducted by Eminent Commander G. Roscoe Swift of Adrian. He in a touching manner told how fitting it was that they hold this service in the home church of Mr. Look who had been buried at Lowell two weeks ago that day and from which church also Mrs. Look, had been caried to her long rest.

After the service the Templars marched to the Masonic temple and were there joined by a company of their ladies. A chicken dinner was served by members of the Blue Lodge, the menu having been prepared by a committee of the O. E. S. of which Mrs. Homer Whaley was chairman.

MARRIED FOLKS ENJOYED DANCING PARTY THURS.

Coller's Orchestra Furnished Excellent Music—Big Crowd Trips Light Fantastic.

One of the most enjoyable parties of the season was given at Witherell hall last Thursday evening when the young married folks gathered to trip the light fantastic to the strains of inspiring music.

A large crowd was present and the evening was perfect so that many came from Tipton, Macon and other nearby points.

Coller's orchestra rendered the finest of music and as the floor is always in excellent condition, the dancers thoroughly enjoyed every number.

It is planned to hold the next party Thanksgiving eve and doubtless an even larger crowd will be present.

QUARTERLY MEETING IS HELD AT FRIENDS CHURCH

Splendid Discourses Given by Distinguished Men—Two Day Session Was Very Interesting.

Adrian quarterly meeting of the Friends was held in the local Friends church last Friday, Saturday and Sunday.

On Friday [illegible] meeting was held for the official members of the church. In the evening there was a gospel meeting. John R. Barlow, the Friends pastor at Rollin, conducted the song service and Charles Haworth, pastor at VanWert, Ohio, gave a timely message. On Saturday morning Samuel J. Mosher of Cardington, Ohio, preached. He is the general superintendent of the yearly meeting. He gave a forceful discourse. An excellent lunch was served at noon by the ladies of the church. Following this, Friends assembled for the business session of the quarterly meeting. After an interesting session they adjourned to meet at Adrian in three months.

In the evening Friends enjoyed listening to a sermon by John R. Barlow.

A brief Sunday school session preceded the Sunday morning meeting. This meeting was in the form of a memorial service for Miss Lenna Stanley, deceased Friends missionary to China, whose remains were recently laid to rest in the Raisin Valley cemetery. It was a most beautiful and impressive service. Tribute was paid to the sterling character of Miss Stanley by Mary C. Wood, her Sunday school teacher in the Raisin Valley Friends church, and also her teacher in the old Raisin Valley seminary. Howard and Mary Moore also made some fitting remarks. They themselves have a daughter who is a missionary in China. Dr. Isabella DeVol, returned missionary from China and co-worker with Miss Stanley for about 20 years, bore testimony to her whole-hearted devotion to the will of God. Following this beautiful service lunch was again served by the ladies of the church. Sunday afternoon the Christian Endeavorers held a rally. An interesting rogram was given at which time different phases of Endeavor work was discussed. Following the regular C. E. meeting an evangelistic service was held. Edgar A. Wollan reached a powerful message. Mr. Wollan was formerly pastor of the local Friends church. He is now presdent of the Cleveland Bible Institute. This meeting closed an enjoyable and profitable quarterly meeting.

A REMARKABLE FORECAST.

F. J. Temple, who always keeps in touch with the trend of political affairs, made a record on Oct. 14th last of the way he believed the electoral vote would be cast for president.

This record shows a remarkable forecast of the situation. Only two errors occur in giving it exactly as the latest returns show the actual result will be.

Mr. Temple credited Kentucky's 13 votes to Harding and Oklahoma's 10 votes to Cox. This made a difference of only 3 votes in the total result, Mr. Temple giving Harding 407 while the last returns indicate he will receive 403.

The Round Oak "Chief" is built with *three* walls—to hold heat in the oven. The inner wall is copper-fused boiler iron; the middle wall is asbestos of double the usual thickness; the outer wall is Wellsville polished steel which requires no blacking. Not only does this range bake splendidly, using very little fuel, but it will do so for at least a generation.

NEW PASTORS ARE WARMLY WELCOMED

(Continued from Page One)

their warm friendly feeling toward the church and its new leader. F. J. Temple gave the official welcome of the church to Bro. Gregory and family and it was not only full of assurances of the staunch loyal support of the church members, but it was so cleverly written in verse as to command the close attention and admiration of all. Rev. Gregory replied in a very fitting manner and it is easy to see that this good church is in the hands of an able, vigorous man of God whose energy and enthusiasm will carry the work forward in a brilliant manner.

The evening's enjoyment was made complete with coffee, doughnuts and apples, and altogether the gathering spoke volumes for the success of his work in Tecumseh.

At the Presbyterian Church.

At the Presbyterian church another large crowd of members and friends gathered to welcome the Rev. J. F. Kiskaddon, the new pastor in charge.

The receiving line consisted of Mr. and Mrs. C. H. Kemp, Mr. and Mrs. R. M. Moils, Mr. and Mrs. John Nyland and Miss Nannie Kyle.

After the guests had been presented to the pastor and his good wife, a general visiting period was enjoyed. The arrangements were in charge of Mrs. Al Helzerman, who invited J. H. Smith to take charge of the program. Mr. Smith in a very fitting manner assured the new pastor of his enthusiastic welcome to this ctiy, and called on Mrs. F. B. Rector to deliver the formal address of welcome which she did in a most able manner. Miss Marjorie Boyce gave a very pleasing piano selection while Mrs. E. C. Hellman, accompanied by Mrs. F. C. Dickinson, rendered a delightful vocal number. Fred Dickinson also responded with a much appreciated vocal solo and Rev. Kiskaddon replied in an eloquent manner.

The new pastor is a man of keen perception, an able thinker and an eloquent speaker. It is plain to see that our good Presbyterian friends are in charge of a virile leader devoted to his work and possessing a sympathetic heart that will draw his flock closer to the Master.

At the conclusion of the program, light refreshments of ice cream and cake were served.

Both church programs were rounded out with an orchestra whose strains of inspiring music made the evening's pleasure complete indeed.

This is the third appearance of these ladies in these roles. First at the Adrian fair, then at Jackson and again before the Clinton Culture club. It will be Tecumseh's turn soon when an entertainment is planned for Armenian relief.

MAN GIVES WIFE GLYCERINE MIXTURE

She had stomach trouble for years. After giving her simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka, her husband says: "My wife feels fine now and has gained weight. It is wonderful stomach medicine." Adler-i-ka acts on BOTH upper and lower bowel, removing foul matter which poisoned stomach and which you never thought was in your system. EXCELLENT for gas on the stomach or chronic constipation. Guards against appendicitis. The impurities it brings out will surprise you. B. J. Pulver, druggist. Adv. 6.

Forced to Raise Fifty Thousand Dollars!

IN THE NEXT SEVEN DAYS---A Most Unusual Thing to Happen to the

Cook & Feldher Co., Jackson, Mich.

But the unprecedented spell of warm weather has brought about conditions that no merchant could forsee.

When the break in prices came in the late summer, just as the fall merchandise, that had been ordered months previous was about to be shipped, many merchants over the country exercised their prerogative and canceled right and left.

Considering it the better policy we decided to play square with the manufacturer, live up to our contracts and allow the merchandise to come in. With seasonable weather and conditions only half normal we would have been able to handle the situation nicely, possibly be obliged to sell at a closer margin, but at any rate we could have gotten out from under the load without anyone being hurt badly.

But with the warm weather permitting everyone to go eight or ten weeks longer without winter wraps, it brings us to the point where the manufacturer will no longer wait for his money, but [illegible] settle at once, and to accomplish this there is but one thing for us to do; offer our goods at prices that will be irresistible to the most conservative customer.

This we are going to do, starting tomorrow; profits will not be considered at all, just the one goal in sight, that of raising FIFTY THOUSAND DOLLARS.

In the short time permitted to get out this announcement only a few of the thousands of items could be gone over and priced; many more will be announced on succeeding days, but those mentioned below can be taken as a fair example of others throughout the store.

BEAUTIFUL STRUCTURE SOON TO BE COMPLETED

Again is the completion of the new Ford garage held up by material failing to arrive. This time it is the interior finish. The mechanics' room at the rear is complete, the wiring all over the building finished as far as possible, the cement floor in the great store room nearly laid. The plate glass front is all ready to set and the front rooms will be enclosed in a few days. Tuesday the last large tree in front of the structure was cut down and yesterday work was started on the new walk. George Kempf, the carpenter, is pushing things as fast as possible so Mr. Williamson can move in by December 1.

A Hi Speed filling station has also been installed this week in the street in front of the garage which has a capacity of 1,520 gallons. This operates with electricity and [illegible] to three gallons in 25 seconds.

When completed this garage will be one of the largest and best equipped in this part of the country. It is a beautiful structure and is an ornament to our city standing as it does at the west end of the business section on Chicago street.

"THE CHURCH OF THE LIGHTED CROSS"

Such will be the name of the local Methodist Episcopal church in a very short while. A large cross, studded with electric lights, is being placed on the front of this church for the purpose of attracting the attention of the passer by to the fact that cross still occupies a large place in the life of this nation. Wilfred Waldron is making the cross and it is hoped to be in use by next Sunday evening. A special effort is being made by the members of this church to get the people back to the church-going habit. The Sunday night services from start to finish are such as to attract, hold, and help the average man or woman to the fundamental facts of Christianity. Hear the sermon next Sunday night on Children of Chance, or Are We God's Playthings."

More people attended church in [illegible] Sunday night, than at any previous Sunday night for a long time. Every church is working for the interest of the community.

BRADLEY OPERA HOUSE ATTRACTIONS

"A Lady's Name."

Hundreds of our patrons complimented us on the excellent production of "The Butterfly Man" which was presented at the Bradley last Sunday and Monday, many saying they wished we would get more pictures of this class. We trying at all times to give the people of Tecumseh and vicinity the best pictures produced but productions like "The Butterfly Man", "Every Woman", "The Miracle Man", etc., are bought at an enormous film rental and have to be shown at advanced admissions and while it is not possible to present a picture of the calibre every week you can be assured the management of the Bradley will book and show them as often as possible.

Next Sunday, November 14, Miss Constance Talmadge in "A Lady's Name" will be the main feature. The excellence of Constance Talmadge! This is a subject that is becoming more and more popular with critical film reviewers who are watching her work as a commedinne. She is developing a new style of light comedy that is all her own, and with each picture she demonstrates more fully her right to be considered one of the biggest stars of the screen. Her field is good, clean comedy; not the hit-or-miss variety of slap-stick comedy, but drawing room comedy—comedy plus.

Mr. and Mrs. Carter DeHaven will complete the big bill in one of their newest comedies, "Rarebits."

Saturday evening, November 13, Charles Ray will be seen in "The Busher" and a new "lion" comedy "Lion Paws and Lady Fingers" will also be featured. The way these big kittens romp across the screen is a delight to the grown-ups and a scream for the children. Don't forget to give the "kiddies" a treat Saturday night.

Mrs. Martin Bachtal of Malinta, Ohio, is a guest at the home of her son, Ray, and family.

Little Grace Davidson is suffering from a badly burned face. A piece of rubber hose had been thrown from a bon fire onto the lawn at her home. Grace came along while the end of the thing was still hot and grabbing it up began to twirl it around, when the end struck her cheek, burning her cruelly. The plucky little girl is sticking to her school work though as she says, "It hurts."

Thirty-two members of the board of the M. E. Sunday school with their wives and husbands were guests of Miss Emma Rogers Tuesday evening. A picnic supper was served followed by singing and a reading by Mrs. W. D. Willett. During the business session W. D. Willett, who has been the superintendent of the school several years, resigned his office on account of ill health and Earl Updyke was elected to fill the vacancy.

The southbound N. Y. Central passenger train Tuesday morning ran over Joseph Fishmeister of Jackson while the train was in that city. The engineer saw the man walking close to the track and blew his whistle for him to get out of the way, but when the train was almost even with him, Mr. Fishmeister threw himself in front of the engine. Domestic troubles are thought to be the reason for the man's act. He was 65 years of age and proprietor of a wagon shop.

At the regular meeting of Underwood-Orr post, American Legion, Tuesday evening the boys made short work of a fine oyster supper served by Lyman Curtiss, Russell Blesing, Clayton Covell, Will Jewell and Louis Flowers. During the business meeting following final arrangements were made for the Armistice day celebration and the community banquet which the Legion men are to put on November 17. The next meeting is to be held November 28 when Charles Hanna and his committee are to serve a chicken supper.

Men's Banquet is Brilliant Success

Over 150 Men Sit Down to Tables—Excellent Dinner Prepared—Program Was Interesting.

The boys of Underwood-Orr post, No. 34, American Legion, are to be congratulated upon the brilliant success of their banquet held at the high school gymnasium last evening.

Promptly at 7 o'clock to the inspiring strains of Coller's orchestra the men filed into the room and took their places about the tables. After thanks had been rendered by the Rev. J. F. Kiskaddon, all were seated and immediately as if by magic a host of smiling girls and ladies appeared bearing what is so dear to the heart of mere man, a dinner that wo[illegible] [illegible]ards of ye banquetters of old. It certainly was an elegant dinner and the ladies who prepared it are to be congratulated not only upon the delectable viands but upon the splendid service rendered which helped to make the banquet such a distinct success.

During the dinner hour the orchestra played and after each selection received a mighty encore which showed the diners appreciated the entertainment thoroughly.

At the conclusion of the sumptuous repast, another host of young ladies appeared and the remnants (which were few and small) together with the dishes disappeared so quickly one scarcely knew whence they flew. R. K. Anderson, commander of the post, then arose and in a few but elegantly chosen words introduced the toastmaster, Dr. H. H. Hammel. The genial doctor was right at home on this job and by his sallies of wit and enthusiastic remarks, including leading the spirited singing, put the whole assemblage at ease except the speakers who were the target of many apt remarks which the big audience thoroughly enjoyed.

Dr. F. A. Perry of Adrian was

At roll call each gave his pet hobby, many of which were funny in the extreme.

Refreshments were served by the hostess assisted by several of the club members.

The next meeting of the Wit and Wisdom club will be November 29 with Dr. and Mrs. E. D. Brown for a colonial evening.

Michener Gives Celebration Address

Armistice Day Observed With Appropriate Ceremonies—R. K. Anderson Presented Boys With Victo[illegible]

Armistice day was very appropriately observed here last Thursday evening when Congressman Earl C. Michener gave the address of the evening to a large crowd gathered at the high school building. Congressman Michener is a polished speaker as well as an able thinker and he was certainly at his ease at this time as he delivered one of the best addresses it has been our privilege to hear in many a day.

After briefly reviewing the heroic work of our boys across the great waters, he pointed out the significance of this special occasion and its connection with further work yet to be accomplished. His address met with great favor both by the boys and the audience as he carried them along through a

Blissfield Thrashes Tecumseh 34 to 0

Local High School Team Unable To Score on Fast Sugar Makers—Opponents Are Heavy, Speedy and Experienced.

Tecumseh high was thoroughly thrashed at Blissfield last Thursday afternoon when the local bunch played a return game there and found they were outclassed in both weight and speed.

Blissfield has a real team when it comes to high school stuff. They are heavy and fast, and they have the further advantage of a considerable number of experienced men who have played several years all of which makes them a formidable aggregation which Tecumseh again found out.

The Tecumseh backfield was unable to make any consistent gains and were repeatedly thrown for losses or held for downs. Van Winkle, whose picture appeared in the Telegram last Saturday as the Tecumseh star, was ineffective against Blissfield.

Tecumseh has a bunch of good players who with a little more experience will show up strong. The game ended with the score of 34 to 0 in favor of Blissfield.

Park Commissioner Met With Committee

Group of Adrian, Tecumseh and Clinton Men Take Dinner at Clintonian—Discuss Plans For State Park Near Lakes.

T. F. Marston of Bay City, a member of the State Park Commission, met with a group of Adrian, Tecumseh and Clinton men last Tuesday to further discuss and formulate plans for the establishing of a state park in our beautiful lake region to the west of us.

After taking lunch at the Clintonian, the committee composed of T. C. Kennedy, T. M. Joslyn, Dr. Geo. Gibson, Capt. Harry Fee and S. H. Perry of Adrian; Geo. Lancaster and H. H. Halliday of Clinton, together with Jos. H. Smith, Wm, Eccles and E. T. Armstrong of Tecumseh repaired to the parlors and laid out plans for putting over the project which will mean so much to this county, now, and infinitely more to succeeding generations.

Mr. Marston is a most genial, scholarly and broadminded man of affairs and he certainly is pleased with the natural scenic beauty of our lake region and its adaptability for park purposes. Its great natural beauty together with its proximity to such great industrial centers as Detroit, Toledo, Jackson and hundreds of smaller places makes it an ideal spot to preserve in its natural state for the use of everyone who cares to spend a few hours or weeks in relaxation close to the most picturesque and enchanting spot old mother earth could provide for the delight of her beloved children. It is a perfect riot of beauty, a veritable Switzerland in America and being on the federal trunk line highway, it will be the mecca of every motorist who loves the great outdoors.

We believe that every citizen of this county will appreciate the action of the Park Commission in taking up this work and that they will assist this committee in every possible way to put the project over and build unto ourselves the grandest monument that ever marked the progress of man. Let everyone boost this great project.

Harlow Brownson Suddenly Expires

Was Injured in Auto Accident—Thought to be Improving Until Called Home.

Harlow Brownson passed away very suddenly yesterday afternoon at 3 o'clock. A little over two weeks ago he and his wife were hurt in an auto accident, Mr. Brownson suffering from severe injury to his spine, which at first paralized his legs. At noon yesterday word from his bedside was very favorable, that he had regained the use of one leg and was recovering nicely, so the news of his sudden death came as a great blow to his friends.

Mr. Brownson was 28 years of age April 25. He leaves a wife and two little sons, Richard and Ray. His mother, Mrs. Richard [illegible], also resides in Te[illegible] and he is survived by one sister, Mrs. Fred Merkle, of Orlando, Fla. and two brothers, Ray and Murray Brownson, of Detroit.

The deceased was a fence weaver in the employ of the American Steel & Wire Co., and in lodge affiliation a Woodman.

The funeral services will be held from the home Saturday at 2 p. m., Rev. W. A. Gregory officiating.

Armistice Service Fittingly Observed

Eloquent Sermon Delivered Sunday Night by Rev. J. J. Preston—Union Meeting Held at Baptist Church.

Armistice Sunday was fittingly observed in Tecumseh by a community service in the evening when the Baptist church was filled and a most excellent address was given by Rev. J. J. Preston, rector of St. Peter's Episcopal church.

The service, over which presided Rev. W. R. Curtis, was opened with the singing of "America." Rev. J. F. Kiskaddon of the Presbyterian church read the Scripture lesson, followed with an anthem by the choir, and Rev. Edward Escolme of the Friends church asked Divine guidance. After the announcements Mrs. R. S. Moore rendered an impressive vocal solo, "Christ in Flanders."

The theme of Rev. Preston's

Killed Interest, Very Sorry For It

Thoughtlessness and Indifference Caused the Trouble—Will Never do it Again.

One of the best citizens of one of our good towns thus spoke when asked why a certain project of vital interest to all was a failure.

Good people of Tecumseh we have an excellent high school building, a splendid corps of instructors and one of the finest student bodies to be found anywhere—and these students are trying to make a success of their lecture course by selling you tickets.

Are we going to stand idly by and see our boys and girls make a failure of this endeavor to further educate and entertain themselves and the people, by refusing or neglecting to buy a ticket to this splendid course?

We cannot afford to "kill their interest" in the best things of life. If we do what excuse have we to offer if they turn their interest to things not desirable?

Answer that before we refuse to assist them in a most worthy endeavor.

"Nothing succeeds like success." In making an effort to come out "financially whole," the students deserve our absolute whole-hearted assistance—that means only one thing—buy a ticket.

We are informed that the students are not receiving the support they deserve and we urge everyone as a matter of duty to our good town, our families and our students to buy a season ticket to this splendid course.

It is a most highly desirable thing to bring into our ctiy, everyone gets his money's worth, it is educating and elevating and above all is the effort of our own boys and girls to better themselves and succeed in a most worthy undertaking.

We must not kill their interest in such things or we will surely regret it later on.

Buy that ticket today.

PASSENGER COACH SEVERELY DAMAGED

A blazing passenger coach near the coal docks was the cause of a call for the fire department last night, but the fire was under control before the firemen reached the sidetrack. The milk train from Detroit lays over here each night, sidetracked at the coal docks. Night Hostler James Day saw a fire in the passenger compartment of one of the coaches and called the depot for help. The men there turned in the alarm. In the meantime Mr. Day ran for the hose attached to the engine, so doing good service while waiting for the department. The upholstery and woodwork of the car were ruined and the firemen had to tear the wainscoating away to get at the fire. The coach was taken to Jackson this morning for repair and another sent from Delray to take its place.

The fire was supposedly caused by some one leaving a lighted cigar on one of the car seats.

E. H. AHRENS BUYS BLISSFIELD ADVANCE

E. H. Ahrens, former publisher of The Herald, has bought the Blissfield Advance and will move there at once. He takes possession November 29.

Mr. Ahrens is an excellent newspaper man and will give the people of Blissfield a long needed good newspaper.

E. H. should be able to keep sweet on the new job as the papers report 8 million pounds of sugar now on hand at the refinery.

Good luck and best wishes.

Enjoyed Program of American Opera

Monday Club Delightfully Entertained With a Musical Treat From Opera "Robin Hood"—Several New Members [illegible]

One of the most delightful musical entertainments given in Tecumseh in many months was the Monday club program of this week. "American Opera" was the theme with Mrs. F. B. Wood leader.

Mrs. J. M. Mulvaney sang "Slumber On, My Little Gipsy Sweetheart" from Victor Herbert's "Fortune Teller."

The balance of the program were numbers from the opera "Robin Hood" with a description of the opera read by Mrs. F. C. Dickinson. The numbers were as follows:

"Though It was Within This Hour We Met"—Mrs. E. T. Rosacrans and F. C. Dickinson.

"Brown October Ale"—W. S. Dickinson.

"The Tinkers"—W. S. and F. C. Dickinson and Lester Waring.

"The Forest Song"—Mrs. Rosacrans.

"A Troubadour Sang to His Lady Fair"—F. C. Dickinson.

"The Anvil Song"—Lester Waring.

"The Chimes of St. Swithens"—Mrs. R. S. Moore.

"There Will Come a Time"—F. C. Dickinson and Mrs. Rosacrans.

"O Promise Me"—W. S. Dickinson.

Closing Song—F. C. Dickinson and Mrs. Rosacrans.

Previous to the program the names of Mrs. Perry Satterthwaite and Mrs. Louis S. Schnaider were added to the membership role.

Next week is the annual "Sunshine Day" when the inmates of the county [illegible] will be remembered. Mrs. [illegible] will be leader [illegible] and others [illegible] program [illegible] supper is to be served for which all are to bring their dishes.

Attempted Hold-Up Didn't Stop Autoists

Stveral Auto Loads of Tecumseh People Have Unique Experience—Bixby Hill Scene of Action.

While returning from attending the first number of the artist course at Adrian last Monday evening, several auto loads of Tecumseh people nearly met with what might have been a real hold-up if appearances count for anything.

Wm. Eccles drove one car, General Fred Wood a second, Dr. H. R. Conklin a third and Frank Turner the fourth, all having a load of Tecumseh people who attended the Salvi concert. When enroute home about 10:30, these cars all passed over the new Adrian-Raisin stone road which crosses the river just north of the city about two miles and which leads up a long hill known as Bixby hill.

As the cars approached the middle of the hill a man dressed in a long grey coat stepped out in front of the cars and waved a white cloth trying to bring them to a stop, but some one had presence of mind enough to note something was wrong and said "give it the juice" and each man accordingly shot straight by instead of halting. As the cars passed by him they saw an auto parked by the side of the road with lights out and headed down hill where he could get a quick start. Three of the autos were likewise flagged but none of them stopped hence the mysterious man and his wants are not definitely known, but it looked mighty like a hold-up as there are houses just at the brow of the hill where he could have gone to summon help had he been in trouble. And the fact that the car showed no lights and was parked out of the road headed down hill right in the middle of this long hill where motorists going past would naturally slow up makes it look considerably like an attempted hold-up.

None of the cars stopped and summoned the officers, hence it is probable that the man disappeared without molestation. It is getting to be altogether too common for motorists to be stopped and relieved of any spare change to make the matter funny, and likewise these hair-brained knights of the road are mighty careless with their shooters, hence it probably was fortunate that our good people had their wits about them and did not stop to assist (?) this individual.

Frank S. Turner, who drove the first car homeward bound, says that he was not stopped but that he noticed the car parked by the side of the road as he passed by. The other three were flagged.

METHODIST LADIES' SUPPER HUGE SUCCESS

One of the largest crowds that ever attended an ordinary church supper was present at the Methodist church last Thursday night and were served to one of the most delectable suppers that one could properly wish for.

About 240 were served at three sittings and the rooms are very commodious and well arranged. The service was excellent considering the large crowd that repeatedly filled the tables, and it was by hard work and excellent management that all were so nicely served. The ladies of this church certainly know how to prepare the evening meal and their fame must have travelled far as one noted the distance that some came to partake of the results of their culinary art.

Nearly $100 was cleared from the supper.

FIRST AUXILIARY ENTERTAINS.

The first Woman's Auxiliary to be organized as an adjunct to the American Legion has been formed at Clinton, and last Monday evening entertained the ladies of Clinton and vicinity who assisted them in the Victory day celebration.

The first number on the program was a song by the Girls' Glee club followed by a reading by Miss Goodwin after which Miss Mary Mackenzie of the Home Service department of the Lenawee County Chapter of the Red Cross gave a most inspiring talk on the work of the Red Cross. This was followed with a solo by Mrs. J. R. Clark.

Over 100 ladies were present and all spoke very highly of the good time provided and of the honor coming to Clinton in organizing the first auxiliary in Lenawee county.

Editorial Comment

Some people often wonder why others get ahead in this world while dame fortune does not seem to smile on them. The reason is not one of luck, and it [illegible] doubtful if that fickle element ever enters into prosperity except in rare cases.

It is a plain case of using one's head and acting according to what our best judgment dictates. Within the last two weeks it has been our pleasure to "look around" nearly every store in Tecumseh; and it was a bit surprising to us to see what immense high grade stocks of goods in every line are carried in these stores, and to note the variety of choice offered.

We believe we are very conservative when we say that the merchants of Tecumseh carry one of the best and most extensive lines of up-to-the-minute merchandise to be found in cities many times our size. And the prices put upon these goods are often many times lower than they can be bought for elsewhere. We have several instances in mind that prove to us that this is one of the most economical trading points in Southern Michigan, and when special sales are offered it is the height of "good luck" to just use your head and stock up on all lines needed. Coming in the face of winter right now it certainly is a great thing to be able to know that one need not step outside the city of Tecumseh to get the biggest bargains that have been offered in a long time.

And remember that we are all wage earners. When we buy at home we not only get full value in goods but we leave the dollar right here in Tecumseh where we all can get a chance at it again. It rolls around from one to the other and keeps up its ceaseless work for the betterment of this community; but when a dollar is sent out of this community IT NEVER RETURNS. Its use to us has vanished. It has gone to another home and we must get along without it. That is "killing the goose that lays the golden egg". It is the worst of judgment, never brings satisfaction and merely contributes to the welfare of some other community at the expense of our own. It certainly is not reason or sound sense that proposes that we send away from home the very thing that we all want to keep at home. It is the allurement of the rainbow, the hypnotic influence of word pictures and gaudy display that over balances our good judgment and ere we are aware snatches our hard earned dollars and ships them out of the country never to return. Buy it in Tecumseh and you invariably buy a full measure of satisfaction in the goods you get and you have kept the dollars right here at home for still further use.

Money is an agent of happiness, i. e. it is a most wonderful Genii who does our every bidding. It flys to the stores for goods, it commands the services of the good physician who brings us health and saves the loved ones, it provides us with food, clothing, shelter and warmth. In fact it does so much for human happiness that we all strive to get as many dollars as we possibly can in order to increase our store of happiness.

Then why send these little messengers who can do so much for us out of the community? It is not sanity to do so when we think of it in the true light. Lt our motto be BUY IT IN TECUMSEH for then we get the goods and WE KEEP THE MONEY TOO. Read the merchants sales talks in this paper and take advantage of what they have to offer.

And remeber that when a merchant or any man writes down in black and white and signs it—exactly what he does in his advertisement in this paper—you can rest assured that he is telling you exactly what you may expect to find when you buy of him. It is a bona fide public guarantee and satisfaction always follows trading with such merchants. They know their goods and are not afraid to "say it loud" just what they are and what they will do.

When your dollar buys satisfaction it has done all it can for you until you need it again. BUY IT IN TECUMSEH, and you buy not only complete SATISFACTION but you KEEP THE MONEY TOO. That is the acme of good business judgment and it insures the highest degree of prosperity for every person living in this great community.

In ye olden time men built stockades around their homes to keep away the wolves and Indians. Today men build up a good bank account to provide for that day when our earning powers are gone.

A woman's age is something she nearly always fibs about, because if she tells the truth, people say "she's older than that."

The Northwest circle of the Ladies' Union of the Baptist church met Thursday afternoon at the farm home of Mr. and Mrs. Jacob Rentschler for the monthly business meeting. During the business session it was decided to elect officers in December, instead of April as was done formerly. Delicious refreshments of home-made bun sandwiches and coffee were served. There were 14 present. The next meeting will be with Mrs. A. VanValkenburg in December.

A letter from Mrs. Cecil Billington of Detroit states that her husband and his mother, Mrs. Rosetta Billington, of Tecumseh left Detroit last week Thursday for Florida. Mr. Billington will return home about Thanksgiving. His mother plans to spend the winter in Florida.

Last reports from Messrs. Cook, Simmons and families, who are motoring to Florida, gave the information they were about 150 miles from their destination, probably Eustis. They were enjoying their trip and were having the finest of weather. Mr. Cook had plenty of car trouble, having broken two springs and some gearing, besides experiencing tire trouble. At one place they encountered sand that was up to the hubs.

The manly art of self-defense is apt to go wrong when it encounters a woman's eyes.

ENJOYED PARTY AT THE CELERY FARM

As a sort of after harvest celebration, the employes and families on Lawrence Derby's celery farm west of Tipton arranged a party for Friday night to be given at the farm house, the home of Bert White and family.

Twenty went from Tecumseh in J. H. Elliott's bus. At the farm they were joined by 14 more and the way that chicken supper, served pot luck, disappeared was marvelous.

Pedro was on the program and soon up came the rugs and everybody danced until early morning. Thanksgiving decorations were used about the house, prominent among them being the gay celery tops. The inspiring spirit of the affair was Harry Tillbury.

ABOUT COKE

We have some coke about the size of chestnut hard coal. It is very hard, but requires little draft, burns clean and makes no smoke. Price, as it is, per ton $12.00; or $14.00 if screened.

We have customers who claim it is in every respect as good as hard coal. On the other hand, we find some who do not like it at all.

The only way for you to know whether you can burn it satisfactorily is to buy some and try it, straight or with your small supply of hard coal.

If we had any gas house or domestic coke we would have to charge $18.00 to $20.00 per ton, so you can realize how much below market price we are selling this coke.

It is impossible to buy good Pocahontas coal and you will find a big shortage in hard coal. There is not enough of either kind to anywhere near supply the demand.

All kinds of soft coal are being offered for sale. Most of it is run-of-mine, with very little lump. Then again some of this coal is fairly good, but the most of it is poor for use in heating stoves or furnaces on account of the fine coal and smke. We are doing our best to get good coal for our four yards—Tecumseh, Clinton, Cone and Pentecost—but it is not an easy task nor will it be for at least 30 days.

Get your order in early and we will tell you exactly about the quailty of our different grades of fuel.

BRADLEY OPERA HOUSE ATTRACTIONS

Big Production at the Bradley.

A picture as clean, as fresh and as sweet as a May morning is the way "Anne of Green Gables," which will be seen at the Bradley opera house next Sunday evening, November 21, is billed and if ever a picture fulfilled this description "Anne of Green Gables" does.

"Anne of Green Gables" is a picture that has friends in every household, hundreds will rejoice to know that at last they may really meet the dainty little "Anne" of Montgomery's four "Anne" books, brought to life on the screen and with the bewitching, charming and captivating Mary Miles Minter in the role of the sunny-tempered little orphan.

"So fine and clean that it was a pleasure to have our people see it." That's the way Rev. Frederick H. von Sump, pastor of the Trinitarian Congregational church of New Bedford, Mass., speaks of "Anne of Green Gables" after a Sunday showing recently given in his church. That is about as good a recommendation as any picture could ever expect to receive and this big production of "Anne of Green Gables" lives up to all of the good things that can be said of it, too.

On Saturday evening, November 20, Tom Moore is billed in "Heartsease" which is a picture for the whole family. It appeals to young and old—persons of all tastes and fancies. It is entertainment that elevates and inspires. It satisfies. Tom Moore, good as he is, has never appeared in a stronger or more forceful production than "Heartsease." A big Sunshine comedy is also on Saturday night's program and Mr. and Mrs. Carter DeHaven will be seen in a new comedy Sunday evening.

MEN'S BANQUET IS A BRILLIANT SUCCESS

(Continued from Page One.)

the principal speaker and he is always good. In fact the doctor was at his best last evening and by his abundance of humorous stories and pithy sayings he commanded the closest attention of the audience. The doctor explained that he is not a pessimist but a distinct optomist and yet he believed that unless the industrial and other unrest throughout the country is at once considered and its causes removed, we shall finally see the greatest government of the people and by the people perish from the earth.

Dr. Perry also spoke of the work that is being done to assimilate and make American out of the hords of foreigners who are daily pouring into this country. His logic and arguments were faultless and his felings intense concerning the necessity for everyone to wake up to our menace and do his part in bringing these dangerous questions to a lasting settlement. He quoted Judge Weist of Lansing as saying that our government is in grave danger from these elements who are seeking to destroy it by appeal to the misunderstanding of unassimilated foreigners and discontented elements everywhere. His appeal to the Legion and to every right thinking citizen was stirring and should leave no uncertain impression with everyone of us what our immediate duty is regarding removal of the causes of unrest and the assimilation of illiterate foreigners who misunderstand our glorious government.

The last speaker was Benj. Bellows who took the place of the regular speaker who was unable to be present. He was a very earnest speaker whose conception of the work and duties of the Legion were most convincing and if his arguments are followed this great body will continue to "carry on" and be one of the strongest forces for preserving our glorious country in all its grandeur.

During the program Mrs. Eugene Rosacrans rendered one of her delightful solos which was received with a tremendous encore to which she most happily responded.

Miss Mary Mackenzie was called on and she, too, gave a most inspiring talk upon the work of the Red Cross and outlined to the boys how they can be assisted in preserving their rights and maintaining their personal affairs with the government. At the close of the meeting a table was soon filled with ex-service men who were seeking for more information concerning those things just spoken of.

It was indeed a wonderful meeting and as a community gathering a most distinct success. The Legion boys are certainly to be congratulated upon the entire matter, which from first to last was indeed a brilliant affair.

After the close of the men's banquet last Wednesday night, Miss Mary Mackenzie, assisted by department officials, made application for 12 Victory medals, found two compensation claims, took 14 discharges to record, made fourteen applications for clothing, converted one insurance claim. Surely a good record for this great work.

Why does the average man always get less credit than he thinks he is entitled to, and more than he deserves?

WITH THE PRESIDENT-ELECT IN THE SOUTH

This is an exclusive picture which has just arrived from the south, where Mr. Creager and Mr. Scobey are acting as hosts to the Harding party. ARE YOU A MEMBER OF AMERICAN RED CROSS?

The fourth annual Red Cross Roll Call is now in full progress. If you have not already joined the American Red Cross, do so before Thanksgiving day, November 25.

Surely everyone is aware of the wonderful work of the Red Cross during the war, but this is no time to exult over past achievements. Let us rather look into the peace time program of the American Red Cross to find out why your financial support is needed at the present time.

Almost every day the newspapers relate how the American Red Cross has come to the relief of victims of famine, fire, flood, pestilence, earthquakes or other calamities of nature.

The American Red Cross is still busy caring for 26,000 wounded soldiers and sailors and extending a helping hand to hundreds of thousands of ex-service men in adjusting their claims upon the government.

The Red Cross is conducting an energetic campaign for securing more visiting nurses to fill the demand for visiting nurses coming from every corner of the United States. Is it not worth while to know that a visiting nurse in Lenawee county is safeguarding the health of every school child in the county? Help extend this service to every county in the United States.

Health centers are maintained by the Red Cross based upon a new conception of the common sense philosophy of not merely curing the sick but of keeping people well.

The Junior Red Cross is developing in the school children of the county ideals and habits of sound citizenship which mean more, perhaps than anything else for the future safety of our American democracy.

A congressional charter was granted the American Red Cross January 5, 1905. This makes it THE ONLY OFFICIAL ORGANIZATION in the United States whose sole purpose is caring for all those in affliction—regardless of race or creed.

So be one of the 15,000,000 to join the Red Cross this year. Have your contribution all ready so when the solicitor calls upon you there will be no loss of time.

"All you need is a heart and a dollar" to assist in this wonderful work of charity and mercy.

D., T. & I. TO ISSUE VALUABLE DIRECTORY

The D., T. & I. railroad, under its new policy of extending greater facilities to its shippers and receivers of freight at all points between Detroit and the Ohio river, has decided to publish a beautiful cloth-bound industrial shippers' directory for free distribution throughout its own as well as the territory tributory to its line.

The directory will list the names of all receivers and shippers of freight, tracks upon which located, private sidings, team and industrial tracks, scales, switching charges and arrangements to and from connecting lines, and will also contain a brief history of the cities and [illegible] the line runs, with information on waterways, soil and possible future development in industrial and agricultural pursuits.

Geo. M. Henry, industrial agent, Detroit, has charge of publishing the directory, and will receive all requests for inclusion of any information that may be found desirable or that will enhance the directory's value as a publicity medium. It is planned to issue the directory annually, and Tecumseh is included with others on the line.

THANKSGIVING DAY PROCLAMATION

By the Governor.

"Praise waiteth for thee, O God in Zion; and unto thee shall the vow be performed.
Thou crownest the year with thy goodness; and thy paths drop fatness.
The pastures are clothed with flocks; the valley also are covered over with corn; they shout for joy, they also sing."

Following the custom established by our fathers nearly 300 years ago, it is entirely fitting that we should set apart one day in the year as Thanksgiving day.

We have gathered this year a most abundant harvest. We have enough and to spare. Our own people will be fed, and out of our abundance we shall help to satisfy the world's hunger. For this and other blessings, for peace at home and abroad, for the general spirit of content, for work to do and the will to do it, the people of Michigan may well give thanks and make solemn and public acknowledgement of their debt to the Most High.

Therefore, I, Albert E. Sleeper, governor of the state of Michigan, do hereby join the President of the United States in designating Thursday, the twenty-fifth day of November next, as a day of Thanksgiving and prayer.

Given under my hand and the great seal of the state this fifteenth day of November, in the year of our Lord one thousand nine hundred and twenty, and of the Commonwealth the eighty-fourth.

ALBERT E. SLEEPER.

ARMISTICE SERVICE FITTINGLY OBSERVED

(Continued from Page One)

address was thanks to the Almighty for the victory, the appreciation of the allied powers at the entrance of America in the war with her victorious army and a tribute to the memory of our heroic dead.

He pictured vividly the plans of the enemy and the dark hour of the allied powers when this decisive factor entered the struggle and their appreciation therefor. He asserted the security of civilization is a solemn trust to the Anglo-Saxons, as was Israel the vehicle through which the Master was revealed to the world. As the hands which do the Lord's work must be clean, so must we see that everything in our life is clean in accord with the will of God.

We honor our nation's noble dead, for through them has our liberty been preserved. The speaker told the Legion, men present that their organization was to bond all ranks together in one great brotherhood. He advised them to insist upon a higher test of citizenship for the foreigner coming to our shores, that he be made amenable to our laws. It is not good for a country to have inmates who will not be a part of it, but segregate aside. "But you can depend on the loyalty of the church" said the rector.

Touching indeed was the tribute he paid the boys who had made the supreme sacrifice. "Let us never forget the homage and debt we owe to them. They gave all they had."

In the audience were a company of Legion men, a very few G. A. R.'s and Rev. Curtis' companies of Boy and Girl Scouts.

It was a splendid meeting and fittingly commemorated the recent stirring events in which our men and arms were granted such a glorious victory. May the heroic acts of sacrifice made by our beloved boys always remain an inspiration of loyalty even unto death, to all of us who live and love our glorious flag.

(Continued from Page One)

narrative of intense interest whose incidents are yet so vivid on memory's page.

The celebration started with a parade through the business district and up to the high school which was headed by the Tecumseh Ladies' band assisted by a few others. Though the evening was biting cold two brave little Girl Scouts headed the parade to the school house. Then came the Ladies' band. Scoutmaster Laidlaw led Troup 1 of the Boy Scouts while Rev. W. R. Curtis headed Troop 2 and his Girl Scouts.

About 80 Legion men were in command of R. K. Anderson. In line were a major, a couple of lieutenants, a captain, and lesser officers.

After a selection by the band, John Larsen with a few well chosen sentences introduced Congressman Earl C. Michener who with Mrs. Michener had braved the cold in driving over from Adrian to show the boys they had not forgotten their work in the service. Mr. Michener opened his address by commending the community on erecting such a fine school building. He spoke, too, of our excellent organization, the Ladies' band, saying we always have had excellent musical talent for which he could vouch as he followed Prof. Chas. Skinner in the Spanish-American war. Cong. Michener visited France in April, 1919, with the war commission so understood beter than any but the boys themselves, what they went through, and could speak with true appreciation. His work for them in a compensation way has been loyal both at home and in congress. To quote occasional sentences from his address: "Our entrance in the war was necessary in self defense. Now is left a social unrest abroad. Men are thinking and acting differently than before. But we enter the unchartered sea ahead with full of confidence in ourselves, our nation, our God. The pride of America is that you were citizen-soldiers and unfurled our flag for the first time in the old world. From the first battle you won the admiration of the whole civilized world. You settled once for all that our government should be of the people, by the people, for the people. * * * This is the land of freedom. We want more of the golden rule, less of the rule of gold. The stranger who comes to our shores must accept our laws, adopt our flag. We must have an elimination of allegiance to any other country. The Goddess of Liberty in New York harbor will command as well as welcome.'

"The potentiality of this great Legion rests with you. You can be a wonderful power. Keep your eye on the government, make it better, take an interest in it."

He commended highly the commander of the Legion, R. K. Anderson. He, like the other buddies, had given up business and home and gone into the service, prepared to sacrifice his life if need be and his comrades had appreciated this in making him their commander. At the close of Mr. Michener's address the Legion and audience led by Mr. Larsen gave him three rousing cheers. The victory medals were presented by Mr. Anderson with very appropriate remarks. Each man in oversea service and the families of those whose lives were given in the sacrifice for freedom being the recipients. It was indeed a touching ceremony when the men filed to the front to accept the little tokens of their service.

The strains of "The Star Spangled Banner" brought the great room full of people to their feet and all stood at attention while Bugler Claire Dickinson blew "Taps" in honor of the boys who had made the supreme sacrifice.

After the services at the high school the boys came down town and touched off a huge bonfire in front of Witherell hall but as it was composed of pine boxes and barrels, it made a brilliant fire but of short duration.

As the music had already started in the hall, the streets were soon deserted for the waxed floor, and to the inspiring strains of Bracey's orchestra one and all were soon tripping the light fantastic. The remainder of the evening was spent in dancing and it was in the wee sma hours when someone whistled "lights out" and the last couple deserted the hall.

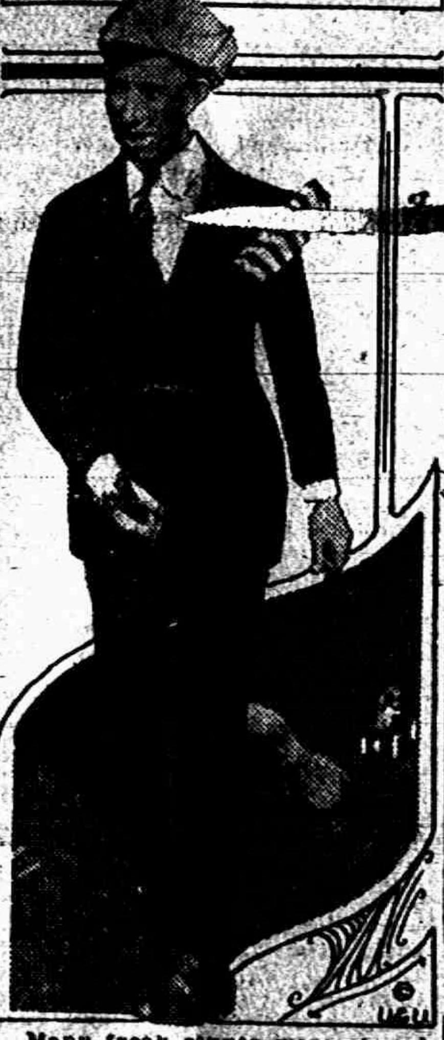
HE BET AND LOST



Many freak stunts were staged as a result of election bets. This fellow had to gallop down the street yelling "fire" and pulling a toy fire engine after him. To make it still more conspicuous he was obliged to ride a broom.

The American people are intelligent and avaricious readers. Nothing of importance escapes their attention, but above all the old home paper is scanned the closest.

A TECUMSEH INTERVIEW

Mr. Aylesworth Tells His Experience.

The following brief account of an interview with a Tecumseh man 11 years ago, and its sequel, will be read with keen interest by every citizen.

A. C. Aylesworth, vice-president Tecumseh State Telephone Co., W. Chicago St., Tecumseh, gave the following statement December 4, 1908: "About four years ago I had severe attacks of lumbago, which I felt sure were caused by my kidneys being disordered. I finally heard of Doan's Kidney Pills and began taking them. After using Doan's for a month or more, I was relieved of the trouble. I have had no recurrence of the trouble since and am sure that the use of Doan's Kidney Pills is what effected this cure. I gladly give my name for use in the local papers, and hope those suffering from kidney trouble will be benefitted as I was."

On May 3, 1920, Mr. Aylesworth said: "I think more highly of Doan's Kidney Pills today than when I recommended them in 1908, as the cure they made for me at that time has remained permanent."

GOITRE

Caused Dreadful Choking for This Owosso Man—Relieved in Two Days by External Remedy.

Note: It would be illegal to publish these statements if they were not true.

Floyd Sprague, 620 Grand Ave., Owosso, Mich., says in his own home paper, the Owosso Argus Press: "I have been the victim of internal goitre for 12 years, and have tried various treatments without any relief. It was without much hope of success that I started in with Sorbol Quadruple. But from the second or third application I felt free from that dreadful choking sensation, and have been enjoying some real nights' sleep. The old dizziness and weak spells have left. Do not know what your remedy is composed of, but know that it is full of relief for what it is sold. Please accept these few lines as part of the thanks I think due to you and your truly great remedy. If anyone wants to know my experience direct, I will gladly answer them."

Sorbol Quadruple comes in small bottles containing enough for most cases. It will not stain or irritate. Does not interfere with daily work. Leaves the parts in healthful normal condition. Requires 10 minutes daily.

TIPTON

Lumber Yards Burn, Loss Heavy.

This village was the scene of much excitement Sunday afternoon between 3 and 4 o'clock when the news was flashed over the telephone lines that the Tipton Lumber Yards were on fire. Many rushed to the scene but it had gained such headway and the heat was so intense that there was little that could be done. Some lumber was saved, but not very much. The yard is owned by the Tipton Lumber and Supply Co. The concern recently installed machinery to grind feed and began grinding only last week. The loss will be felt by the whole community, as many had planned on the time that would be saved in going to mill this winter.

The yard was well stocked and was conveniently arranged.

In response to call for help the Adrian fire department sent a truck equipped to pump water and this did valient work throwing water to the capacity of 2,500 gallons a minute for about two hours, the water being taken from the pond located across the street.

The large piles of lumber and posts burned all night and it was still burning Tuesday morning.

The truck which was used for delivery purposes was also destroyed by the flames. The total loss will run into the thousandsof dollars.

Buildings in the path of the flying embers were ignited numerous times but careful watching and quick action of those present these flames were extinguished and the damage confined to one place.

Many from Adrian, Tecumseh, Clinton and other nearby towns drove to the scene.

The Be Square class of the M. E. Sunday school met at the McClure home east of the village. Unbeknown to the hostess the young people had turned the party into a shower for the son and wife, Mr. and Mrs. Clifford McClure. The evening was spent in games, music and the young couple received several useful gifts for their new home.

Mr. and Mrs. Wm. Burns were very pleasantly surprised last Tuesday, November 9, when their children, grandchildren, relatives and friends to the number of about 20, walked in and informed the surprised couple they had come to celebrate their 50th or golden wedding anniversary. A bountiful pot luck dinner was brought by the guests which was greatly enjoyed by all and the afternoon was spent in visiting. Those from away were Mr. and Mrs. Krause and Mrs. Hawk of Grass Lake.

Foley's Honey and Tar is the best known and most successful family cough medicine on the market and the following letter is positively true and genuine:

Says "It Acts Like Magic"

Gilbert Fleming, 3911 Budlong Av., Los Angeles, Cal., writes: "I have much pleasure in testifying to the very great benefit my family and I have derived from the use of Foley's Honey and Tar. It positively acts like magic, and to my mind there is nothing on the market that can compare with it. Whenever there are any of our household suffering from heavy colds or bad coughs or hoarseness, we at once get a bottle from our local drug store, and after one or two doses obtain instant relief. Your company deserves great credit for such a valuable production and from our own experience we cannot do otherwise but recommend it to our friends and this we willingly do and will continue to do so."

Union Thanksgiving at Friends Church

Rev. W. A. Gregory Preached Splendid Sermon—Big Crowd Offers Thanks for Our Manifold Blessings.

A community Thanksgiving service was held on Wednesday evening at the Friends church, the pastor, Rev. Edward Escolme, having charge of the meeting.

The address was given by the Rev. W. A. Gregory, pastor of the Methodist church. Opening with an illustration from Greek mythology in which was portrayed the anger of the Goddess Minerva at being neglected, the speaker asked whether Americans can truly be said to practice the art of real appreciation, not so much for the large mercies, but for the everyday benefits that we accept as a matter of course.

"A large proportion of our population would be just as satisfied under any other flag as that of the U. S. A. provided only that it did not interfere with their personal habits of life. Do we appreciate the sacrifices of the past which have made the present possible."

That God helps those who help themselves was illustrated by the story of the preacher's Thanksgiving turkey, but the speaker was careful to point out the danger attending a too literal interpretation of his illustration. Passing on to the story of the ten lepers, Rev. Gregory showed that true appreciation was no more common in the days of the Man of Nazareth than it is today. Nine out of ten forgot to say "thank you."

Undoubtedly the tragedy of the Man of Galilee was the fact that He was not appreciated.

Have we any reason for thankfulness.

"Draw near the board with
bounty spread
And, if in its accustomed place
We see the father's reverent head
The mother's patient, loving face.
What e'er the year hath brought
of ill
Thank God that these are left you
still.

LEGION LOST MONEY.

The big men's banquet given by the American Legion at the high school last week was a success in every way except one—the boys lost about $20 on the big doings. However, they expressed themselves as entirely satisfied with a financial loss as the big meeting was called solely to boost our town and country and it was certainly a roaring success.

The Legion deserves great credit for the splendid spirit displayed in doing those things which go to make a better town, state and country, and by their unselfish financial spirit, they add further lustre to the splendid work of the post. Here's congratulations and best wishes for such continued good work.

CAR TIPPED OVER.

Near Whitmore lake on Sunday Mr. and Mrs. Ben Evilsizer and Mrs. Frank Frayer met with an auto accident which fortunately did not turn out so seriously. As they turned a corner they struck some loose gravel and the car turned over. The three occupants were bruised and cut in bad shape but came on home in the machine which bore as the result of the tip over a broken windshield, a torn top and smashed fender. The trio had been to Flint to spend the day with little Ione Evilsizer and the little Frayer girl, their daughters.

Lyceum Number Pleases Audience

John B. Ratto Gives Impersonations of Characters Which Proves Very Entertaining—Hall is Well Filled—Next Number a Winner.

The first number of the high school lyceum course was given at the high school building last Tuesday evening at 8 o'clock. The room was well filled although there are seats for more and it is hoped that these will all be filled for the next number.

The entertainer gave several humorous selections as an introduction and then proceeded to "make up" for the impersonation of the well known characters he represents. The speaker has a good voice and a pleasing stage presence, and his make up representing the great world war characters was most excellent giving the audience a very life-like representation of these men.

His humorous representations were equally good and brought forth much applause from the audience. Probably the school students regarded the monologue of the parson at the football game as the most thrilling while those who enjoy the light fantastic smiled broadly at the old farmer's soliloquy on the old time dance. His "calling off" to the tune of "Turkey in the [illegible] [illegible] many feet to keeping time which certainly have been trained differently and we were surprised at the ease with which some of our good folks kept in step.

His work was first class from the comedy to the dramatic and he carried the crowd with him in rapt attention from first to last.

The next number is a ladies' orchestra on Friday evening, December 17, and this is rated as one of the best attractions on the road so that a packed house will probably greet them. If you haven't a season ticket you better get a reservation at once for this big number, as the house will be taxed to capacity. Good for the high school folks who are giving us something worth while.

BAPTIST LADIES MEET.

The home of Mrs. A. W. Stahler was the gathering place of the Baptist Ladies' Union Thursday. This organization is composed of the Ladies' Aid society, the Missionary society and the two ladies' Sunday school classes. In the forenoon at their meetings they sew for some worthy object, having made fifty waists for the boys at the Oneida Institute, Kentucky. At noon comes the big picnic dinner, then in the afternoon a program. At Thursday's meeting Mrs. A. O. Howard was leader and with Mrs. Helen McNeil led a discussion on various community needs.

HELD INTERESTING MEETING.

The first meeting of the Baptist Brotherhood was held at the home of Henry Beard on Logan street last Monday night.

About 80 men were present despite the steady down pour of rain (which never daunts a goood Baptist) and a very interesting meeting resulted.

The topic was "The Master's Joy" and the discussion was opened by Dr. Steinhoff who was followed by Dan Hall. A general discussion followed which proved very helpful and most interesting.

Miss Edna Taylor then presided at the piano and a good old songfest enjoyed.

A luncheon of ice cream and cake so dear to all mere men closed a very delightful evening. Some of the men tried titles at the game of checkers but no decision was announced.

The host and hostess are to be congratulated upon the genuine success of the evening.

Father and Son Banquet Dec. 6

Committee Has Arranged For Good Time—All Fathers and Sons Invited—Big Feed Prepared.

The annual fathers' and sons' banquet will be held at the Presbyterian church on Monday evening, December 6, at 7 o'clock.

It is urged that all fathers bring their sons and all sons bring their fathers to this meeting and listen to a good program and partake of a sumptuous feed.

These banquets are held all over the country and represent a movement for fathers to take a more active interest in the welfare of their sons. It has proved of great value to all communities where tried out and it is hoped that a big crowd will be present next Monday night at the Presbyterian church.

Rain Does Not Prevent Sunshine

Monday Club Prepared Quantity of Gifts for Unfortunates in County Home—A Splendid Work Well Done.

Although the attendance at the Monday club this week was much smaller than usual owing to the steady down pour of rain, those who did brave the storm found a very interesting program. It was Sunshine Day, so named because on that day of each year the club members bring gifts for the inmates of the county infirmary. And even if the sun did not shine on Monday they prepared the sunshine just the same for the unfortunates as a heaping table of gifts indicated.

Before the program Mrs. George Routson and Mrs. Elvin Bradley were voted in as members.

Mrs. Mary Ives, chairman of the committee on raising the money for the support of a French orphan reported the full amount raised with a little besides.

Mrs. C. N. Graebner was leader of the program, first announcing the singing of "America." Then a reading, "A Thanksgiving Story," from Zona Gates' "Friendship Village Tales," was given by Mrs. J. W. Beardsley.

A report of the October meeting of the Michigan State Federation was given by Mrs. R. S. Moore,

Pneumonia Takes Tecumseh Man

John Kline Ill Only Few Days—Was Rushed to Hospital—Illness Proves Fatal.

John Kline, who was taken to the U. of M. hospital, Ann Arbor, Wednesday, ill with pneumonia, passed away Friday afternoon. The attendants noticed a swelling on his neck that morning and, thinking it must be mumps, put him in the contagious ward, but his sufferings were all over that afternoon at 4:30.

Mr. Kline's mother, Mrs. Paul Kline, in Cleveland, was notified and she ordered the remains of her boy shipped to Cleveland, where the funeral was held.

John was 28 years of age, born in Cleveland of Polish parentage. His name was Kluskinsky, but since his mother married Mr. Kline had taken that name, as his own and by that was known here. When only 19 he lost one of his legs in a railroad accident and learned the cigar maker's trade as a livelihood. It was in this capacity he came to Tecumseh about five years ago, and has worked in the Whiting shop. He has made hosts of friends here, becoming a member of the Knights of Pythias, the Pythian Sisters and the cigar makers' union. He had a splendid voice and has sung several times in the home talent entertainments. Of a happy disposition, he will be sadly missed in the Whiting shop and in his circle of friends.

FRANKLIN

Mrs. E. J. Whelan is now with Mr. and Mrs. C. L. Wisner.

Mr. and Mrs. Earl Luce were callers at C. L. Wisner's Monday.

Mr. and Mrs. Fred Case came home the last of the week from Ogden.

Mr. and Mrs. Clarence Merritt were callers at John Pawson's on Sunday.

It is reported that Lewis' store at Tipton was broken into Monday night and $150 stolen.

Mr. and Mrs. Harry Brown of Detroit have been the guests of John Thielan and family.

Deputy Sheriff Wetherbee of Clayton was in this vicinity on business last week Thursday.

Mrs. Alice Allen and children spent Sunday with her parents, Mr. and Mrs. Charles Tyson.

The Tipton people who started for Florida have arrived at Eustis and are tenting in the rain—no rooms to be obtained.

Mrs. John Pawson and baby, Charles Raynor, are doing nicely. The baby gained about a pound in his first ten days of life.

Ernest Hunt, while throwing down hay Sunday, fell from the scaffolding to the floor, sustaining a broken leg. He was taken to Bixby hospital in Adrian. The break is between the hip and the knee.

Mrs. Jennie Knouse and Mrs. Mary Jolley are Thanksgiving guests at the home of Bert Knouse at Manchester.

HELD UP AND ATTACKED.

Mr. and Mrs. Charles Peoter and son, Ralph, were in Jackson Sunday to see another son, Carl, who is in a hospital in that city with a badly cut and bruised head if not a broken skull. Friday night Carl was driving near Jackson when some one waylaid him and rapped him over the head, presumbly with a piece of gas pipe. At any rate he found himself in a huddle in his car with blood all over his face. He had presence of mind enough to get to his boarding place and his roommate took him to the hospital. On Sunday his condition was so critical that his people could not question him, so they do not know whether he was robbed or not.

Remains Laid to Rest in Brookside

Funeral Largely Attended—Shop Men Go in a Body—Was Held in High Esteem.

The funeral of Harlow Brownson was held from the home on James street Saturday afternoon, Rev. W. A. Gregory officiating. A group of 30 of Mr. Brownson's shopmates from the American Steel and Wire Company's works attended in a body, thus showing their esteem for their friend. The bearers were relatives Ray and Murray Brownson, James McCook, Benj. Butler, George Ellis and Elston Penfold. The remains were laid away in Brookside.

Attending from out of town were the following: Mrs. Emma Harrington of Nashville; James Harrington and family and Mrs. Lloyd Johnson of Jackson; Mrs. Milan Andrews of Albion; Mr. and Mrs. Ben Butler and children of Charlotte; George Ellis and family and Elston Penfold of Battle Creek; Mr. and Mrs. Ray Brownson, Mr. and Mrs. Murray Brownson and little son of Detroit; Mr. and Mrs. Gus Goldsmith and daughter and Mrs. Anna Easlick of Mooreville and Mr. and Mrs. Claude Harmon of Lake Ridge.

Traffic Hampered, Bridge Torn Out

For Past Six Weeks, All Traffic Forced to Detour—Mud Roads Make Auto Travel Almost Impossible to Ypsilanti and Detroit.

Just why the county or state authorities allow contractors to tear out bridges on state trunk lines [illegible] for six weeks without building a safe detour around the bridge is a mystery to us.

Roads are made to travel and at this time of the year, no one is safe trying to negotiate dirt detour roads with their slippery surfaces and soft spots where heavy loads easily sink to the hub making them almost impossible to extricate. Yet this is what the contractors and county authorities of Washtenaw county are making everyone do who desires to get to Ypsilanti or Detroit by auto.

The bridge between Saline and Ypsilanti on the main state road has been torn out for over six weeks so we are informed, and the only detour that does not go through a swamp where it is impossible to get through with loaded trucks (and soon will be for all autos) is over a common dirt road six miles long.

This means that the county of Lenawee and the immense territorry to the west and south of us is virtually cut off from Detroit and Ypsilanti by truck communication which means a loss of thousands of dollers to this territory and to Detroit.

If it is impossible for these contractors to build the bridge in question promptly, and it now looks as if it would not be finished this winter, they should be compelled to make this road passable and safe for all forms of traffic by putting in a temporary bridge over the stream which is not over 14 feet span and thus allow traffic to keep on the state road where it is possible to get through. We hope that those in authority will bestir themselves to correct this condition which means so much to the country, and we belive that those responsible for closing this road and forcing people to detour onto unsafe roads can be made to put in a temporary bridge or build a safe road around this point for the convenience of traffic. It is a matter that should be thoroughly sifted and remedied at the earliest possible moment.

Indian song, in costume—Mrs. Maynard Mulvaney.

"Armenia"—Mrs. J. C. Law Hardy.

Accompanists—Mrs. Fred B. Wood and Mrs. Ella Hodges.

Musical director—Mrs. Fred B. Wood.

The president of the United States, Herbert Hoover and our foreign ambassadors have appealed to the great heart of America, the only hope for Armenia. The oldest Christian nation on earth, the first to receive Christ's message of mercy and to practice it, were the Armenians. On us it depends, if they shall perish off the face of the earth. The American Relief Fund for Armenia is feeding a table of children 20 miles long, ONLY ONE MEAL A DAY.

No tickets will be sold, but a collection taken, and we appeal to you to come and be generous, for every cent given will go directly to the starving children of Armenia, for there are no expenses.

When we give thanks for the bountiful harvests given us, let us send a little of our abundance to those who in Armenia have suffered more for Christ's sake than all other nations.

Mr. and Mrs. Edgar Brees, Mrs. Burley Brees and little daughter were in Jerome Sunday, guests of Mrs. Burley Brees' parents.

CREATING BUSINESS

The biggest business concern in this great country of gigantic business operations was made. It did not grow from natural conditions in the sense that trees grow, neither was it discovered like our immense deposits of coal. Business is not a natural resource, it is man-made pure and simple. It is a created commodity.

The millons of dollars that annually flow into the coffers of our catalogue houses in Chicago, go there because the men operating these concerns created the immense business they now enjoy. They created this business from nothing except what every town and hamlet in the country posseses to a far greater degree, viz. advertising facilities.

These houses will send every family in this state a nine pound catalogue, the blank paper alone of which it is made costing them nearly $1.50, and all printed and bound for how much? About 20 cents if you care to send it, otherwise nothing. Think of what this amounts to in advertising? Two dollars worth at least in every home, and IT PAYS. It does not take argument to prove that. The very fact that these men have made their millions off the people who buy from them proves they have made large profits.

It is the silent salesman who is always welcome to the home and to whom the people listen with open minds and whose decision to buy what he offers, is made under his influence, that CREATES BUSINESS.

Read any of our national magazines, the Saturday Evening Post or Literary Digest, and see how business is created and at an enormous expense, but it pays.

Tecumseh is geographically located not as favorable as many other towns but the business men of this town have been progressive and have created an immense business which is steadily growing. By going to the people with that powerful silent salesman, their personal representative, through the columns of the old home paper, they have informed the entire community concerning the merits of goods, costs and services that can be obtained right here at home.

The result is that Tecumseh is one of the biggest and best trading points in southern Michigan. The business is rolling our way and by this extension of business every merchant has been enabled to cut still lower his already low overhead expenses, and the people get the benefit of better goods at still lower prices.

It is but plain sound sense to say that every man mut pay his operating expenses first and then add a reasonable profit or close up shop. The overhead expenses are the same whether we sell to five or twenty-five customers, hence it is easy to see that the greater volume of business we do the less overhead charge is made against each customer, and the price is made less with the same margin of profit. It is volume of business that enables merchants to carry big stocks and offer them at low prices.

This is especially noticeable in our own good city of Tecumseh, By creating a large volume of business, the merchants here are able to carry a big stock of superior merchandise and offer it at prices much below what is asked for inferior stuff in the nearby towns, and we have only scratched the surface. We can go on creating business just as fast as we can take care of it. We have the cheapest and best facilities for creative work ever known, our sales talks to the people through the columns of this paper. The best, most earnest and strictly honest salesman whose information is up to the minute on every form of commodity, travels every week between the stores of our merchants and the homes of the good people who make up this live, progressive community. He is welcome in every home and stays several days with the family, making them acquainted with all the latest news of the day, giving them accurate information as to where they can find the latest goods and best buys to be had in the whole land. He laughs with the gay and grieves with those whose hearts are heavy with sorrow. He is interesting and cheerful, possessing a charm of personality and such a hopeful message of courage, high ideals and strength of purpose that he has a standing invitation good for one year to visit each and every home in this great community once each week and stay at least six days out of every seven, and then he is sent to the great far country where son or daughter again greets him like a long lost brother—that is what the old home paper is and does.

He is the greatest creator of business and the most welcome visitor into every home, that history records since the mind of man runneth not to the contrary. Tecumseh is still creating business and that is why it is truly recognized as the greatest little city on earth.

THE UNIVERSAL CAR

The Ford Sedan

This splendid car is growing more popular every day, because every day the demand for the enclosed car increases in volume, and when you think that the Ford Sedan, with all its comforts and conveniences—an enclosed car, handsome in appearance, roomy for five passengers, nicely upholstered, sliding plate glass windows which make it an open car in a minute or so or a tightly closed car that is dustproof—ready for service every day of the year, rain or shine, summer or winter, and then think that this car is lower in price than any touring car (except the Ford car) and you will not wonder that we ask you to leave your order for a Sedan as soon as possible that we may be able to give you reasonable delivery.

Of course, you cannot forget that matchless and reliable "Ford After-Service" that follows every Ford car the world over—always within arm's length a reliable Ford dealer or authorized Ford garage that can tune up your car and keep it in running condition every day in the year. We want your trade.

Tecumseh Big Chief Garage

MONDAY WE RECEIVED word from one of the largest miners of Kentucky coal to the effect that the majority of miners are now mining nothing but mine run, which means 50 per cent slack and 50 per cent lump, and that the difference in price between run of mine and lump is $1.50 to $2.00 per ton.

It is a fact that some of the cheaper coals are being offered in lump at fairly reasonable prices but one trial is usually enough for you to realize the better grades are the cheapest at any price.

We will have quantities of that good grade OHIO LUMP from now on and advise you to place your orders well in advance.

Regarding the price on this OHIO Lump, we will at all times keep it as low as the market will allow.

TRUE THANKSGIVING SPIRIT.

The Methodist congregation and Sunday school took up the Thanksgiving idea heartily, giving generously from their own stores to the "shut-ins" of the village. Sunday morning during the Sunday school hour, into the lecture room filed the smaller classes in each little hand clutched a potato, or an apple, a [illegible] cabbage or sack of good things. These were heaped on the platform as a nucleus of the larger contributions of their elders. On Tuesday the church was open all day to receive these gifts which included baked and canned goods, vegetables, apples, clothing—anything to make the life of their less fortunate brothers more comfortable. Yesterday these were distributed among 18 or more families of this vicinity. Mrs. William Waldron was the general chairman.

MARY E. BARBER PASSES ON.

Mrs. Mary E. Barber passed away Thursday afternoon after an illness extending over several years. For over two years Mrs. Barber had been confined to her bed at the home of her daughter, Mrs. A. J. Wonder, on West Kilbuck street and having to be cared for like a child during the past few months. But through it all she has received every loving attention from Mr. and Mrs. Wonder and their children.

Obituary.

Mary E. Barber, daughter of John and Eliza Densmore, was born in Hanover, Mich., August 21, 1844.

She was converted in the M. E. church at an early date but was united with the Friends over 40 years ago. Her self-sacrifice, patience and genial hospitality in her own home both as mother and hostess linger as a sweet memory in the minds of her children and many friends. In her home visiting ministers found a hearty welcome always.

On account of poor health she and her husband, Luther J. Barber, came to make their home with their daughter, Mrs. Andrew Wonder, in Tecumseh, Mr. Barber passing away June 23, 1914.

She became a member of the Friends church here, being faithful in attendance as long as health permitted and faithful to the end. She had a sweet disposition, her trust being in the Lord.

She leaves a son, Edgar L. Barber, of Jackson, a daughter, Mrs. A. J. Wonder, of this city, one brother, E. J. Densmore, of Benton Harbor, Mich., also six grandchildren and six great grandchildren.

The funeral services were held at 2 o'clock Sunday afternoon at the home of Mrs. A. J. Wonder, the Rev. Edward Escolme, pastor of the Friends church, officiating. Burial was in Brookside cemetery.

Those present from out of town were Mr. and Mrs. Edgar L. Barber and Mr. and Mrs. S. A. Snellenberger of Jackson; Mr. and Mrs. Arthur Wonder and daughter, Helen, of Detroit; Mr. and Mrs. LaVern Wonder and daughters, Dorothy and Virginia, of Adrian.

NEW STAR COMING IN BRILLIANT COMEDY

A new star, a remarkable cast of famous players, and an internationally renowned comedy, form a "three-ring circus" of attractions which the management of the Bradley will present next Sunday evening, November 28. The combination is made up of Wanda Hawley, recently created a Realart star; a cast composed of Harrison Ford, Helen Jerome Eddy, Walter Hiers and Jack Mulhall; "Miss Hobbs," the famous Jerome K. Jerome stage success, scenarized by Elmer Harris.

It is sledom that a new star is launched so auspiciously. With capable support and a story that every critic in the country has ac-[illegible] for its humor, [illegible] Hawley should make the same tremendous hit in "Miss Hobbs" which was evident during her long months of apprenticeship as a leading woman in numerous distinguished picture dramas.

Madge Kennedy Saturday Night.

Next Saturday evening November 27, the management of the Bradley opera house will offer dainty Madge Kennedy, known to her thousands of screen friends as "the girl with eyes and the smile" in a new production, "Daughter of Mine," in which this pleasing little star once more demonstrates that her talents know no limitations.

"Daughter of Mine" is a chapter from every girl's life, nothing fantastic in this one. Miss Kennedy appears as a "regular girl." Action? Yes, plenty of it and its just full of romance and adventure, too.

Saturday's big comedy is one of the famous "Lion" brand and its just one long scream from start to finish.

Justin Camp left for Newark, N. J., to spend Thanksgiving with his daughter, Lucille Camp, and his mother, Mrs. M. B. Hunter, and family.

Three Hundred Years

It was three hundred years ago that the Pilgrims landed upon the rock-bound coast of New England.

This added significance will result in a notable celebration of Thanksgiving Day throughout America.

As a nation and a people we may well be thankful for what three centuries have wrought and can confidently look forward to the future knowing that progress and security will be recorded so long as we maintain the principles for which our forefathers fought.

RAIN DOES NOT PREVENT SUNSHINE

the delegate, who was also on the music committee of the federation. The report was unique in that Mrs. Moore is quick to notice many of the details not usually mentioned in such reports but which tended to make the acount as good as a personal view of the whole. The speaker said she listened with her eyes, ears and mouth wide open, in fact was complimented by one of those who addressed the federation for listening to her speech so intently.

Mrs. Moore brought back many splendid points to her club sisters but only a few of them can we quote: "Americanism" was nearly the whole train of thought, with "thrift" next. Forty thousand women belong to the state federation, a powerful factor to be reckoned on the right side of any good movement. Michigan is second in the union in regard to population, but seventh in regard to her schools as her teachers were underpaid. Among the new laws advocated was that the age of woman's consent be 18 years, that an eight-hour law for woman labor be passed and that moral hygiene be taught.

Mrs. Beardsley read a second story, this time O. Henry's "Two Thanksgiving Day Gentlemen." Mrs. E. S. Tate of Clinton, chairman of the corrections and charities committee for the county federation, next addressed the club. She gives the greatest needs of the county as a probation officer, a detention home for juveniles, a tuberculosis ward at the county house and a woman on the board of county poor commissioners. She told the ladies to talk these things at home and abroad, to interest their friends and stir up sentiment and at last these things would be accomplished facts. A bountiful pot luck supper was served by a committee of whom Dr. Pauline Bredow was chairman.

A committee consisting of Mrs. Graebner, Mrs. R. B. Gillespie and Mrs. R. J. McCoy took the gifts to the county farm yesterday.

DON'T SUFFER

Don't Suffer

MANY men and women are suffering because they are treating effects instead of removing causes.

Why bother with liniments and lotions for rheumatic pains, backache, stiff joints, sore muscles, biliousness, nervousness, floating specks in the vision, dizziness, puffy pouches under the eyes, or other symptoms of kidney trouble when the kidneys can be made well and strong, thus removing the cause of the symptoms?

Foley Kidney Pills

have been used for kidney trouble and bladder ailments by men and women with success for many years. They seem to get right at the root of the trouble, invigorating and strengthening, healing and soothing weak, sore, or disordered kidneys and bladder. They help the kidneys throw out of the blood the waste and poisons that cause the symptoms of kidney trouble.

O. W. Weissinger, 2824 Buena Vista, San Antonio, Texas., writes: "I have suffered more or less with kidney and bladder trouble for the past ten years. The only thing I have ever been able to get relief from was Foley Kidney Pills. I earnestly recommend them to any one suffering from kidney or bladder trouble."

Social Events

MARRIED FOLKS' DANCE.

The married folks of the community held another of those most enjoyable parties last Thursday evening at Witherell hall. About 30 couples gathered on the waxed floor and made merry until the figures on the clock dial grew very small indeed.

Coller's orchestra furnished the inspiration and most delightfully performed its part, in fact, the music these people rendered was not only inspiring but its perfect rythem and accent made tripping the various steps a most fascinating pastime which was thoroughly enjoyed by the dancers judging by the repeated and vigorous encores the orchestra received.

These parties have become very popular with the married folks who enjoy dancing and furnish delightful entertainment. The next one will be held one week from tonight (Thursday).

GIVES "GYM" PARTY

A "gym" party was the entertainment for over 200 Friday evening, when the teachers, wives of the school board and of the faculty were guests of the physical training classes of the high school. Many appeared in "gym" garb and it was a jolly informal affair.

First on the program was a kiddie car race, then a chicken fight (not the real article), a duck wabble and a circle relay. Volleyball games between the seventh grade and the Seniors resulted in a tie. A grand march was the final event and in the course of the parade each was treated to apples, popcorn balls and stick candy.

Miss Holmburg, the physical training teacher, was the presiding genius and engineered the delightful evening with spirit. The popcorn balls were the work of the domestic science classes.

GAVE HOUSE PARTY

Robert H. Moore brought home ten of his fraternity men from the U. of M. Friday for the week end. That evening Lester Waring and Dale Bowen joined the boys at the Moore home for a little jollification. Saturday the boys went hunting at Sand lake, where Mrs. Moore prepared a fine dinner for them at the H. S. Moore cottage. The boys secured 16 rabbits, which they carried back to Ann Arbor as trophies of their markmanship.

On Sunday one of the party, Lauren Gannon, played a saxophone solo at the Bapist church which was heartily appreciated.

The lads returned to Ann Arbor Sunday, sincerely endorsing the Moore home as a mighty hospitable place and Sand lake as a most beautiful spot. One of the boys comes from Massachusetts and another from Washington.

ENTERTAINS CLASS

Miss Madeline Boyce entertained her Sunday school class and the teacher, Mrs. Frank Nyland, at her home Thursday evening. Miss Cora Gollins, the president, conducted a short business session, after which Mrs. Helen McNeil told of the Oneida Institute in Kentucky, the girls school in which she is interested. Many were the stories she told of the lives of the mountaineers and the pictures she took there illustrated her narrative well. While she was talking the girls were dressing dolls for the institute. Games helped make the evening a happy one and refreshments were served.

CELEBRATED BIRTHDAY

Harold Davidson celebrated his birthday Thursday evening by having as his guests his classmates, the Seniors. The player piano was in use about all the evening and games made great sport. Russell Abbott, the class president, presented Harold an "Eversharp" pencil as a souvenir of a very pleasant class meeting.

Mrs. Byron Sones, Mr. Davidson's mother, served light refreshments.

HELPED CELEBRATE BIRTHDAY.

Sunday guests of Lester Waring to help celebrate his birthday were Clifford, Merle and Ruth Bracey of Saline, Mareit Owens of Ypsilanti, Harold Lowry of Ann Arbor and Kathryn Reed and Dale Bowen.

A delcious chicken dinner was served at 2 o'clock and the company spent a merry afternoon with grafonola, violin and piano music.

A Ford car in which were driving two sons of Gregory Lewis of Tipton tipped over near the Bradley home Saturday evening. Fortunately just behind them was Dr. H. H. Hammel. He helped rescue the boys and bound up their injuries. One boy suffered a sprained arm and the other a badly hurt ankle.

On account of the heavy rain which kept so many club members from bringing their contributions to the Monday club, and on account of the bad roads, it has been decided not to take the gifts to the county home until the first of next week. In the meantime further contributions may be left at the Graebner shoe store.

Mr. and Mrs. Guy Slater and her mother, Mrs. Pocklington, who reside near Sutton, are leaving for Maumee, O., to make their home. Tuesday evening a party of 55 friends from Adrian, Holloway and Tecumseh gave them a farewell party, with a bountiful supper. Mrs. C. A. Evangelistic Band Here Over Week End

Splendid Program Outlined—Carry Own Orchestra and Singers—Big Doings Planned at the Baptist Church.

Friday evening a supper will be served at the Baptist church to which the young people are invited to meet the members of the Evangelistic Band which is to be at this church over the week end. Following the supper each member of the band gives a short talk—live, full of interest and dealing with the things we are all thinking about. These talks touch the subject, "Why I am a Christian and a member of the band."

After the talks the boys gather around the piano with their musical instruments and every one joins in a good old sing. They sing the

Luck Saves Adrian From Final Defeat

Old Timers Give County Seaters Scare of Their Lives—Fast Work by Exelbys and Stone Wall Line Stops Lifes—Turkey Day Nearly Disaster for Champs.

One of the surprises of the football season was sprung on Adrian last Thursday when a team picked up around Britton and Tecumseh gave the much touted Adrian Lifes the game of their sweet lives, and if luck had not roosted upon their banner mighty strong, the scalps of the aforesaid seaters would have come back to Britton dangling at the belts of one of the best aggregation of pig skin pushers that ever invaded the Maple City.

At the very first it was plain to see that Britton's line was a perfect stone wall and could not be penetrated at any point and whenever Adrian tried to break through, they were stopped in their tracks so they decided that

BUS TIPPED OVER.

While enroute from Adrian Friday evening the Adrian-Ann Arbor bus, which has headquarters here, tipped over while on the state road. The driver, James H. Elliott, was blinded by the lights on an approaching car and turned out too far, the heavy bus, in which were ten passengers, sinking into the soft dirt as soon as it left the gravel roadway. The bus tipped on its right side in which is the door, but Mr. Elliott liberated his "fares" by smashing out the large glass in the rear of the machine. With the aid of a machine from an Adrian garage the bus was pulled upright and hauled back to the road, coming to Tecumseh on its own power. No damage was done to the machine with the exception of the broken glass which has been replaced by a door. Mr. and Mrs. John Welch and Mrs. Godfrey, three of the passengers, were badly bruised but the others were uninjured outside a thorough shaking up.

Last Thursday as Henry Beard was returning from Adrian about 5:30 o'clock and was coming up Bixby hill, the lights on an approaching auto blinded him and he collided with the machine driven by John Young.

Both machines were considerably damaged, Beard's auto having a bent axle and a tire cut besides the fender badly jammed. Fortunately no one was injured. The Beard car was driven to Tecumseh under its own power.

Prominent Couple Wed Thanksgiving

Only Daughter of Dr. and Mrs. E. E. Hendershott Bride of W. R. Connor—Tecumseh Loses One of Its Most Highly Esteemed Young Ladies Groom Successful Detroit Business Man.

At the home of Dr. and Mrs. E. E. Hendershott Thanksgiving day was solemnized the ceremony which united in marriage their only daughter, Veva Fae, and Wallace Roderick Connor. At 1 o'clock the couple, unattended, found their place in the parlor before Rev. W. R. Curtis of the Baptist church and the beautiful ring service was used.

After the ceremony a three-course dinner was served by Miss Esther Brewer, Mrs. Mattis catering. A color scheme of yellow and white carried out the decorations, huge chrysanthemums and yellow candles in their crystal holders being used.

The bride was gowned in brown chiffon velvet, with her traveling suit of blue duvetyn.

The couple left that evening for Detroit and from there took a wedding trip to Chicago and other points. They are now at home to their friends at 763 Concord avenue.

Miss Hendershott, who was a popular Tecumseh girl, graduated from the local schools and the Normal at Ypsilanti. Since then she has taught very successfully in Detroit. The groom, a graduate of Wisconsin university at Madison, is now sales manager for the Bemb Robinson Co. of Detroit.

The wedding guests were Mr. and Mrs. Fred Hendershott of Chicago, Mr. and Mrs. Reuben Connor of Auburndale, Wisc., and the Misses Hazel Lusty and Victoria Helander of Detroit.

Clinton is Trimmed by Tecumseh High

Fast Game Played at Clinton Thanksgiving—Palman of Tecumseh is Excellent Umpire—Boys Later Banquetted Score 7 to 0.

Last Thanksgiving day the Tecumseh high school football team journeyed to our sister town on the north and again tried titles with the fast Clinton team for honors of seeing who could push that little bag of wind down the checkerboard against such opposition as the opposing team could throw in their way, and Tecumseh won by a score of 7 to 0.

The game was exciting from start to finish as it was evident that the teams were quite evenly matched and both were determined to win at any cost, so that there was never a moment when the crowd was not kept on tip toe as the ball surged to and fro toward the respective goals of the two teams.

However, Tecumseh proved the more valiant warriors and by a succession of line bucks alternating with off tackle and end plays the local boys worked the ball down to striking distance and that fighting little warrior, Osterhout, was given the ball with instructions to plant it behind the goal line and he carried out his instructions like a major leaguer. Goal was kicked and the local Indians promenaded back to center of the field with 7 points chalked up to their credit.

Clinton, however, came back strong and soon had the same amount to their credit won by hard and strategic playing. Then came a real fight but Tecumseh could not again cross their opponents' goal and the final score showed 7 to 0 in favor of the locals.

Neither team scored easily. It was a clean fast game in which the officials were excellent in their work and neither side had any complaints to make. Both teams were run cleverly by their captains and it was in all a most excellent exhibition of football skill. Later the team attended a banquet by the Clinton boys.

Tecumseh Doctor Quietly Married

Dr. H. H. Hammel Takes Bride at Benton Harbor—Contracting Parties Well Known and Very Popular.

Dr. Harry H. Hammel, a prominent physician of this city, and Miss Elizabeth Willmeng, daughter of Mr. and Mrs. Joseph Willmeng of Benton Harbor, were married Monday in the latter city. They returned to the doctor's home on North Union street Tuesday morning.

These young people were schoolmates in the Benton Harbor high school, graduating in the same class. After finishing school Miss Willmeng took up the vocation of teacher in Montana and for five years taught with signal success.

Dr. Hammel came to Tecumseh five years ago. In that time he has served in the border trouble with Mexico and was one of the first men to leave Tecumseh in the greater struggle in Europe. Through the service he was attached to an English regiment winning the rank of major. The wonderful experience gained in the army is most valuable to him in his large and growing practice in this community.

We congratulate both these estimable people and their many friends extend best wishes with which The Herald unites.

Merry-Go-Rounders Met at Temple Home

Bountiful Dinner Served at Seven O'clock—Mr. and Mrs. Paul Bowen Assist Mr. and Mrs. H. S. Temple at Latter's Beautiful Home—Forty People Present.

One of the most delightful gatherings of the young married folks occurred at the beautiful home of Mr. and Mrs. Herbert Temple on Union street last Tuesday night when these good folks assisted by Mr. and Mrs. Paul Bowen entertained the Merry-Go-Round club at a seven o'clock dinner and "500" game.

Forty people were present at the appointed hour and while the men were indulging in that pasttime so dear to the hearts of mere man viz., blowing dreamy clouds of smoke while relating interesting experiences, the ladies were preparing for the coming contest, and at a signal from below it was plain that most of the guests were aware of the good things coming for there was a quick response to the call for help and soon all were seated at tables in fours and a delicious dinner was served.

After dining, the guests consulted their cards and soon all were seated at their appointed places with the rattle of the cards indicating that the game was on. After playing the designated number of games, the winners were announced as follows: First place for ladies, Mrs. Wade Jones; gentlemen, E. T. Armstrong; consolation, Mrs. Nellie Adamson.

It was a genuine good time party cleverly arranged and certainly enjoyed by all the guests whose good natured rivalry and witty repartee made the evening pass delightfully.

Monday Club to Sell Red Cross Stamps

Very Instructive Program Given at Regular Session—Committees Appointed to Canvass City—Community Christmas Tree Considered.

The Monday club met on Monday afternoon, November 29, at the club rooms in the M. E. church. The president, Mrs. F. S. Turner, presided and in the absence of the secretary, Mrs. E. D. Brown, the treasurer, Mrs. Leon Rosacrans, acted as secretary.

The meeting opened with community singing and was followed by the reading of the club collect. The club voted to contribute a sum of money to the Child War Relief Fund and to the Anna Shaw Howard Memorial. The following committee with Mrs. Eugene Rosacrans chairman, was appointed to conduct the sale of the Christmas Red Cross seals: Mrs. Rosacrans, Mrs. Chas. Ives, Mrs. Geo Sanford, Mrs. Thos. McCann, Mrs. C. A. Ihrkey, Mrs. L. E. Temple, Mrs. Geo. Hines, Mrs. J. D. Shaw and Mrs. Wm. Waldron.

Mrs. F. B. Wood, Mrs. John McIntyre and Mrs. Leon Rosacrans were appointed as a committee to confer with the Commerce club and also the ministers of the city in regard to a community Christmas tree. Mrs. J. D. Shull spoke interestingly of the community house and that plans for the same be furthered after the holidays.

The program under the leadership of Mrs. Leslie Drake followed the business session and was as follows:

An instrumental duet from the American composer Nevin by Mrs. Edward Harper and Mrs. Wilfred Waldron was most pleasing to the audience.

"Duties of Cabinet Members"—Mrs. L. E. Temple.

"Duties of Ambassadors and Consuls"—Mrs. W. J. Waldron.

Both papers had been very carefully prepared and gave in detail the duties of such officers in a most instructive manner.

The meeting closed with community singing led by Mrs. E. N. Billings.

At the business session three new names were added to the membership of the club, namely: Mrs. J. J. Preston, Mrs. W. F. Fisher and Mrs. Ralph Hunt.

DROVE TOO FAST.

Last Wednesday night Vern Lowry turned his auto from Logan street onto Pearl at too rapid a pace and did not negotiate the turn in the correct style but drove onto the parking and brought up suddenly against a huge maple tree.

The tree was only barked but Vern was somewhat bruised up and his scalp cut open and the car considerably damaged, the windshield being broken and the front of the car jammed up.

Armenian Relief Concert a Success

Local Singers Give High Class Entertainment to Packed House at High School—Jenny C. Law Law Hardy Moving Spirit Assisted by Mrs. R. S. Moore and Others.

If the Red Cross Concert company of war times ever had the least doubt of the appreciation of the home people for their splendid work, it certainly was dispelled last evening when they gave another entertainment for the Armenian relief fund. The large high school auditorium was filled despite the rain and mud, and every number evoked hearty applause, although encores were tabooed.

Selections from the opera "Robin Hood," formed the first part of the program. The opera formed a recent Monday club program and proved so delightful that the participants condescended to give a public appearance for such a worthy cause. Mrs. F. B. Wood was in charge of this recital, acting as accompanist on all numbers but one. Mrs. J. H. Smith gave the description of the opera, naming the numbers as follows:

Duet, "It Was in This Hour We Met"—Mrs. E. T. Rosacrans and F. C. Dickinson.

Trio, (a) "Brown October Ale" (b) "The Tinker's Song"—W. S. Dickinson, F. C. Dickinson, Lester Waring.

Soprano solo, "The Forest Song"—Mrs. Rosacrans, accompanied by Mrs. Ella Hodges.

"The Troubador's Serenade"—F. C. Dickinson.

"The Armor Song"—Lester Waring.

"The Chimes of St. Swithens"—Mrs. R. S. Moore.

Duet, "There Will Come a Time"

WESTMINSTER GUILD IS ENTERTAINED.

Mrs. J. H. Smith, Mrs. S. C. Cutting and Miss Sena Hosmer were hostesses for the Westminster Guild at the home of Mrs. Smith Friday evening. The party took the form of a farewell for Mrs. Cutting who left the first of the week for California for the winter.

Miss Grace Gillespie conducted the devotionals, the president, Mrs. Frank Nyland, called to order for a short business session and Miss Ethel Keyser was leader of the study hour. "Co-operation" was the theme, Mrs. Franc Gillespie discussing that chapter of the book, "The Church and the Community." The discussion took a local turn. Mrs. George Sanford gave an excellent paper on "The Needs of Tecumseh From a Farmer's Wife's Standpoint." She gave a rest room as the most glaring need, especially for the mother and children who must wait in the city several hours. This also would be a great improvement for the town in the eyes of the tourist as was brought out in the talk afterward.

Mrs. C. N. Graebner and others took the town's needs from a town woman's viewpoint, especially its sanitary neds, the rats dying in the cellars of the down town business places, etc.

"Co-operative Stores and Their Benefits" was a subject ably handled by Miss Mildred Boyce. The program closed with a reading of "My House by the Side of the Road" by Mrs. J. H. Smith.

The hostesses served refreshments during the social hour.

The Guild meets December 10 with Mrs. Henry McClure, Miss Gillespie taking the chapter.

Editorial Comment

BETTER GO SLOW.

The papers are now carrying reports of the efforts of President Burton of the U. of M. to get the budget committee of the state legislature to recommend to that body the necessity of raising 8 million 5 hundred thousand dollars for the use of the university during the next year. And it is reported that one of our state officials said that if Pres. Burton would plead with the legislature as strongly as he did with the committee that he would undoubtedly get it easily.

Think of it! Eight and one half million dollars to be raised by taxation on the people of this state for one institution. We are not against university education nor higher education in any form. In fact, we have a few letters trailing after our name received from so called higher education, but when it comes to asking the people of this state to raise such an enormous sum for the use of a single institution, we say' better go slow.

The people of this state are being taxed out of business. It seems as if there was no limit to which the taxes can pile, and there will be no limit as long as the people do not raise a loud protest, for those who want the money simply get a crowd together and go after the legislature with effective results. Only ten years ago it cost the people but ten million to run the entire state. Now it costs something like 84 million.

What we object to is the people of this state are asked to tax themselves to the very limit to educate the sons of our neighboring states. We are told there are but 56 students from Lenawee county attending the U. of M. and the county tax on this budget would be over 250 thousand dollars; and the same ratio or a greater one exists in every other county. Why should it cost the people of this county 250 thousand dollars to educate 56 students? Is that doing the best thing for everyone concerned?

We can't see why this enormous expense should be piled up on the tax payers for the simple reason that thousands of students from other states and foreign countries are allowed to attend this institution for a fraction of what it costs and the balance of the enormous expense incurred taxed against the people of this state. Is this good sense or have the people of Michigan got to pay for educating the world?

When you farmers come in and pay your taxes this fall it may occur to you that a little more interest centered in who represents or misrepresents you in the state legislature would not come amiss to your pocket books.

It the university needs this enormous amount of money, it needs it because of the enormous attendance of students from outside of the state of Michigan. Of course the professors at the U. of M. want a big attendance. It sounds good, looks good, and makes room for more professors. Of course they want the budget committee to recommend 8 and one half million and they say very frankly they will want ten million in two years more. Nothing like being frank is there?

If they want these foreign students why not charge them at least the cost to the people of Michigan as their tuition? Is there anything wrong in asking students from New York to pay what it actually costs the people of Michigan to educate them? In this day of good roads expense which is becoming a mighty big load, we are asked to add another whale of a tax to educate the students of other states which together with the cost of keeping our hundreds of starched shirt inspectors in a soft job, is making the taxes of this state almost unbearable, and many a man who has bought a farm and is in debt on it heavily will be forced to the wall if it continues.

And we are all the time shouting produce more! produce more! We must have greater production in order to bring the prices of farm produce still lower, and they are right now below the actual cost of production. The wise ones are yelling produce more to the farmer and riding him to death with heaping still higher his heavy burden of taxes, and in the face of falling prices. The result will soon be evident in driving the farmer to produce exactly what he needs to fill his cellars with sufficient provisions while the rest of the country gets theirs where they can. There is a limit to human endurance and this limit is being reached mighty fast.

Without a doubt Pres. Burton is a very wise man from the higher education standpoint but we do not believe he pays a cent of taxes in this state or if he did his princely salary enables him to do it with ease. His view point is entirely from the side of higher education and thre are enough graduates of the U. of M. in the legislature to put through any program that he asks whether it bankrupts the farmers and other tax payers of the state or not.

Why not let your representative in the legislature know what you think about it or are you afraid to say your soul is your own? After all it is the people's own fault. They have the right to decide who shall represent us, but when a few politicians get together and suggest Mr. Goodfellow for office we sign the first petition presented and nominate their man and then vote the party ticket like a slave and then kick because we are taxed. We should kick ourselves for not taking interest enough to see that we are represented by some one who will carry out those splendid, magnificant, wonderful but meaningless promises of efficiency and economy we see in the candidates' advertisements just before election. The people are absolutely to blame themselves. When you pay your taxes this fall, do it like a man because you alone are to blame for the representatives you send to the legislature and if you are not interested in getting some one who will fight your battles or in seeing that those elected are kept informed what you think about this question of taxation, then you should be game enough to pay up even if it costs you your farm, and never utter a word of complaint.

Watch the people of Michigan pay 8 and one half million to educate the students from other states who pay only a very small fraction of what it actually costs to do it. Watch your representatives get in step with what the U. of M. boosters want and then look at your tax receipts this fall and expect a nice big fat increase next year and the same candidates making the same old promises of economy, efficiency, etc., when they want re-election.

And remember that you have but one remedy—that little ballot you stuff in the box on election day. Maybe some day the people will wake up but then it may be at the wrong time and what should have been corrected by legislation in the interests of the people, will be made fuel for the great flame of unrest that is mighty near the kindling point right now.

The way to stamp out bolshevist tendencies is to destroy the breeding places of this vicious germ. Keep socialist agitators out of the country and above all run this country in the interests of the people. Jail the grafters and insist that every unnecessary expense that adds burdens to our load of taxes shall be instantly eliminated. Give the people a square deal and see that the government functions just as vigorously for the poor tax payer as it does for the millionaire. Get back to the good old days of pioneer patriotism which saw to it that our great preamble to the constitution meant exactly what it said, and that the law makers' duty was to provide for its fulfillment with absolute equality to all and special favors to none.

In our small voice we say go slow or we may upset some if not all of the good we have accomplished. What say you?

SISSON-HARRIMAN.

A wedding which took place in Columbus, Ohio, November 24, is of special interest to the bride's many Tecumseh friends. On that day Miss Ione Sisson and E. C. Harriman, both employes of the Columbus Dry Goods Co., were wedded and the Tecumseh people extend hearty congratulations. Miss Sisson was born and grew to young womanhood here. For several years she was a telephone operator, then bookkeeper for that concern, later becoming a clerk for the Webster Anderson Co. Always pleasant and courteous, she was very popular with the public. Two years ago Miss Sisson and her mother, Mrs. Florance Sisson, went to Columbus and entered the employ of the Columbus Dry Goods Co.

Mr. Harriman is advertising manager for the dry goods company and efficient in his line. He, with Miss Sisson, visited in Tecumseh recently and he made a fine impression on those he met here.

Good salvage wheat. Brown & Co.—Adv.

SHOULD BE APPRECIATED.

We believe the people of Tecumseh who have occasion to use electric power greatly appreciate the splendid service that our local company gives them, and they surely do unless perhaps they have always resided in this city and don't know what it means to have any other kind of service.

The writer happens to have had experience with other plants in various places and we surely take off our hats to the service rendered in this little city. The current is strong, steady and always dependable. The lights are the best we have ever used and the motor power equally good and withal the very best of office management is always maintained. The employes are alert, courteous and continually on the outlook to render the most obliging and prompt service possible, and we are not going to wait until the final end to lay these few homely flowers, but which sincerely represent our experience, on the the desk of our public service corporation.

And it is but one of many most excellent features Tecumseh has.

SHALL WE LOSE OUR STATE POLICE?

There is a movement on foot to compel the state legislature to disband the state police organization. In view of the unsettled conditions prevalent in the state at large, it seems to us that to do away with this strong arm of law enforcemen is one of the most foolish acts that could possibly be done at this time.

It is true that it takes taxes to run them but why not get a little something for our money. The politicians will keep the taxes up just as high without them as with them, only in the one case it is spent for the finest body of police in the country and in the other the people never know where in the D——ls domain it does go.

The criminal element, the socialists, the agitators and rumrunners and the entire riff-raff of the state who despise every form of law and order, despise the state police and of course are doing everything possible to kill the organization. Why the good people do not take an active interest in maintaining them is beyond our comprehension. Better get busy you law abiding citizen who desires to be safe and keep safe, who respects property and hopes that it may be properly safeguarded, write your representative in the state legislature and insist that he do all he can to maintain the state police if the supervisors did condemn them. We note that the same board of supervisors raised nearly everybody's salary down at the county building so that their record of economy is not one of deeds but high sounding words. We hope the state police are maintained for the present anyway.

Card of Thanks.

We wish, through the columns of The Herald, to thank our friends and neighbors, who extended us such signal kindness during the illness and since the death of our loved one. Especially would we mention the shop men who donated the use of their autos, the Woodmen, Royal Neighbors, the minister whose comforting words were a solace and the singers for their sweet music.

Mr. and Mrs. Richard Brownson and children.

They gathered at the home of Miss Bessie Johnson, bringing Thanksgiving offerings of vegetables, jellies and other good things. Then came a social hour, when Miss Johnson served her twenty guests with refreshments.

It is generally agreed that this is one of the best country papers that is printed in this state and it only cost 4 cents per week. But we must have that 4 cents to keep going and pay the expense. We know you will and here's our thanks in advance. This is all the notice necessary we believe for the people of this community are the cream of the earth and you are one of them, so be a good prompt fellow and we will give you the most for your money that it is possible to get on this green earth. Look at the label on this paper. We know you will do the rest. Thanks. All delinquent subscribers after December 15 must be dropped and we know they will be few.

EVANGELISTIC BAND HERE OVER WEEK END

(Continued from Page One)

hymns we all like to hear, as well as some of the university songs. You will be surprised to hear yourself singing again, and you will have to feel pretty sick not to join in the good time.

Saturday morning there will be a hike for the boys and girls.

All boys and girls, whether Scouts or not, who want to have some real sport with some other boys and girls, will be found among the hikers. They take a long hike, play games, and possibly have a little something to eat —camp style. Are you on?

At 7:30 Saturday evening an inspirational meeting will be held. At this meeting three or four members of the band will speak briefly on the general topic, "Did Jesus Fail?" Each speaker will present a particular phase of the subject, dealing with it from a practical point of view. What are your ideas on this subject?

Sunday morning there will be a devotional meeting with public worship.

At 9:30 a service of prayer will be conducted by the band. Members of the church are urged to come and participate.

At 10:00 the regular Sunday morning service will be in charge of the band. Four of the members will speak on "Every Day With Jesus." Come out and hear what ordinary young men have to say on this subject. Special music by the quartet and orchestra.

At the Sunday school hour there will be a conference with the classes.

Where possible, every class will be taught by one of the members of the band. Each one has a special message for a particular group of people, from the primary class to the adults.

Teachers are urged to use special means to secure a full class attendance that day.

An hour with the juniors will be the feature at 4:00 o'clock Sunday afternoon.

Illustrated object talks for the children and little folks will be given, with such singing as all will delight in. Of course the older people will not want to stay away when they know how much the boys and girls enjoy it.

Sunday evening at 5:45 the young peoples' meeting will take place.

One of the members of the band will conduct this meeing and several of the boys will talk on "What Christ Means to Me."

A meeting for everyone will be the service at 7:00 o'clock Sunday evening.

This is the grand climax of the week end meetings. Addresses will be given by senior members of the band, and the closing address by Howard R. Chapman, Guild director and minister for Baptist university students. The orchestra and quartet will furnish special music.

GOITRE

Relieved for Lucas County Lady by External Home Remedy—Choking Relieved in One Week.

Note: It would be illegal to publish these statements if they were not true.

Mrs. G. L. Rosencrantz, Whitehouse, Lucas County, Ohio, says in her own home paper, the Toledo Blade: "I have had inward goitre for four years. I had terrible choking spells and at times almost loss of voice. I have used one bottle of Sorbol Quadruple and my goitre is almost gone. After one week the choking was relieved. I am glad to tell my experience or answer any letters."

Sorbol Quadruple comes in small bottles containing enough for most cases. It will not stain or irritate. Does not interfere with daily work. Leaves the parts in healthful normal condition. Requires ten minutes daily.

FOUR GREAT AMERICANS FROLIC FOR A DAY

When we hear of such men as Henry Ford, the automobile marvel; Thomas Edison, the electrical wizard; John Burroughs, the great naturalist, and Harvey S. Firestone, the great rubber king, having a reunion, we naturally think of splendid hotels and a large city as the site of their day-of-frolic together. Not so, however, with them, for the one day that they set aside each year is spent in the country. This year they all reported at Yama Farms Inn, at Napanoch, N. Y., where they cast aside all formalities and cares; forgot that they are really great men and romped in frolic like so many boys. They indulged in woodsplitting contests, telling yarns by the fireside and being just plain boys once more.

LUCK SAVES ADRIAN FROM FINAL DEFEAT

(Continued from Page One)

if any gains were to be made it must be by open work, which finally netted them the game. The Britton players were recruited from among old timers and they had never had a single practice together before entering the game. If they had been working together for even a short time there would have been a different tale to tell. Britton tried to get a game with them for two weks before this contest but Adrian would not play until the very last minute and then demanded a split of the gate receipts with 70 per cent for Adrian and 30 per cent to Britton win or lose, which showed the County Seaters were not going to take any chances on losing the money if they did the game. Evidently they had a very wholesome respect for Briton.

At the outset of the game Ford Exelby was kicked in the head and laid out of the game and although Clark as sub played a wonderful game, the Britton boys were neverless greatly handicapped by this accident.

Our genial bank assistant cashier, George Isaacson, played right guard and his man was often seen doing the back action stunt when the ball was snapped. In fact, he proved not only a strong defensive player but was so aggressive as to cause the Adrian bunch considerable worry.

It is yet an open question as to whether Hawley was not stopped and downed long before he crossed the goal line with the last touch down for Adrian which was pulled off after it was so dark that no one could tell one player from the other.

Britton tried to make another date for a return game but Adrian evidentally had enough for they refused to consider it. We hope that Britton boys get their 30 per cent of the fares collected from the bunch along the railroad track which it is reported has not been turned in as yet.

Well, it was some game and we would travel far to see them try titles again with outside officials who could see the errors of the Adrian bunch as easily as they could see Britton's shortcomings.

The first touchdown made by Adrian was on a fluke by a Britton player who fumbled the ball and an Adrian man got away with it before he could be intercepted and the last one was made as aforesaid so that on straight playing, Briton certainly had the best of it. Come together again gentlemen and let's see who can play ball anyway.

BOY SCOUT "SYSTEM" WORKS 24 HOURS A DAY

By Armstrong Perry.

Some parents think they have erected impregnable defenses about a boy's character, proof against the wiles of the devil, when they have provided him with a good home, put him in school and led him to Sunday school. Too late, they often discover there was a weak spot somewhere. In spite of all these fine institutions boys frequently learn to swear, smoke, drink, gamble and form unclean habits.

Why? When? How? It is not so difficult to answer these questions as it may seem. Wake up with the boy and see how far into the day you can go with him.

It is well to remember that "many are called but few get up." There is a chance for a lot of mischief between the alarm clock and breakfast. The reason is psychological and any doctor can explain it.

From breakfast to school time the youngster is under the eyes of his parents and is not likely to do anything more serious than to kick about doing the chores. The city kid, unfortunately, has few chores to kick about, but there are other things. Any parent who is wise enough to forego mollycoddling and cajolry and put it squarely up to the boy to bear his share of the home burden or go where he can do better, will have little difficulty with this part of the day.

When he leaves for the schoolhouse, especially if he leaves early, the world takes a shot at him. It may fire the shrapnel of hoodlumism, the high explosives of passion, the machine guns of profanity, or the asphyxiating gas of tobacco. Every boy is under fire and most are wounded before they enter the protecting walls of wisdom.

In school the pupil is comparatively safe, though the spies of dishonesty may steal away his allegiance to the truth. He is kept busy, and a busy boy is seldom a bad boy.

After school—how many parents really know what their boys are up to during the hour or two between school and supper? Then there is another hour or two or three between supper and bed time, often unaccounted for. The most careful and conscientious parent would probably be astonished and shocked if the whole truth were known.

Now some indignant mother is exclaiming: "Do they want us to spy upon our boys and make them feel that we cannot trust them out of our sight?" No, dear lady, no. You couldn't see your son's faults no matter what you did—that's why we know we can always go back to mother when every other friend has failed us. Besides, it is essentially useless to spy upon a boy or tell him "don't."

If you take a nice, new, clean bright tin pan and put it down, anywhere, with nothing in it, it will first collect dust, and then rust, and then someone will come along and throw something into it. A match, a pice of crumpled paper, and apple core, maybe. The next fellow adds something and the next and the next, till it's full. Then somebody gives it a kick and presently everybody is kicking at it. Then it goes to the dump.

You can nail it down and fill it with parafine wax and keep the dirt out, but it will only sit around like a bump on a log and accomplish nothing. Put some flour and yeast in it and it will not only keep full, but spread its useful contents all over the place.

A boy is just like that tin pan, except that he starts higher and may fall lower.

The Boy Scout movement stands for everything which is good and interesting in boy life. Woodcraft, campcraft, health and endurance, chivalry, heroism, clean sport, patriotism. A Scout has so many worth-while things to think about and do that he simply cannot find time to experiment with vices. As soon as he awakes in the morning he is planning for the good turns which he has promised to do that day, the meal he is to cook over the open fire, the bird whose photograph he is going to make, or the big tree in which he and his patrol are planning to build a house.

He shares the home duties as a matter of course—that is one of the first steps in Scoutcraft. He finds it more interesting to plot against the gang which is trying to break up the school discipline than it ever was to plot with them. He had a hundred stunts to teach the other fellows which give him a comfortable sense of superiority and helpfulness.

The organization even provides him with a monthly magazine, built to fit him, and a list of books which boys everywhere have read and liked. The nickel novel loses its grip upon him, even when it is reinforced by 45 cents worth of red cover. When his legs are too tired to wiggle he can read.

Falling asleep after a strenuous day of service, in which a clean body and a clear mind have interpreted to his world his spirit of altruism and progress, the Scout dreams of still stronger endeavor and still greater achievement.

Get interested in the Boy Scout movement right here at home—it means BETTER BOYS.

Catarrhal Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarrhal Deafness, and that is by a constitutional remedy. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces.

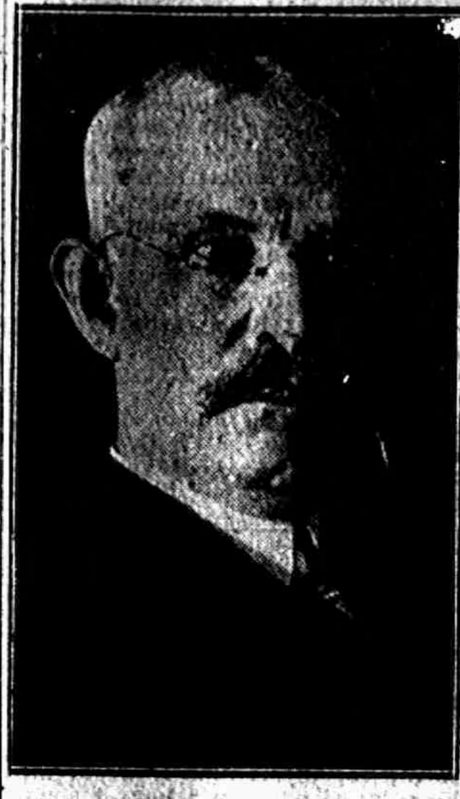
OBITUARY.

Walter Stevens Morden.

Walter Stevens Morden, son of John and Mary Mason Morden, was born in Rednersville, Prince Edward county, Ontario, Sept. 22, 1855. He was the youngest son in a family of ten children, of whom only a sister, Miss Lenora Morden, of Rossmore, Ontario, survives.

After his graduation from the Belleville high school, he studied medicine in the University of Michigan, graduating from there



WALTER STEVENS MORDEN.

in 1880, after which he located in Macon, Mich., where he practiced for 33 years. He moved to Saline seven years ago, and established a large practice here also.

He was united in mariage Sept. 9, 1882, to Miss May Pennington of Macon, who, with their two children, Mary, a teacher in th Detroit public schools, and Walter, in business in Macon, and three grandchildren, Walter, Herbert and Mary, survive him.

His death occurred very suddenly on Monday evening, Nov. 8, 1920, soon after retiring in his usual health and cheery spirit.

Dr. Morden was a member of the Masonic lodge and of the Maccabees, had been a director of the Saline Citizens' bank for the past 11 eleven years and served on the school board and cemetery board at Macon for about 25 years. He was at the time of his death president of his alumnae class of the U. of M.

A faithful husband and father, a sympathetic and loyal friend to the large circle of people with whom he came in contact as physician and citizen, his loss will be very keenly felt by one and all.

Funeral services were held at his late residence on Friday forenoon, Nov. 12, at 10:30 o'clock, Dr. Wm. H. Hoffman of Detroit officiating. Interment took place at Macon cemetery midst a wealth of flowers and where a host of his Macon friends had gathered to pay their last respects to him.

Life's purpose as it seems to me
Is not to gather fame or gold;
Not to attain some high degree,
Of pomp and power, and then grow old.

In life's commission I can read
No charge to reach a high estate;
I am not bound to do one deed
For which mankind shall deem me great.

But I am ordered down to earth
To live and serve the best I can;
To shape my soul and prove its worth,
And be, no matter where, a man.

GIRL MAKES DARING PARACHUTE DROP.

Miss Sylvia Boyeen, of England, recently staged an act in Denmark which made ten thousand people hold their breath, when she dropped over one thousand feet from an airplane by parachute in a terrific gale. She was fortunate to land in a swamp, which broke the force of the fall and left her uninjured. A few minutes later she continued her journey by plane to Copenhagen.

Radium is worth nearly a hundred thousand dollars an ounce—that's high, but an ounce of printer's ink used in the ad department of the Saturday Evening Post is worth double that and more. Yea, verily it has proved itself the best salesman ever produced.

"This pig went to market This pig stayed at home"

The market is the supreme court of the hog business—the packer's buyer is the judge; the quality of meat on your hog is the evidence; the price that it brings is the verdict. And there's no appeal.

The packer's buyer is looking for meat—lots of it—of high quality, well distributed over the carcass. He wants a hog that will dress well, sell well, taste well. That's why his decision is invariably *against* the scrub and *for* the pure-bred—that, too, is why you should be for the pure-bred—it's the hog that brings home the bacon.

In a series of advertisements in this newspaper we shall demonstrate that it pays to raise hogs of quality meat—pays in dollars and in satisfaction. We shall show that the foundation of success with hogs is a pure-bred herd, or at least a pure-bred sire. We shall demonstrate that they are easier feeders and that they produce the pork for which the packer's buyer pays the top prices. We shall show you how to help yourself and help home industry by buying pure-bred stock in this community.

For this publicity in the interest of pure-breds we are indebted to THE COUNTRY GENTLEMAN. If you are now a reader you know its frequent helpful articles on better swine and its many inspiring fact stories of successful feeders and breeders who have put their communities "on the map." If you are not a subscriber, let our secretary have you enrolled along with its 700,000 progressive farmer readers. The fifty-two big weekly issues of a year's subscription will come to you for just $1.00. *Yes, your check is good.*

A WOMAN'S BACK

The Advice of This Tecumseh Woman is of Certain Value.

Many a woman's back has many aches and pains.

Ofttimes 'tis the kidneys' fault.

That's why Doan's Kidney Pills are so effective.

Many Tecumseh women know this.

Read what one has to say about it:

Mrs. Wm. Martin, 205 E. Logan St., Tecumseh, says: "Whenever I find my kidneys are out of order, or my back gets to aching, I go to Wright & Son's drug store, and get a box of Doan's Kidney Pills. It doesn't take them long to cure me. I have suffered a lot at times and my back felt as if it would break in two. I could hardly get through with my housework when these attacks came on. My kidneys didn't act as they should, either. I always checked the trouble, however, by using Doan's Kidney Pills. I have no hesitation in recommending this medicine."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Martin had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. —Adv.

People always like you when you can be of service to them without your knowledge.

A mind filled with trifles cannot get the swing of large affairs.

The average housewife saves more than ten times the cost of the home paper by taking advantage of the bargains it chronicles, while the whole family gets more real enjoyment from its pages than can be obtained from any other source.

SCHOOL NOTES.

Report cards will be issued this week Friday.

The third grade has now secured $36 for the Red Cross.

There was no tardiness in the fifth grade last month.

Both boys' and girls' basketball practice has been begun.

The fifth grade has begun studying the map of the new European boundaries.

Do not miss the next number of the Lyceum course. It is a musical program.

The faculty and seniors are this week having their pictures taken for the "Senior Echoes."

There are some good seats left that have not been reserved for the remaining numbers of the Lyceum course.

Season tickets for basketball will soon be on sale. There will be some good basketball in the local gymnasium this winter.

The fourth grade, which Miss Lowry teaches, has obtained the largest sum for the Red Cross among the grades; having raised $44.

The football team and E. W. McNeil were guests at a banquet at Clinton Tuesday evening. The banquet was given by the American Legion.

In the speed test in typewriting last week Miss Myrna VanVleet, in the junior class, wrote 38 words per minute. In the senior class Ruth Gibson made a record of 66.

The football game at Clinton on Thanksgiving day was a victory for Tecumseh, the score being 7 to 0. The first half was played without a score, but early in the second half Osterhout went over for a touchdown and VanWinkle kicked goal. When the game closed Tecumseh had started another march toward the Clinton goal. After the first five minutes of play Tecumseh's goal was never in danger. It was too bad to dim the luster of the Clinton boys' new red sweaters but they took their beating in good spirit. Palman of Tecumseh acted as umpire while Clark of Clinton acted as referee. Both officials gave satisfaction.

Read the merchants' sale talks in this paper. They are worth your closest attention for they mean time and money saved with satisfaction guaranteed.

WHAT CAUSES GAS ON THE STOMACH?

It is caused by fermenting, sour waste matter in the intestines. This old, foul matter should be thoroughly cleaned out with simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. This acts on BOTH upper and lower bowel, removing old accumulated matter you never thought was in your system. Adler-i-ka relieves ANY CASE gas on the stomach. EXCELLENT for sour stomach and chronic constipation. Guards against appendicitis. B. J. Pulver, druggist.—Adv. 6.

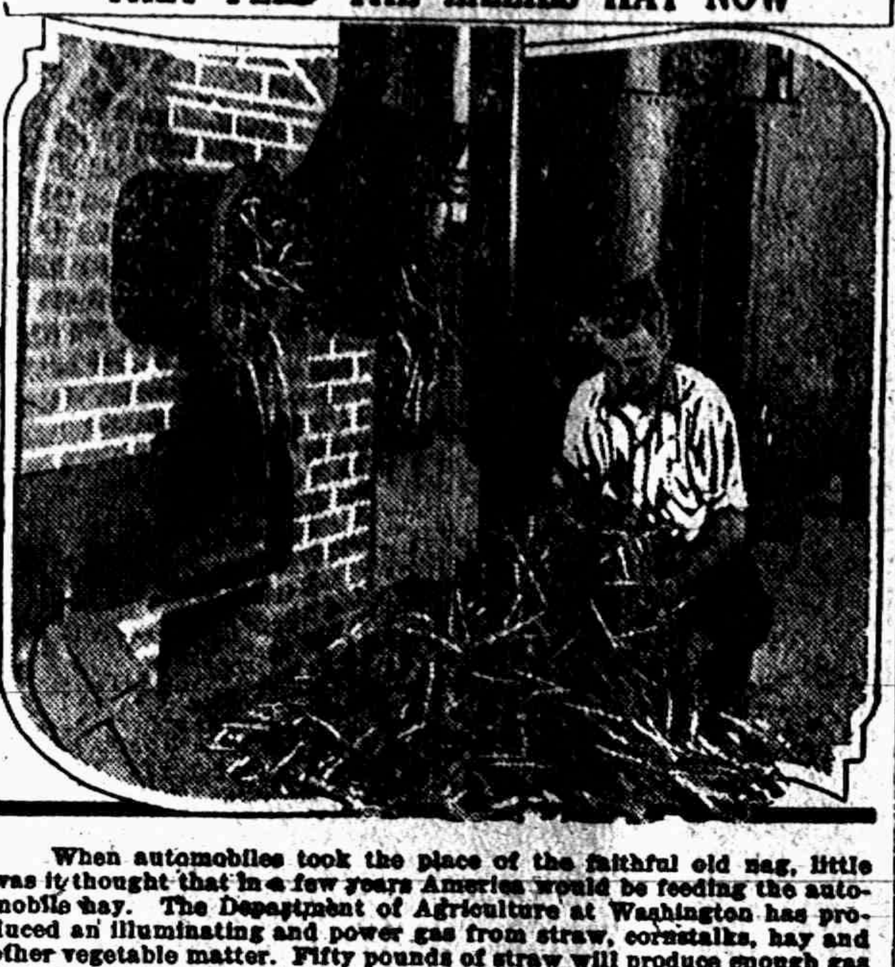
THEY FEED THE LIZZIES HAY NOW



When automobiles took the place of the faithful old nag, little was it thought that in a few years America would be feeding the automobile hay. The Department of Agriculture at Washington has produced an illuminating and power gas from straw, cornstalks, hay and other vegetable matter. Fifty pounds of straw will produce enough gas to run a light auto 15 miles. The picture above shows an expert manufacturing the gas in one of the experimental rooms.

ARMENIAN RELIEF CONCERT A SUCCESS

(Continued from Page One.)

—Mrs. Rosacrans and F. C. Dickinson.

Solo, "O Promise Me"—Miss Edna Taylor.

Final duet—Mrs. Rosacrans and F. C. Dickinson.

Quartette, "The Joy of the Seasons"—Mrs. E. T. Rosacrans, Mrs. R. T. Meade, Miss Martha Caldwell, Mrs. Ella Hodges.

Mrs. Jenny C. Law Hardy was in charge of the second part of the program. Dr. and Mrs. Hardy have traveled extensively, bringing home a wonderful collection of curios, among them dresses and robes from the farther ends of the earth. A few of these they loaned for this entertainment and Mrs. Hardy described them, giving most interesting details of each. First appeared as a Maori chieftain and chieftainess Mrs. R. S. Moore and Mrs. Thos. McCann. Their faces were tatooed, both with two feathers in their hair, like horns. Mrs. Moore wore an elaborate chief's robe of feathers with an exquisite border of parrots' feathers. She carried a war club, while Mrs. McCann, dressed in a hemp strand skirt, the beads of seeds and sharks' teeth, carried the battle axe of whalebone which only the chieftainess can carry. Mrs. Moore sang a Maorian war song with the chorus in that language, and as an encore gave a little Maorian love song.

Next came Mrs. Maynard Mulvaney dressed as an Indian squaw, with a bead yoke over a dress of doe skin. She carried a real papoose basket in which reposed an Indian baby. Thomas Meade accompanied her in one of Sitting Bull's own tunics of elkskin and buffalo hide, much decorated with bead work. A feather head piece and beaded leggins and moccasins completed his outfit and he carried a long peace pipe. Both these costumes came from the Standing Rock agency, North Dakota. Mrs. Mulvaney sang a charming Indian lullaby.

Mrs. G. A. Rathbun was garbed as a Montenegrian woman and Mrs. Hoyt Whelan as a Servian, with their quaint short skirts, high boots covered with embroidery and the caps worn by both sexes in those countries. The dress worn by Mrs. Rathbun was the most beautiful of the collection. Mrs. Whelan's dress was secured in Belgrade.

Mrs. Vera Hodges wore a gay red dress, embellished with great yellow figures, which the travellers picked up on the Tahiti Island. The true South Sea Island woman was represented with wreaths of gay flowers both on the head and across the shoulders. Two others were dressed as Mohammedan women, their faces covered and their persons shrouded in great robes of white. One of the masks Mrs. Hardy was given by an old woman in a harem in Herzegowina, Balkans, who said she wore it at her marriage. The identity of these two women was not disclosed until later.

Mrs. Hardy's part of the entertainment over, she made a fervent plea for the starving inhabitants of Armenia, the first christianized country and the only one to hold the faith through centuries.

Collectors went through the audience, and when counted the amounted stood $133.87.

Votes on the identity of the Mohammedan woman were then taken at 5c per vote, the right names bringing a prize. The prize, however, had to be divided between Mrs. G. S. Field and Mrs. C. F. Patterson, as both voted the ladies were Mrs. F. S. Turner and Mrs. C. H. Williamson.

Thus closed one of the most delightful entertainments of the season, and a splendid amount raised for the sufferers.

A business transaction of considerable importance to this community took place yesterday when the stockholders of the Tecumseh State Savings bank voted to increase the capital stock of that institution to $50,000.

One Hundred Sixty Served at Presbyterian Church by Brotherhood Class—Good Program Given.

One hundred sixty men and boys sat down to the banquet boards at the Presbyterian church last Monday night on the occasion of the Father and Son banquet given under the auspices of the Brotherhood Class of that church.

It was a splendid attendance and the evening was a most enjoyable one from every point of view. The good ladies served a delicious dinner at the appointed hour of 7 o'clock to which all did ample justice, and after the inner man had been completely satisfied, President Hoyt Whelan of the Brotherhood Class arose and in a few well chosen words introduced Joseph H. Smith as the toastmaster of the evening. Mr. Smith is a very happy speaker and he presided with the ease and graces of one much accustomed to performing such duties.

The first speaker was John Richard of Adrian who gave a

Ten Tables of Merry-Go-Rounders Enjoy First Christmas Party—Beautiful Decorations—Hostess Assisted by Mr. and Mrs. McCann and Mr. and Mrs. McClure.

The first real Christmas party occurred last Wednesday evening when Mrs. Ella Schneider assisted by Mr. and Mrs. Thos. McCann and Mr. and Mrs. Henry McClure entertained the Merry-Go-Round club at a luncheon and 500 game.

The house was beautifully decorated with lighted and trimmed Christmas trees at every advantagious point, and the tables were also very artistically arranged with tiny trees most effectively enhanced with lighted candles, while the place cards were Christmas bells. It was indeed a very pretty party and as the guests were gathered around the festive board, it had all the apperance of ye old time Christmas festivity.

A bountiful luncheon of the choisest eats was served in such a graceful manner that it brought forth the smile of appreciation, and the jollity of repartee made it indeed a merry merry throng which will not soon forget the graciousness of their hosts nor the good time thus provided.

At the close of the luncheon, the tables were cleared and the game of the evening indulged in. Ten games as usual were played and when "noses" were counted it was found that Paul Hunt and Henry McClure were tied for first honors on the gentlemen's side while Mrs. John Heesen won first place for the ladies and Mrs. Floyd Heesen consolation.

The guests were Mr. and Mrs. Don Heesen, Lester Heesen, Mrs. E. L. Hardenburg, Mr. and Mrs. Paul Hunt, Mrs. Emma Kloffenstein and Mrs. Jenny C. Law Hardy.

MASONS ELECT OFFICERS.

About 175 Masons enjoyed a fine spread at their hall Friday night at their annual big feed. Roast pork and the accompanying "fixins" were on the menu. Then followed the annual election which resulted as follows:

J. D.—Wilmot Collins.
Treasurer—F. C. Snell.
Secretary—W. S. Dickinson.
Stewards—N. C. Emerson and Claire Dickinson.
Tyler—John H. Smith.

The past master's jewel was presented to Lester Rogers by Homer Whaley, past master, with most fitting remarks and the retiring master certainly is to be congratulated upon the splendid record he has made.

ONLY 35 SEATS LEFT.

There are still about 35 seats left which can be reserved for the balance of the lyceum course at a reduced price and these remaining numbers are the best part of the entire program.

Single admissions are available at each number and the next number is a very excellent one, being the Landis Singing Orchestra.

Better arrange with Supt. Crampton to buy a seat for the next 3 numbers but do not fail to hear the next number on Friday, December 17, as it is one of the best musical treats ever given in Tecumseh.

TAX RATE GOES UP.

It will be interesting news to the people of this community to learn that the tax rate this fall will be $3.16 per hundred (including the collector's fee).

If you know your assessed valuation you can easily see what you will have to pay in taxes. Possibly you can also see where it might have been to your advantage to take more interest in who represents you at the table where the budget for the expenses is made up. Its up to the people and they alone are responsible for as long as they only do a little harmless kicking, the politicians will pile it on. How about attending that next caucus where our tax pilers are nominated and virtually elected? Will you be too busy to go? Then don't complain.

THE RED CROSS FILMS AT THE BRADLEY SUNDAY

With expert camera men in Western Europe, Russia, Poland, Greece, Turkey, Northern Africa and the east, the Red Cross Bureau of Pictures is receiving at frequent intervals consignments of film that for scenic beauty, intrinsic interest and heart appeal cannot be excelled.

In all Red Cross motion pictures the highest standards of production are sought. Before release every film is rigidly censored by leading educators, physicians and scientists whose criticism is available often only through a semi-governmental organization like the Red Cross.

Arrangements have been made with the office of the Central Division of the Red Cross, located in Chicago, to show the latest series of Red Cross films at the Bradley opera house on Sunday evenings, in addition to the regular program without extra charge. The first of these films will be shown next Sunday evening, December 12, when Olive Thomas will be seen in the main feature of the evening, "The Spite Bride," and remember there will be no extra charge made for the Red Cross films.

BETTER GIVE HEED.

It is a well known fact that great movements go first in one direction and then swing back in exactly the opposite way, not unlike a giant pendulum which vibrates from side to side and only comes to rest at a point midway between the two extremes of its motion.

For the past two years, the pendulum of commerce has been going toward higher and still higher prices until some few months ago it started back and has now been going the other way at a furious pace for some little time. It is very evident to any person who knows anything of either history or who is well read on the times, that the old bobber has gone way past the place of coming to rest and is now at about the other extreme or at the point of LOWEST PRICES. It will soon turn again and prices will be found to strengthen and gain higher levels until the next turn brings it back to the side of lower prices, and so it will swing to and fro finally coming to rest at a point midway between the two extremes of high and low prices.

The wise buyer will take advantage of the times when the pendulum is at the extreme of low prices and that is just about right now, so that when it again goes back you will have made money by "keeping your ear to the rail" and buying when prices broke the hardest. But the unwise ones always think that the pendulum is going right on forever toward lower prices in everything except what they have for sale, and they delay buying those long wanted articles until the prices have again gone back to nearly war time heights. Then another long wait takes place and the same old story, waited too long also takes place.

We are not a prophet nor the son of one but it occurs to us that right now is a mighty good time to buy what we are going to before the prices again seek higher levels, for they are certainly going higher if we are any judge of the times.

The warm weather for this time of the year is exceptional and many presume that it will continue, but some morning now very soon, we will find that old Jack Frost has arrived and then as usual we lament our bad luck in not having all of those repairs made and our warm clothing ready, and the larder stocked with eatables, coal all in, etc. When we consider that Christmas is only sixteen days ahead, we better take advantage of the genuine bargains listed in this paper, use the good judgment that the Creator endowed us with and stock up with those things which will add to the comfort and enjoyment of the family.

And remember that the good wife can save much money reading the sales talks of our home merchants and taking advantage of them. A man must have peculiar mechanism in his think tank who will send his hard earned money to Chicago to entire strangers for merchandise he has never looked at and pay for it in advance, when he can drive a few miles and find far better material and better made articles right in his own home town and these same articles sold at just as low or lower prices.

It is the old adage that fields look green at a distance and when that alluring catalog arrives with its beautiful pictures and enticing statements—we just naturally fall for it and then hate to kick for fear the neighbors will find it out. And remember that every dollar you export to Chicago will never roll your way again. It's in Mr. Millionaire Sears' pockets and you would starve before it ever comes to you again.

The load in this world cannot be carried by a few. You must put your shoulder to the wheel not ride and let your feet drag. You must be a community builder if we are to build something that in turn contributes to our lives and from which we draw all the pleasures and profits of life. Build our community not Chicago.

The value of your farm depends upon its proximity to this excellent trading point and it is one of the first things you mention if you desire to sell it. The value of property right here in Tecumseh depends upon how good a town this is. If you help to make it better by keeping your money at home and rolling it around the neighborhood where you get a share of its benefits time and again, you are a booster and a builder. If you send it away, you are not boosting or building this community but some other one that cares as much about you as a Hotentot does about higher algebra.

And remember that if its prices you want, now is the appointed time for the pendulum will certainly swing back and far to the other side before it again comes the lower way. See if we are not correct about this. A better town and a better community is impossible to find but lets make it a 100 per cent booster proposition and everyone will find life all the more worth living which after all, is the limit we can get from our short stay here below.

One of our enterprising local business men has an advertisement from a mail order house posted up in his show window and notices leading to it showing where the same article carried in his regular stock is not only of superior construction but is actually sold for less with a binding guarantee that it will give absolute satisfaction. How is that for real proof that money spent in Tecumseh will always buy more real satisfaction than when spent elsewhere, and we not only get the article wanted but keep the money too. Trade in Tecumseh where your dollar buys most.

GIRL'S STATEMENT WILL HELP TECUMSEH

Many women will profit by the following statement of one of their sex: "I was afraid to eat on account of stomach trouble. Even rice did not agree. After taking Adler-i-ka I can eat anything." Adler-i-ka acts on BOTH upper and lowel bowel, removing foul matter which poisoned stomach. EXCELLENT for gas on the stomach or sour stomach. Guards against appendicitis. It brings out poisonous matter you never thought was in your system. B. J. Pulver, druggist.—adv. 1

Mr. Fitzsimmons was also elected a member of the governing board of the national council on workingmen's compensation, made up of all mutual companies, stock companies and state funds. This board concerns itself with legislation and the fixing of rates affecting compensation insurance throughout the United States. Mr. Fitzsimmons who now lives in Detroit is president and general manager of the Michigan Mutual Liability Company.

ARMENIAN RELIEF CONCERT In Britton.

The members of the former Red Cross Concert Company will give a concert in the school house auditorium, Britton, at 8 p. m. standard time, on Tuesday, December 14, on behalf of the Armenian Relief Fund.

A splendid program, similar to one recently given in Tecumseh, will be presented.

Every cent contributed will go directly to the starving children of Armenia, there are no expenses, no tickets will be sold, but a collection taken, to which it is hoped the public will respond generously. Mrs. Roy Britton, the local chairman, will send the collection directly to headquarters, so that Britton will be credited with the full amount raised.

Most of the men of Armenia have been killed, the girls were sold into the Turkish harems. The nation consists mostly of women and children, and if these shall survive, less than a million of them now, depends on the pity of America.

BUSINESS CHANGE.

Albert W. VanDoren, who has been conducting a profitable garage business here for several years, has this week taken a partner in the person of George Houseman, who for three years has been an efficient auto salesman in Britton. Both men have grown to manhood in this vicinity and are well and favorably known, so their success is very probable.

They have rented of Eugene Service the west store building which he is occupying in his double furniture store, and as soon as Mr. Service gets his stock moved into the east store, they will put in a complete line of auto accessories and supplies. The council of the city has granted them permission to place their gasoline filling station in the street in front of the store and this will be transferred at once.

The repair garage will still be used on North Pearl street with the best mechanics available. Miss Mary Avery, the bookkeeper, will have her office in the new location.

The new firm will be known as VanDoren & Houseman. The two gentlemen went to Toledo yesterday on business connected with the establishment of their new venture.

INCREASE OF CAPITAL

Realizing the necessity of larger facilities to care for the rapid increase of business the stockholders of the TECUMSEH STATE SAVINGS BANK at a meeting of its stockholders held on the 8th, voted to

increase the cap[illegible] of the bank [illegible]0,000 to $50,000

effective January 1st.

The bank will have a capital stock of $50,000. Surplus $30,000, and a large undivided profit account, and will become one of the large banks of the county, with ample resources to render a full and broader service to financial and business interests, and continue its liberal service rendered in the past to the farmers of this section of the county.

The rapid growth of this bank during the past five years has come about without consolidation or merger with other banks and is due chiefly to one thing, satisfied customers. Customers who enjoy the spirit of hearty co-operation, the good will, and the friendly atmosphere which exists in this bank bring in other customers and thus the number of depositors grows.

THIS BANK IS A MEMBER OF THE FEDERAL RESERVE BANK, and is the depository for County, Township and School funds.

It has in addition to its large number of commercial depositors about 4,000 savings depositors to whom it has paid during this year over $16,000 interest on deposits. While the bank has paid its depositors liberally it has also made a profitable investment to its stockholders who receive this year 12 per cent cash dividend and 50 per cent stock dividend. Several financial and business men are becoming interested as stockholders.

A feature of this bank is the practical knowledge its officers have gained by years of study and experience in the selection of securities and investments, this they are always ready to impart to their customers. The advice costs nothing and many times saves poor investments, made in get-rich-quick concerns, and while bank deposits may not be increased perceptibly, a lot of money at least would stay in the pockets of owners instead of floating out of the community into wildcat schemes.

The stock in trade of any bank is its service. Realizing this a complete banking service with liberal accommodations to all customers based on conservative banking principles is offered by

BRADLEY OPERA HOUSE ATTRACTIONS

Saturday and Sunday.

Mary Miles Minter in "Judy of Rogues' Harbor" will be the main attraction at the Bradley opera house next Saturday evening, December 11. If you liked this charming little Miss in "Anne of Green Gables" you will love her in "Judy of Rogues' Harbor" for a story full of human interest that will pull your heart strings, that will make you sigh and sob, laugh and cry don't miss this wonderful production of Grace Miller White's famous story. You read the story of "Judy of Rogues' Harbor" and you liked it, you were thrilled by it, when you see it on the screen it is sure to receive your applause.

On Sunday evening, December 12, Olive Thomas will be seen in "The Spite Bride," her latest Select picture. Never was this charming star so alluring, vivacious and utterly captivating, never was she cast in a better role than in this drama of youthful impulse, full of thrills, tears, smiles and adventure.

An extra comedy will be on the program each evening, a "Lion" comedy Saturday night and a "Capitol" comedy Sunday evening. The first of the series of Red Cross pictures on Reconstruction and Americanization will also be on the Sunday program only.

"Up in Mabel's Room."

Could anything be more harmless than a pink chemise? And, for that matter could anything be more insignificant than an acorn from which great oaks grow? So it was from a pink chemise—which unfortunately had a tell-tale inscription—that all the complications arose that made Garry so unhappy, his wife so jealous, and made one of the great farce hits of the decade out of "Up in Mabel's Room," the famous New York success which A. H. Woods will present at the Bradley opera house Saturday, December 18.

In sending "Up in Mabel's Room" to Tecumseh Mr. Woods is sending his own city company direct from the Eltinge theater and with the complete production, both scenery and all stage furniture as well as all electrical effects and patrons seeing the production at the Bradley will see it just exactly as presented in all of the big cities as the stage at the Bradley is big enough to handle any of these productions.

When you consider that you are getting the same production and cast complete that cities like Flint, Jackson, Detroit and Chicago are getting and paying $2.00 to $3.00 per seat to see you will see that the prices charged for the Tecumseh engagement are very reasonable and within the reach of every one.

THREE weeks ago we ran an advertisement about our Coke. This add has sold a lot of coke to new customers. Many of these new customers have come back after a larger supply after buying just a little for trial.

If you have not tried any as yet you may be a big loser, for in most heating plants it gives perfect satisfaction; in a few plants it is not satisfactory at all. The only way you will know is to try some.

The price remains the same—$12.00 as it is, or $14.00 screened.

You have seen a lot in the newspapers about coal coming down in price. It is true that some grades have come down in price. It is also true that there is from $1.50 to $3.00 difference in the price between Mine Run coal (which means as it comes from the mine, which is about 50-50 dirt and coal) and Lump over a 2 to 3-inch screen. Do you want the fine coal? No. Everybody asks, "Have you some lump coal?" We are glad to say we have and it is nice, clean coal, very little ash, bone or smoke. If you have not received any, we suggest you place your order for some at once.

Those who have placed orders with us for hard coal are feeling pretty good just now, as we have just received three cars, one each of Chestnut, Stove and Egg size.

PRICE—$17.00 PER TON, DELIVERED

It may be that we will have just a little surplus not booked that we can spare.

A timely suggestion: Early in the spring order for next winter as we only take orders that we know we can fill. We get the same hard coal, the **PLYMOUTH**, that we have had for the past 15 years, and being the oldest coal dealers in town, these old contracts come in mighty handy just now.

Start Your Pigs Right!

From sow to ground feed is the logical step for young pigs if they're going to thrive from the start. Pigs love corn. But when it's ground up with other grain like oats or barley, and concentrates, they like it better. Also, they thrive on it better, because it is ALL digested. 20% of all grain fed whole, remember, goes through undigested—a waste. Grind your feed with a

SAMSON

The Samson Model M Tractor was designed to meet the requirements of those farmers who expect the utmost in tractor service and satisfaction.

Force feed lubrication is used, giving a constant supply of oil to all working parts. The transmission is enclosed from dust and runs in a constant oil bath, insuring long life. The high tension magneto furnishes an even hot spark regardless of the engine speed.

The Samson comes equipped with an 18-inch belt-pulley, platform, fenders, automatic governor which you will find are all extras on most tractors.

Power is ample to pull the strong, well built SAMSON two-bottom 14-inch plow anywhere.

It is impossible to clog a Type E cutter regardless how high the silo is with a Samson or how fast you feed the corn.

Works just as strong as a 6-roll husker.

It is simple and easy to operate and warranted for 12 months against defective parts. It comes to your farm with a positive guarantee to do the work to your satisfaction.

It is a good plan to get a tractor this winter, do the feed grinding, wood sawing and by spring you are ready to get the most from your investment while the other fellow is still thinking he might later buy a tractor.

Call and talk it over.

LANDIS SINGING ORCHESTRA

A musical entertainment event will be the appearance on the Lyceum course here Friday evening, December 17, of the Landis Singing orchestra.

Vocal and instrumental sextets are features of the program. All the members of the organization are vocalists, but emphasis will be put on instrumental music of "the kind that pleases." All music has been especially arranged to suit the exacting demands of the program.

Four men and two ladies compose the company, and there will be male and mixed vocal quartets, instrumental and vocal trios, duets and solos.

A majority of the members of the Landis Singing orchestra are soloists. M. L. Landis, director of the company, is one of the best trumpeters in America, and a feature of each program will be his rendition of "From the Shores of the Mighty Pacific," made famous from coast to coast by Herbert L. Clark, solo trumpeter with Sousa's band, under whose tutorship Mr. Landis studied.

Another soloist of real merit will be J. Paul Hoffberger, violinist, of the Philadelphia Conservatory of Music. Mr. Hoffberger's work both as a soloist and with the orchstra is of exceptional quality.

Other members of the company will be Leslie Macklyn, pianist; Verle Wilson, Cellist; Esther Witham Landis, trombonist, and Bob Duncan, a versatile trap drummer and xylophonist.

GAVE FINE ADDRESS ON PURITANISM

(Continued from Page One.)

that country. Other Puritans had continued to live in England during the persecutions. Puritans were a party in England in the English church.

"Protestantism was making itself felt in England. There grew up a party which demanded a more complete reformation of the English church, the rejection of everything which savored of Roman Catholicism and the conformity of doctrine ritual and morals with the New Testament ideals, hence they were called Puritans. The government tried to compel conformity with the established church which resulted in the persecution of the Puritans.

"Of the special contributions of the Puritans to our civilization, the first to be mentioned is God. The dominant idea of Puritanism is the individual might come directly to God independent of the church or the priesthood. Puritanism stood for clean conduct. It taught that faith in God must issue in holy living. It hated Roman Catholicism because it did not result in good morals and a pure social life.

"Puritanism laid the foundation of democracy in its pure morality. The Christianity of the middle ages had preached the base and demoralizing surrender of the individual, the surrender of his understanding to the church, his conscience to the priest and his will to the prince. The object of Puritanism was to educate the individual soul.

"Puritanism was by its very nature opposed to autocracy in government. It stood for constitutional government of the people.

"Puritanism has given civilization great, grave, strong, noble men, cultivating all the qualities which give grandeur to human nature. Popular conception of Puritanism and disrespect for it is not founded on fact.

"The superiority of North America over the nations of South America is due to the influence of our Puritan ancestors. There is at present a new manifestation of Puritan spirit in the National church of Czecho-Slovakia which has recently been established.

In some cases entire villages enroll themselves with the parish priest as members of the National church. The seed of a Puritan spirit is bringing forth fruit in the year of our Lord, 1920."

The musical numbers were of a patriotic nature. A fine solo was rendered by Lester Waring and a special number by the choir was the anthem, "Hail to Our Star-Gemmed Flag."

Two Ways of Burning Corn

Farmers in certain sections recently were reported burning corn instead of coal in their stoves. The country was shocked by such a state of affairs.

But a lot of farmers have been burning corn ever since they started farming—by shoveling it into the mouths of scrub hogs! And it's the most wasteful way of burning it—the stove at least returns heat, but the scrub hog doesn't even return thanks.

Farmers who are feeding corn to pure-bred hogs are not burning it up. They are selling it in the most profitable form and best paying market. The pure-bred, because of its body-building blood, its better hog qualities, converts the corn into thick layers of firm, well finished and rightly distributed meat. *It is the hog that tips the scales and tops the market.*

Don't burn your corn! Market it in the way that pays the biggest dividends—pure-bred hogs. Put a pure-bred boar at the head of your herd and begin grading up. Buy that better boar here and thus help home industry and our community...

The better farmer reads the better kind of farm paper. THE COUNTRY GENTLEMAN is that kind. Because of its interest in better farming, its editors and contributors are busy all over the country seeking out the better farm methods—the well-tried plans. It helps you to see new and profitable opportunies. It provides a lot of entertainment, too, with its splendid fiction and enjoyable humor in every issue. The address of the afternoon on "How Shall We Play the Game in the Front Yard" by Mrs. Jenny C. Law Hardy was not alone instructive but of vital interest to every woman present.

Mrs. Hardy cleverly explained that her subject did not deal with the condition in which one might find their front yard at this time of the year but that it dealt with the political game and that politics was not alone to be considered a game but a sacred duty and a privilege which the responsibilities of women have increased many fold.

Mrs. Hardy spoke feelingly of the pioneers in the suffrage movement with whom she had worked and of many that had passed away before they had seen the movement become a reality. That the average person did not realize what they had to deal with and under what handicaps they continued even unto the end.

The question, "What shall we do with the ballot?" was discussed thoroughly and women were urged to join political parties, Mrs. Hardy does not favor establishing a new party but urged that women join with the men in order to purify political parties, that women must use the ballot wisely and well in order not to lose the respect of the men voters who have given to them the ballot; that they must work not alone for women and children for then they would be only half citizens, but also for the boys and men as they are more apt to be tempted than women.

Regardless of political parties women must register and vote, if prohibition is defeated women will be to blame in the eyes of the men. No longer can they sing the old rhyme "I cant vote neither can Ma, if Michigan goes wet, blame it on Pa."

Mrs. Hardy thinks that women should hold office, not just because she is a woman, but through sheer ability and must be able to do the work of a man. She spoke of Jeanette Rankin as having seriously hurt the cause of suffrage and told of how Jeanette almost missed the bouquet intended for her on the opening day of Congress by being late. That a woman must do her duty even as a man without tears or the pleasure of gracefully fainting away, but that at no time need she forget her own dignity nor the courtesy that is her due.

She urged that the women voters should not take up fads and spoke regretfully of the damage done to the cause in England by Sylvia Pankhurst who had become a bolshevik and who was responsible for the serious labor conditions and strikes in Australia at the present time.

In closing Mrs. Hardy urged that all women familiarize themselves with every phase of political life, to study the problems presented and to vote only for men or women who are willing and able to carry out those ideas which make for a better life to ourselves and our community.

fine talk abounding with wit and wisdom which was greatly appreciated by the big audience. The next speaker was E. T. Armstrong who made a few brief remarks and in turn was followed by the speaker of the occasion, Rev. Wm. H. Phelps of Battle Creek, Mich.

Rev. Phelps is a finished speaker in every sense of the word and his address was most effectively presented. It abounded in the finest rhetoric and was replete with vivid illustrations and invincible in logic. He held his listeners in rapt attention as he pleaded with the men and boys to live the clean life and take as their guide and counsellor, the great Master. His address was enthusiastically received and doubtless made a very lasting impression for good.

Rev. Phelps was followed by H. E. Mitchell who gave in a few words an account of his trip to Jackson in the interests of the Brotherhood and he presented his observations in a very pleasing and happy manner. The speaking was closed with a talk by the Rev. J. Fulton Kiskaddon who cut his remarks very short because of the lateness of the hour, but he outlined the object of the gathering in a brief but very effective manner and it was with regret that he did not make a more extended talk as his addresses are not only intensely interesting but replete with pointed advice which strikes home to every listener with telling effect.

The music by the orchestra was inspiring and thoroughly enjoyed by all present, while the solo by Lester Waring brought forth a burst of applause which continued for some time in a vain effort to compel the young man to repeat, but he could not be prevailed upon to appear. Fred Dickinson as song leader was excellent and he led the big congregation in a splendid song service.

President Whelan and the Brotherhood can be congratulated upon the complete success of the entire evening for it was certainly a delightful, inspiring gathering of men and boys which cannot help but produce effective results.

POMONA GRANGE GAVE FINE PROGRAM

(Continued from Page One)

Ranger, Tex., an oil town, and neither there nor in Halsted street, Chicago, or the slums of San Francisco, did they see a man drunk, but the contrast on reaching New Zealand was awful. There many men in uniform were reeling about the street, for whisky got them in the interval between army and civil life. So these men who had done so much for the world were made the laughing stock of the children of the nation. The saloon men of the United States are defaming this nation in New Zealand, saying since the country had gone dry the people were being made sots, even the women becoming drunk at their club gatherings, that we are drinking ourselves to death on wood alcohol.

Mrs. Hardy appealed to the grange as the order standing back of all good reforms to see that the people given political offices be sworn to uphold prohibition laws. She told the women that they would be blamed if a law slips by as the men had first voted the state dry. She admonished them to play the game of politics openly and honestly. "If good women won't vote, bad women will. It's up to the women of this country to keep this country on this plane."

Rev. F. A. Perry of Adrian had been one of the candidates in the fifth degree. He complimented the Grange as being in the vanguard in the question of woman's rights and such movements. The farmers, Rev. Perry thinks, live in advance of the people of the cities, living close to nature with time to think. In the crisis which is coming, the great thinking body of Grangers must act as the ballast and hold our craft straight to its course.

Miss Place, leader of the boys' and girls' clubs of the county, Miss Laura Comfort and George B. Horton of Fruit Ridge were other speakers.

A delightful musical program was given as follows:

Vocal solo—Miss Myra Grattan of Clayton.

Cornet solo—Lester Coller.

Vocal solo, "By the Waters of Minstako"—Mrs. R. S. Moore.

Vocal solo, "A Bird Song"—Miss Edna Taylor.

Vocal solo, "Let Miss Lindy Pass"—F. C. Dickinson.

Closing song, "The Farmer Feeds Them All."

Pomona Grange will hold its next meeting in Adrian the first Thursday in January.

Get Well

'Tis indeed hard to stand at one side while the stream of life flows by. A man or woman condemned to sickness that does not permit him or her to perform the active duties of life, to do his or her share of the world's work, is a pathetic figure deserving of sympathy.

Much sickness, pain and misery result from disordered kidneys and bladder. Failure of the kidneys to do their work properly and filter impurities out of the blood leads to rheumatic pains, backache, sore muscles, stiff or swollen joints, puffiness under eyes, foot-ing aricks, biliousness, bladder weakness, nervousness, or other symptoms of kidney trouble.

Foley Kidney Pills

are effective in removing the cause of the trouble for they strengthen and invigorate weak or deranged kidneys and help them to normal functioning so that the blood stream is purified and the cause of disease removed.

F. M. Platte (Brakeman), Sec'y Switchman's Union, 518 Blaine St., Peoria, Ill., writes: "Two bottles of Foley Kidney Pills relieved all symptoms of my kidney and bladder trouble, stopping the backache and pains, correcting the kidney action, clearing secretions. I am also freed from dizziness and floating specks before my eyes. Foley Kidney Pills cured me and have my earliest recommendation."

Catarrhal Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarrhal Deafness, and that is by a constitutional remedy. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces.

ONE HUNDRED DOLLARS for any case of Catarrhal Deafness that cannot be cured by HALL'S CATARRH MEDICINE.

Lessons in Saving

can be taught the youthful minds much easier than when older. Every parent or person in charge of children should teach them to save a portion of their pennies and nickels and put them not only where they will be safe, but earn something.

It will surprise you to see how easily the child learns the lesson of saving and the earning power of money. The greatest lesson in the school of life is the lesson of Thrift.

Evangelistic Band Is Given Banquet

Tecumseh Baptists Royally Entertain Boys From U. of M. at Big Feed—Excellent Program Given.

Six young men, members of the Baptist Evangelistic Band of the U. of M., spent the week end with the Tecumseh Baptists. Friday evening a banquet was given at the church in their honor. Seated at the speakers' table were the honor guests, Pastor and Mrs. Curtis and the officers of the B. Y. P. U.

After all had partaken of the bountiful supper served in the church parlors, the president of the local B. Y. P. U., Miss Ethel Curtis, on behalf of the society welcomed the young men to our midst and fittingly introduced the leader of the band, Lionel Crocker, whom many remembered as having been here with the band some seven years ago. Mr. Crocker in turn cleverly introduced each of the young men of the group who told in a few brief remarks "Why I am a Member of the Evangelistic Band."

It is with pride that we mention the fact that Tecumseh's own Perry Hayden is one of the band and needless to say his genial, witty and pointed remarks lent much of interest to the evening's program. The usual good-natured banter in jest and song kept things lively and a most enjoyable evening closed with music and games.

A hike and lunch in the woods was planned for Saturday but owing to the inclement weather games and stunts were enjoyed at the high school gymnasium.

Sunday was a full day at the church with all the services conducted by the band. The vocal and instrumental music rendered by the band added zest to the services and the inspiration gathered from the association with those earnest wide-awake young men will be a potent factor in the lives of all who attended the services.

After a song service four of the boys gave addresses on the topic, "Did Jesus Fail?" This was a very interesting service and proved the success of the Kingdom of God in the world today, and closed with a statement that Jesus will not fail any one nor the world at large today. Sunday morning the boys gathered early at the church with a number of the people for prayer. It was suggestive to all to know that before each service the boys would gather some where in secret and in a circle with arms thrown around each others shoulders each in turn would pray for guidance and help in the service. At this meeting four strong address were made on making decisions. They had complete management of the Sunday school, teaching all the classes. At the close of the Sunday school, as the invitation was given 25 came forward and consecrated themselves to Christ. The whole class of 16 boys, the Scouts, that are taught by the pastor, came in a body. Sunday afternoon at 4 o'clock about 90 boys and girls gathered and were given a chalk talk by Smiley as well as instrumental and vocal music. The Juniors of the Friends church came over in a body to this meeting. Many had to stand up at this service. The Young People's service at 5:45 was equally as good and room was at a premium. The evening service was well attended and four good addresses on the Christian life were given. Many heart-felt "good byes" were said. After a luncheon given at the McNeil home the boys were taken to Ann Arbor by Fay VanValkenburg and Pastor Curtis. We shall hope to have the boys again in the near future.

Some weeks ago the subject of a municipal Christmas tree was discussed in the Monday club. The idea grew until now it is an assured fact that Tecumseh is thus to celebrate the birth of the Holy Child. The council has voted to join in the project, Mayor Hines calling a meeting of all interested at the council building tomorow evening at 7:30 o'clock. Representatives are expected from each church and lodge and the Monday club, for every child in the city must be remembered.

PARENT-TEACHERS MEET

Work of the scholars was viewed with great interest at the school last evening when the Parent-Teachers' association met and went from room to room. The drawings in Miss Caldwell's room and the prety wool dresses completed in thed omestic science room probably drew the most attention but some of the work on display in the smaller grades was remarkable.

As the crowd was small at the beginning of the business meeting, Mis Wimple hospitably opened her class room but before the close chairs had to be brought in to accommodate the company. The meeting was called to order by the president, Mrs. John McIntyre, for discussion as to the advisability of continuing this association. That item was soon disposed of by the members planning for work in the future for the organization.

By motion it was decided that a constitution be formed according to the state plan. The committee appointed for this was Supt. E. E. Crampton, Mrs. F. C. Dickinson and Mrs. L. E. Temple.

Miss Nina Lowry told of the work of other associations and others spoke of the work done by associations in Adrian.

A committee was named as follows to make a drive for members and plan for the January meeting: Mrs. Franc Gillespie, Mrs. W. D. Reed, Mrs. C. A. Barber, Miss Ni~~na Lowry,~~ Miss Mildred Boyce, Mrs. Charles Deery, Earl McNeil, Mrs. Leon Temple, Mrs. John Herring and Mrs. Hoyt Whelan.

The meeting then adjourned with enthusiastic crowds formed about the room discussing new phases to the venture and the good which will acrue.

Tecumseh to Have A Community Tree

Committees Appointed to Make All Arrangements—The Monday Club Set Idea in Motion—All Support It.

A community tree for Tecumseh is an assured fact. Quite a good sized company gathered at the council building Friday evening at the call of Mayor George Hines to arrange this Christmas celebration. The Monday club ladies started the ball rolling at a reecnt meeting, inviting the co-operation of the city council. These men in turn rested the matter with the mayor.

At Friday night's meeting Mayor Hines presided and Rev. W. R. Curtis acted as secretary. The following committees were appointed to complete the arrangements:

To secure a tree—F. S. Turner, John T. Boyce, Mrs. Franc S. Gillespie.

Decorations—Mrs. J. D. Shull, Mrs. Eleanor Hardenburgh, Rev. J. J. Preston and L. J. Heesen.

Program and music—Mrs. R. S. Moore, Mrs. Thomas McCann and Rev. Edward Escolme.

Preparing goodies for the children—Mrs. F. S. Turner, Mrs. Leon Rosacrans and Mrs. Charles Deery.

Soliciting funds—Ernest Van Vleet, J. T. Boyce, Rev. W. R. Curtis and Rev. J. F. Kiskaddon.

It is planned to erect the tree on the four corners before Christmas, to beautify it with vari-colored electric bulbs and pretty decorations, then on Christmas eve a great crowd of singers will gather around the tree and sing carols. Later, as it is now planned, every child in town is to receive a treat of some sort.

At 6 o'clock that night the carolers are to start out in groups and sing carols before every home where there is an invitation in the form of a lighted candle in the window.

The different church choirs of the town are to participate in the music, as well as the school children.

The tree with its load of pretty baubles and electric display will remain on the main four corners during the whole holiday week, thus impressing the Christmas spirit in a community way.

FOR A BETTER PAPER.

In keeping with our policy to make The Herald the best country paper, outside of a county seat town, in the state we have asked two of our advertisers to take a position on the inside of the paper and thus leave the front page entirely for news and our church announcements.

We are pleased to say that both readily complied in order to help us make good and you will hereafter find Fred Rosacrans & Sons at the top of page two and the Tecumseh State Savings Bank at the top of page four.

We believe our subscribers will appreciate our efforts to make the paper the best possible and we all greatly appreciate the kindness of these two firms in accepting an inside position for the same reason. Look for their ads on the pages named.

Wit-Wisdom Club Met at Brown Home

Dr. and Mrs. E. D. Brown Are Genial Hosts—Good Program Enjoyed—Christmas Carols Are Practiced.

In spite of the wind and rain of Monday evening, the meeting of the Wit and Wisdom club was well attended. Dr. and Mrs. E. D. Brown were the hosts with Mrs. F. S. Turner leader.

The program was given almost entirely by the children of the members, the numbers being as follows:

Piano solo—Gertrude Turner.

Original poem—Norman Long.

Recitation — Josephine Crampton.

Reading—Miss Vie Temple.

Recitation—Margaret Turner.

Story—Mrs. A. O. Howard.

Piano solo—Mrs. W. G. Waldron.

The Christmas carols were practiced with spirit. During the social hour Dr. and Mrs. Brown served refreshments.

H. BREWER & CO. MAKES GOOD SHOWING

W. F. MacGlashen of the Beaver Board Company and D. J. Carson of the Acme Steel and Malleable Iron Works, both of Buffalo, N. Y., were in Tecumseh Saturday, December 11, and together with the local officers convened in the last directors' meeting for 1920 of H. Brewer & Co. and the Republic Iron Works. It developed at the meeting that this industry was the only one in this vicinity whose operations had not recently been curtailed or suspended and a more intensive sales program covering clay machinery and concrete mixers for 1921 was arranged through a prominent advertising agency in Toledo, three representatives of which were also present at the meeting.

Although earlier in the year it was necessary for the company to lease a number of dwelling houses to take care of their employes, it was reported that seven new homes had been built in the town during the summer and general housing conditions here were now in very good shape.

Equally interesting to the stockholders, no doubt, is the fact that the directors found the finances of the company to be in excellent condition and ordered the payment of the usual 3 per cent semi-annual dividend upon January 1.

GRANGE ELECTS OFFICERS.

At a meeting of the local Grange last Saturday, a very profitable and enjoyable session was held with a pot luck dinner as a part of the program.

After the other business had been disposed of the following officers were elected:

M.—Fred Sheldon.

O.—Henry Raymond.

L.—O. W. Laidlaw.

S.—Floyd Bryan.

Asst. S.—E. H. McConnell.

Chap.—Mrs. Mary Ives.

L. Ast. S.—Mrs. E. H. McConnell.

G. K.—John Carson.

Treasurer—J. D. VanVleet.

Ceres—Miss Edith Smith.

Pomona—Mrs. J. O. Eaton.

Flora—Mrs. J. D. VanVleet.

Insurance Director—W. B. Keyser.

Purchasing Agent—C. H. Snedecor.

HOLD ALL DAY MEETING.

The Ladies' Union of the Baptist church held an all day meeting last Thursday at the church. The morning was spent in sewing and at noon a pot luck dinner was enjoyed.

At 2:30 the business meeting was called to order with the president, Mrs. W. R. Curtis, presiding. It being the annual election of officers, the following were chosen to represent the society for the coming year: President, Mrs. W. R. Curtis; vice president, Mrs. Ira Ashley; secretary, Mrs. A. C. Bryan; treasurer, Mrs. J. K. Waldron, and missionary treasurer, Mrs. O. B. Finch.

After the business meeting Miss Ruth Daniels, missionary for five years to Midnapore, India, gave a most interesting account of her work in India. Miss Daniels has a charming presence and held the closest attention of all present. She spoke of the Christian schools and what great influence they have had in the past and what the future holds for them. Miss Daniels donned the native costume and told many touching incidents of life in India. At the close of her talk Mrs. R. S. Moore favored the audience with a beautiful vocal selection, "The Voice in the Wilderness."

Starvation Stalks Throughout Europe

Council for Relief Starts Drive to Save Women and Children—Every Community Asked to Assist.

Last Thursday Mayor George Hines received a telegram from the European Relief Council asking for aid to keep the women and children of parts of that country from starving, and pursuant thereto he isues the following proclamation. We publish both that our good people may be better informed on the conditions over there.

Detroit, Mich., Dec. 8.

On the 19th day of December the European Relief Council, of which Mr. Herbert Hoover is chairman, starts a national campaign for 33 million dollars. This collection is all that stands between three million five hundred thousand of Europe's children and starvation. Wires have been sent to representative men in each county in this state to act as chairmen of committees. Many have accepted and some few have refused. May I call upon you as the mayor of your city to issue a procalamation urging the people of your city and surrounding territory to enter into this campaign so that Michigan may respond to this most human of all calls. We can save these children or we can let them die.

A Proclamation.

Pursuant to a call from the European Relief Council to assist in their drive to raise funds for the relief of those parts of Europe in imminent danger of starvation, I herewith call upon the people of this community to assist in this drive as far as their means may permit and their conscience dictates.

It is indeed a worthy cause and deserves our unselfish support which can best be expressed by such contributions as we are able to make and our moral support to a high degree.

George Hines,
President of Village.

IS SPRING HERE?

Monday morning when we started for the office it was raining one of the most spring like showers we have ever encountered. The ground was not frozen anywhere and the weather was as warm as summer.

Sunday was one of the most perfect summer days one ever saw. The sun shone as bright as on a June day and the air was as warm and balmy as it is when old mother nature is trying to coax the flowers from out their long winter sleep.

After arriving at the office our good friend Henry Stevens dropped in and showed us a lilac stem with the buds starting out just as they do in May. He also informed us that the pie plant was commencing to grow all of which to those who have fled to the sunny south to escape the rigors of a northern winter will be surprising and, so far they have escaped nothing but a real spring.

LITTLE ONE AT REST.

Arthur Clare, the 18-months-old son of Mr. and Mrs. Alvin Brazee, passed away Sunday night, December 5, in their far-off home near Chinook, Mont. The three children have had whooping cough all last summer, it leaving them with a bad cough yet. The little fellow had a choking spell Saturday before but was better in a few minutes, excepting a little noise in its throat when it breathed. It slept good that night and was in its usual good health all day Sunday, but still the ominous noise in the throat. That night a second choking spell began and before the father could get a doctor to the cabin the little son was no more.

Kind neighbors soon filled the home, arranging things so the young couple and their two children could accompany the remains of the baby to the old home at Tecumseh. Here they arrived Friday, the infant being buried in Brookside cemetery.

Mr. Brazee has for ten years been in Montana, for eight years teaching in the school adjoining his ranch. He is the son of Mr. and Mrs. Arthur Brazee and Mrs. Brazee the daughter of Mr. and Mrs. E. T. Smith, so their hosts of Tecumseh friends are welcoming them back to the home town and hoping they will remain. Mr. Brazee has resigned his school and leased the ranch, planning to stay east as long as possible.

The [illegible] morning and evening congregations is very gratifying to pastor and people. The morning sermons are such as to cause you to think and to make you realize the advantage of the Christian life.

Next Sunday morning the sermon will deal with the question of "The Magnetism of the Cross, or Is the Gospel a Sufficient Attraction Now-a-Days or do We Need Mechanical Aids."

Sunday school at the close of the morning service.

Sunday night—People's popular service. A splendid turn out last Sunday. Next Sunday being the Sunday before Christmas the pastor will tell Henry VanDyke's story of "Hermas or the Lost Word." DONATIONS WANTED FOR COMMUNITY TREE.

The committee in charge of the arrangements for pop corn and candy to be used at the community tree asks that everyone who can, please donate pop corn and candy or apples so that every child, old or young, will be supplied with a big sack of these delicacies so dear to the kiddies, and which makes the tree a real one to all.

Especially is it desired that pop corn balls be furnished and the candy or apples as a second choice. Take your offering to the home of Mrs. J. D. Shull on East Chicago street on Wednesday, December 22, or Thursday, December 23, and the committee will use it to help fill stockings for the little folks.

The committee in charge of this work is Mrs. F. S. Turner, Mrs. Leon Rosacrans and Mrs. Chas. Deery. Do your bit and contribute freely to the success of this splendid community enterprise.

Mrs. Glenn Tansley Leads Fine Program

Monday Club Observes Anniversary of Pilgrim Landing—Interesting Numbers Given—Plans For Community Tree Developed.

The different leaders of the Monday club programs have this year endeavored to make their programs more interesting than those who have preceded them. So on Monday when the program was in celebration of the 300th anniversary of the landing of the Pilgrims, Mrs. Glenn Tansley, the leader presented very enjoyable numbers.

The first was a vocal solo by Mrs. R. S. Moore, "The Pilgrim Fathers." An exceedingly fine paper followed, "The Story of the Pilgrims," by Mrs. H. R. Conklin. Mrs. Tansley gave a sketch of the play, "Standish of Standish," and with Mrs. W. F. Fisher gave an act "The Pleading of John Alden." Both were in the old Pilgrim garb, Mrs. Tansley seated before a spinning wheel.

The community singing for the day was of Christmas carols which will be sung around the great municipal tree Christmas eve.

The Club ladies were asked to provide the goodies for the children of the town to be distributed from this tree, these being homemade candy, pop corn balls and bright, red apples. These gifts are to be left at the home of Mrs. J. D. Shull either next Wednesday or Thursday.

The club is now taking the holiday adjournment, to meet again January 3, when Mrs. N. A. Howland will give one of her inimitable original stories and Mrs. W. D. Reed will discuss Wm. Dean Howells.

WEEK OF PRAYER.

At a meeting of the ministers Monday afternoon it was decided to observe the Week of Prayer in Tecumseh. This falls on the first week in January. The following plan for the services was adopted:

Monday, January 3—Friends church; Rev. J. F. Kiskaddon.

Tuesday, January 4—Episcopal church; Rev. W. A. Gregory.

Wednesday, January 5—Baptist church; Rev. J. J. Preston.

Thursday, January 6—Methodist church; Rev. Edward Escolme.

Friday, January 7—Presbyterian church—Rev. W. R. Curtis.

WIND BLOWS GALE.

The terrific wind of Tuesday morning was not far short of a tornado. Electric and telephone wires were down all over the country, the men of both companies having been busy since in repairing the damage. Out at the Stoepel and Wilson farm a limb was broken from a tree and smashed into a large plate glass window.

The only serious personal injury of which we can learn is an accident which befell Jay St. John. While enroute from his home to the Lenawee Lumber Company's yards, as he was passing the Langthorne place, a limb was broken from a tree and struck Mr. St. John across the shoulders, injuring his back severely. He has been unable to work since.

GIVEN RECEPTION.

In recognition of the loyal support of their organization for these many years, the Baptist congregation gave a very pleasant reception Monday evening for Mr. and Mrs. O. B. Finch at the church. Mr. and Mrs. Finch had been planning to spend the winter with their son, Delmar, and family in Parkersburg, W. Va., so their friends held this party as a "good bye" until spring comes again.

Nearly 70 were in the company, arranging a great pot luck supper. Then one of the men went for the honored couple and their surprise was complete when they walked into the church to behold such a large gathering. After the supper "Blest Be the Tie That Binds" was sung. Dr. North, as one of the older and loyal friends, presented, in behalf of the company, to Mrs. Finch a purse and to Mr. Finch a watch chain. Then was sung "God Be With You 'Till We Meet Again" and that was the wish in every heart as they bid Mr. and Mrs. Finch "good bye."

Mr. and Mrs. Finch started this morning for their son's home.

ENTERTAINED GUILD.

Mrs. Henry McClure, Mrs. Will Stewart and Miss Vesta Wilson were hostesses for the Westminster Guild Friday evening when they met at Mrs. McClure's home. Mrs. Fred Dickinson conducted the devotionals, and the president, Mrs. Frank Nyland, called a eshort business session. "Homes and Housing" was the subject discussed by Miss Grace Gillespie. The hostess served refreshments.

The Guild plans to hold a Christmas party at the Presbyterian church in holiday week, when their husbands or friends will be their guests.

ARMENIAN RELIEF CONCERT IN TIPTON.

An entertainment for the benefit of the starving children of Armenia will be given in the Congregational church, Tipton, on Friday, December 17, at 7:30, standard time. The same high class program given in Tecumseh recently will be presented. Help the needy Armenians by being present.

ANN ARBOR BEATS TECUMSEH.

At the volleyball played at the high school gym last Wednesday night, the Ann Arbor team won from Tecumseh, taking the first three games.

The Ann Arbor taem had Nelson of the U. of M., who played full-back on the football team and another 1910 all American man so that they surely came over with the best they had.

However, the Tecumseh boys gave them a stiff game which was much enjoyed by a large crowd.

Military Funeral Is To Be Given Heroes

Underwood-Orr Post in Charge—Arrangements Are Being Completed—Final Announcements Later.

Arrangements are being completed to properly conduct the funeral of two of Tecumseh's young heroes who lost their lives in the late war.

It is most fitting that this whole community take part in the services and the business houses will be closed during the services.

Complete arrangements will be announced as soon as the bodies of David Underwood and Wilfred Orr arrive in Tecumseh.

It is expected that every service man will be out in uniform as well as the Boy Scouts.

The funeral will be held at the Presbyterian church and seats will be reserved for the G. A. R.

The general public is invited to attend and Tecumseh will surely show its solemn respect and gratitude to these young heroes who made the supreme sacrifice for us.

Anyone who can loan an auto for use at these funerals please leave name with Percy Bowen.

KIDS GOING WRONG.

Reports of a reliable nature come to this office of three boys who called on a well known man of this town and solicited a contribution for the Red Cross.

He gave them a check for $1.50 and they had the same cashed by another business man since which they have laid low.

These boys are only about 10 or 12 years of age but are on their way to trouble unless they mend their ways completely and are taught what it means to break the law. It is also reported that they have solicited funds from other parties without proper authority.

Parents should be very strict on such actions when found out or the law will lay hold and probably punish them according to their sins against society. A good old fashioned strap would be useful if vigorously used in the right spot.

Catarrhal Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarrhal Deafness, and that is by a constitutional remedy. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces.

Writes Interesting Letter to Mother

Gus Kempf Gives Excellent Description of Porto Rico and Its People—Is a Chemist in Sugar Factory.

The following exceedingly interesting letter from A. G. Kempf of Porto Rico was received by his mother, Mrs. Henry Kempf, and we prevailed upon Mrs. Kempf to allow us to publish it as it is of general interest and a very "newsy" description of our island possession.—(The Editor.)

Ensenada, P. R., Nev. 28, 1920.

Dear Mother:

After a long and tiresome train ride from San Juan, I arrived here at 5:30 p. m. Friday evening. You ought to have seen the train we traveled on. The engine is a small, dinky affair, and so are the coaches. The track is narrow, it being only about 40 inches wide. From that you can readily imagine the size train able to run over it.

We left San Juan at 7:20 a. m. and saw just one sight after another. The people in San Juan dress very good, but when one gets out in the country among the mountains, one finds that most of the natives put on just enough to cover their nakedness. Its nothing to see children up to about 10 years running around in their birthday suit only. This is in their homes, not in towns or villages, for then the parents and all, put on the best they have, and they look swell, too. The girls are the same as in the states, for I notice on the train that they carried that much-needed looking glass and powder puff. Of course, as they are of a tan color you can imagine what powder will do.

This island, being under the United States government, the natives have adopted the American fashions of dress. They have a good taste for dress, too. The men dress mostly in Palm Beach suits. The women have pretty nifty dresses, but I don't believe they use as giddy colors as the U. S. women do.

The homes around the villages or sugar centrales are well built, though small and of two to five rooms only. Out in the mountains the homes are nothing more than a very large box with a roof made of sugar cane stalks and leaves. They consist only of one room, and from what I saw from the train, they must all sleep on the floor. If they have any pigs or chickens, these stay under the house, so one roof covers live stock and everything. A sight that particularly drew my attention was to see their pigs tied out to pasture, as one sees cows pastured in Michigan. And the pigs look like those razorbacks in Europe. The horses here are used for riding only. There seem to be very few buggies or hacks. Yokes of oxen do the farm work. Its a great sight to see three yoke of oxen pulling an American plow. They are so well trained that the man behind the plow has nothing to do except guide the plow, and by their actions that seemed very hard. Another man or boy goes alongside the oxen and keeps them moving with a long rod. Man or beast is never in a hurry, and by their actions I believe their motto must be "Don't do today what you can just as well do tomorrow." I found this out in their train service also, for they took plenty of time every station. We were delayed an hour at noon as our engine broke down, and we had to wait until another one came. That's the most tiresome train ride I ever had, the seats were stiff-backed, so that one could not relax, and the track was so crooked that I'll bet a snake would break his back trying to follow it. First the sun would be on one side and then on the other, one minute you would be going through a deep culvert and the next going over a bridge across a deep valley. On going across one, I looked out of the window and believe it must have been 500 or 600 feet to the bottom. Some drop, eh? About all the tillable soil was planted to sugar cane, and I saw very little corn and no other grain.

I saw any number of cocoanut groves, some grapefruit groves, and very few orange groves. Most of them are farther inland. You see this railroad runs around the edge of the island and not through it, so at times the train ran along the seashore. I also saw a few banana trees. At one station Paschal bought some bananas and the natives gave him a whole armful for a nickel, and they tasted fine, too. Nothing like what you buy at home. At 1 o'clock we stopped at some town, the name of which I have forgotten, and got dinner. We were very hungry and sure had a good feed. It only cost 80c each. That bill of fare in Detroit would have cost at least $2.

Here at Ensenada the company has a large club house and restaurant. The feed is very good, and my room in the club overlooks the Bay of Guanica, from which a cool breeze blows continually. This makes the room very cool for sleeping, but all beds are protected over head with a muslin cage, to keep out bugs and mosquitos.

The laboratory of the sugar mill is only a five minutes' walk so I haven't far to go to work. The mill is the largest on the island is some different from a beet factory. They will start grinding December 6, so I'll have a week yet before hard work begins. Mr. Hale is chief chemist and is a prince of a fellow, too.

There being only about 150 Americans here, they all become friends at once, so none of them will become homesick. The club has a large dance hall with a piano and victrola. Also a fair sized library containing the latest American magazines. A tennis court, ball grounds, etc., are also some of the attractions. Everything is for the use of the Americans here. They gave a dance last evening and I was surprised at the American girls I saw. You see, there are American school teachers on this island and last night's event sure brought them in. All being strangers, everyone seemed to have a good time.

Well, mother, I promised to play ball this afternoon, so will close for this time. Mail only comes here twice a week, so write often. I haven't heard of a thing from Michigan since I left (November 18). What's going on there?

Love to you all,
Gus.

At a special convocation of Tecumseh Chapter, No. 42, R. A. M., last night the P. & M. E. M. degree was conferred on nine candidates.

A postal from L. D. Kenyon, written December 3 at San Bernadino, Calif., has recently been received by Rev. Edward Escolme. Mr. Kenyon enjoyed his trip west and was enraptured with the beautiful scenery.

The high wind of Tuesday morning damaged the farm home of Frank Pratt just north of town. The decking from the top of the square roof was blown away leaving an opening 8x10. The barn was undamaged as was reported elsewhere.

As Noel Sudborough was coming up town from school yesterday he was run down on the corner at Moore's store by an auto driven by Charles Lee. The men in the machine picked the lad up and took him to Dr. P. B. Hardy's office where his injuries were found to consist of a gash in his head and bruises on his foot. The men also took the injured young man to his home south of Holloway.

Mrs. J. F. Jenkins passed away Sunday at the home of her daughter, Mrs. Florence Lockwood in South Bend, Ind. The remains were brought here yesterday afternoon for burial. Accompanying the body were the two daughters, Mrs. Mabel Hendrickson, of Chicago and Mrs. Lockwood, and the one son, Milton, of Dayton, Ohio, also the one grandson, Russell Lockwood. Mrs. Jenkins, who was 81 years of age, was the widow of Dr. Jenkins, a prominent physician of Tecumseh for many years. Mrs. Jenkins had lived with her daughter for the past 11 years.

The pageant at the Baptist church Sunday evening was used at St. Paul's church in Brockton, Mass., last year. It was decided to make it an annual affair at that church because of its beauty and strong impression.

George C. Hawkes, who has resigned as the night watchman at the American Steel and Wire Co. plant, will have an auction of household goods on Saturday, December 18, at 1 o'clock at the old Vendoma hotel. See his announcement elsewhere.

Last Wednesday Rev. Edward Escolme took supper with Rev. and Mrs. C. M. Thompson in their new home at Birmingham, Mich. Mr. Escolme reports that they have a pretty home in a beautiful residence district. Rev. Thompson asked that they be remembered to old Tecumseh friends.

Celebrating Mrs. James Foster's birthday a small party of her friends took advantage of her absence at church Sunday morning and arranged a fine dinner to greet her on her return. The guests were Mr. and Mrs. David McWilliams and daughters, Mr. and Mrs. Howard Goodsell of Clinton and Mr. and Mrs. Albert Foster. Some pretty presents were received by Mrs. Foster.

BRADLEY OPERA HOUSE ATTRACTIONS

A. H. Woods' Big New York Production "Up in Mabel's Room," Saturday Night.

The exquisite, satin pajamas, worn by beautiful Miss Alger in the second act of "Up in Mabel's Room," the famous farce-comedy which A. H. Woods will present at the Bradley opera house, Tecumseh, Saturday, December 18, have created something of a sensation since they were first seen.

Tecumseh people have a great treat in store for them in the presentation of "Up in Mabel's Room" as they will see the big city show just as they would see it if presented in Detroit or Chicago. A complete scenic production is carried and all stage settings, including furniture, electrical effects, etc., are carried complete.

Owing to the fact that the date comes on a Saturday night and at the request of many who would like to attend, the management of the Bradley will hold the curtain until 8:45, which will make it possible for many to arrange to attend who could not do so with the show starting at its regular time. The theater box office will be open at 7:00 p. m. for the sale of tickets, the theatre will be open at 7:30 and the performance will start at 8:45 p. m.Get your trading done early and don't miss the biggest and only road show in sight for Tecumseh this season.

Constance Binney as Barnabetta in Erstwhile Susan" Sunday Evening.

Of all the fine characterizations which marks Constance Binney's screen creation of Barnabetta, the forlorn little heroine of "Erstwhile Susan," perhaps the two highest points are reached when she depicts the girl on the occasions of her first kiss and her first laugh. Here are the two rarest and most-to-be-treasured moments in the life of any girl budding into the flower of maturity. "Erstwhile Susan" will be seen at the Bradley opera house next Sunday evening, December 19.

The preciousness of these two events was emphasized, in the case of Barnabetta, since she had lost her mother at birth and the drudgery imposed on her by a stern father and two loutish brothers left neither time nor inclination for laughing or kissing.

A new "Capitol" comedy and the second of the Red Cross films will complete the Sunday evening program.

Two Ways of Burning Corn

Farmers in certain sections recently were reported burning corn instead of coal in their stoves. The country was shocked by such a state of affairs.

But a lot of farmers have been burning corn ever since they started farming—by shoveling it into the mouths of scrub hogs! And it's the most wasteful way of burning it—the stove at least returns heat, but the scrub hog doesn't even return thanks.

Farmers who are feeding corn to pure-bred hogs are not burning it up. They are selling it in the most profitable form and best paying market. The pure-bred, because of its body-building blood, its better hog qualities, converts the corn into thick layers of firm, well finished and rightly distributed meat. *It is the hog that tips the scales and tops the market.*

Don't burn your corn! Market it in the way that pays the biggest dividends—pure-bred hogs. Put a pure-bred boar at the head of your herd and begin grading up. Buy that better boar here and thus help home industry and our community.

The better farmer reads the better kind of farm paper. THE COUNTRY GENTLEMAN is that kind. Because of its interest in better farming, its editors and contributors are busy all over the country seeking out the better farm methods—the well-tried plans. It helps you to see new and profitable opportunies. It provides a lot of entertainment, too, with its splendid fiction and enjoyable humor in every issue. A dollar will bring you this big national weekly for a whole year,—52 issues. Our secretary will look after your order.

I'm glad to see you pushing our organization with good advertising. And here's my dollar for THE COUNTRY GENTLEMAN for one year. The two go well together.

DOES IT PAY TO WORRY ABOUT APPENDICITIS?

Can appendicitis be guarded against? Yes, by preventing intestinal infection. The intestinal antiseptic, Adler-i-ka, acts on BOTH upper and lower bowel removing ALL foul, decaying matter which might start infection. EXCELLENT for gas on stomach or chronic constipation. It removes matter which you never thought was in your system and which nothing else can dislodge. One man reports it is unbelievable the awful impurities Adler-i-ka brought out. B. J. Kniffen of this place; Samuel Kniffen of Superior, Wis.; and one sister, Mrs. L. E. Hause of Clinton.

A quiet wedding took place a few days ago in Toledo when Miss Dona Pilbeam became the wife of Thomas Gamboe. The bride, the daughter of Mr. and Mrs. Chester Pilbeam, is one of our popular young ladies, an active church worker, a graduate of our schools, an efficient teacher in the public schools and at present has charge of the lower grades in the Ridge-schools. The groom, the son of Mr. and Mrs. John Gamboe, is a hustling young farmer. For the present they will make their home with her parents. There are many friends who join in the heartiest of congratulations.

The school fair, held Friday evening was a big success and netted a considerable sum which is to be used for equipment. Rev. J. C. DeRemer acquired the bag, Milburn Preston the lamp and a traveling man the quilt. C. D. Zeluff as auctioneer finished the job so there was nothing left over. In the program that consisted of a band (?) by the primaries, seven jumps by seven boys, a reading by Lillian Palmer and gypsy song by 20 misses, the atendance was so large that it had to be given twice. Many remained for the second show. A good time was also had at the lunch counter and various other amusements. The teachers are deserving of much credit for the success of the undertaking.

The following case is but one of many occurring daily in Tecumseh. It is an easy matter to verify it. You cannot ask for better proof.

Geo. Harriott, prop. of wholesale butcher business, 205 Oneida St., Tecumseh, says: "I don't know of any remedy I could recommend more highly than Doan's Kidney Pills. They certainly proved very beneficial in my case. My kidneys were weak and the secretions were unnatural. Backache was especially troublesome when I went to lift anything heavy. It caught me just over my kidneys. I started taking Doan's Kidney Pills, getting them from Wright & Son's drug store, and they weren't long in curing me up in good shape. I have never been bothered since."

Word came Saturday to Mrs. James Updyke of the death of her sister-in-law, Mrs. Grace Bates, widow of the late Lucian L. Bates, which had occurred Wednesday evening, December 8, at the home of her daughter, Mrs. Bessie DePew, in Medina, N. Y., at the age of 71 years.

Mr. and Mrs. Bates, who were very well known and highly respected in this vicinity, left Tecumseh 16 years ago, making their home in Medina, where Mr. Bates passed away several years ago.

TECUMSEH TRIMS NAPOLEON

The Tecumseh Independent basket ball team played Napoleon last Thursday and lifted their scalps to the tune of 37 to 21.

The Tecumseh line-up was: Forwards, Harold Sisson and Lynn Harris; guards, Clyde Drewyor and Ivan Spitler; center, Geo. Isaacson; subs., Edw. Aebersold and Roy VanWinkle.

It was a fast and exciting game and the Tecumseh boys at times showed brilliant spurts of real basket ball. With a little more practice and more "wind" the local Indians will show real class.

METHODIST PARSONAGE.

Tecumseh, Mich., Dec. 23.

My Friends:

For as such I would greet you, no matter whether we are known to one another or not. Perhaps the past year has brought happiness and prosperity, perhaps sorrow and want. Any way, joy or sorrow, I would want you to know that a brother who has experienced much of both, laughter and tears, as the Christmas time comes around once more prays that the peace of the Christ child may be yours at this time. With peace and good will in our hearts the future has nothing for us to fear, the past is in the hands of God. And so, using the words of "Tiny Tim" in Dicken's Christmas carol, from our heart's depths, we, man and wife and little children of the parsonage home re-echo the prayer "God Bless Everyone."

Faithfully your friend,
W. A. Gregory.

Community Tree Ready for Santa

Symbol of Peace on Earth and Christmastide Will Soon Be Trimmed and Lighted—Young and Old Interested.

The municipal Christmas tree was put in place on the main four corners Tuesday afternoon and anchored to the flag staff. Yesterday and today it received its decorations of many colored electric light bulbs, gay baubles and tinsel and when lighted is a beautiful emblem of the spirit which pervades the city.

Tomorrow night will see the climax when every little youngster in town receives their gift after the singing of the carols.

A. A. Comfort donated a noble big evergreen for this purpose but when J. T. Boyce and F. S. Turner, the committee to procure the tree, planned to move it to town it did not appear feasable. It stood on a side hill and to pull it up to the road would have been a feat indeed. Fulton McLain, a neighbor, then gave the committee a smaller tree but more easily moved, so that is the tree which graces the street with its message of the Christmas spirit.

Tecumseh's Popular Pastor Will Stay

Rev. W. R. Curtis Offered Flattering Salary to go Elsewhere—Decides to Stay by Flock Here—Is a Strong Man and Very Popular.

Rev. W. R. Curtis, pastor of the local Baptist church, has just been offered a very flattering position elsewhere at a splendid increase in salary; but he has finally decided to remain in Tecumseh and continue to build up the good work he has started.

Rev. Curtis is a man of broad vision, a keen student of human nature, genuinely sincere in his work and withal, most genial and kindly in his efforts to carry out the work of the church; and he has met with splendid success in this city. His efforts as an organizer have attained signal results and alike with young and old he is very clever in securing and holding the good will of his large and growing congregation whose guidance he so successfully directs. He knows how to get results and accomplishes the work without erousing antagonism or making sore spots. Brother Curtis, as he is familiarly called, is a splendid example of a modern progressive man of affairs who not only is building up a strong Christian church in every sense of the word, but he joins in with community affairs and is a genuine booster for every worthy project. Tecumseh is indeed fortunate to have this good man of positive action continue in our midst and we congratulate ourselves upon his decision to remain with us.

One of the features now found in many progressive churches is a moving picture outfit which is so attractive to young and old and which, put to a good use as it is here, does so much to teach the principles of Christian living through its fascinating stories of love, truth, justice and charity presented so effectively by this means. We are glad to note that our good Baptist friends have decided to use such a machine in presenting the story of Christian living to its people by every effective means possible. We believe that it will attract and teach with a power for good that cannot be approached by other means and that its use will greatly enhance the splendid work now being done by our good friends.

Rev. Curtis has been in Tecumseh about two years and if his many friends have their way he will probably be here for 20 more. Tecumseh's churches are in the best of hands and we feel it is a most excellent community fully deserving of such splendid leaders among men.

GAVE SPLENDID SERMON.

Rt. Rev. Charles D. Williams, bishop of the Michigan diocese of the Episcopal church, gave a soul-stirring address Sunday morning at St. Peter's church. As usual the truths stated by this forceful orator found their way "under the skin" as the saying is as he told the trouble with the religion of the world and his own church in particular, the civilization of our time and our government.

Three were made communicants, Mrs. William Bly, Miss Alma Tansley and Mrs. Bert Prichard.

In the evening Bishop Williams gave an address in St. John's church, Clinton.

Landis Orchestra Pleased Big Crowd

Second Number of Lyceum Course Was Real Musical Treat—Auditorium Packed—Course is Highly Spoken of.

The second number of the high school lyceum course was given last Friday night at the auditorium by the Landis Singing Orchestra, and it proved a very entertaining number throughout.

The big hall was packed, nearly every seat being taken, and the audience enjoyed the performance immensely. The program was varied and both the popular musical airs and classical music were intermingled in a most delightful manner so that all present could enjoy their favorite rythm.

The high school is to be congratulated upon giving the people of Tecucseh such a splendid course and it will add greatly to the season's enjoyment as well as being productive of the very best in educational and social uplift. The people should and do appreciate the efforts of our school management in providing such an addition to our community life and it is very encouraging to the student body to get such staunch support in their endeavor to provide clean wholesome entertainment of a high class nature. It means far more than merely entertainment for young and old. Good for the high school and now everyone boost this most worthy enterprise on the part of our schools.

Watch for the next number and be sure to go, that's the boost desired.

Observed Golden Wedding Anniv's'ry.

Relatives and Friends of Mr. and Mrs. Amenzo VanValkenburg Gather to Pay Homage—Family Held in Highest Esteem in Community.

It was a party of 67 guests who met at the home of Mr. and Mrs. Amenzo VanValkenburg on North Pearl street Tuesday to help these estimable people celebrate the fiftieth anniversary of their wedding. They found the home gay with yellow baskets of white carnations and yellow narcissus. A good wholesome spirit of happiness prevailed for both mother and father are well and enjoyed the gathering about them of their large family and many friends.

The guests were received by two of the daughters, Mrs. Harry Abbott and Mrs. D. R. Wells, of Detroit. A "post-wedding" ceremony was read by Rev. W. R. Curtis of the Baptist church in which this family are prominent. At its finish he deftly placed over their necks a great yellow-bowed hoop, signifying how much greater the wedding ring meant after the 50 years.

In the dining room again was the color scheme of gold and white carried out. In the center of the table was a great basket of yellow narcissus from the handles of which extended strands of yellow moline to golden hearts at either end. On these were "1870" and "1920" on white satin ribbon.

The guests were served an elaborate menu by Mrs. Dean Van Valkenburg, Mrs. Fay VanValkenburg and the Misses Lillian Schwartz and Leora Lanning. Mrs. Mattis catered.

Present from out of town were Mr. and Mrs. William Schwartz and six children of Norvell; Mr. and Mrs. D. R. Wells of Detroit; Perry VanValkenburg and family; Mr. and Mrs. Jessie Chase, Mr. and Mrs. George Tripp, Mr. and Mrs. Hugh Ladd of Adrian; Mr. and Mrs. Ambrose welch, Mr. and Mrs. C. M. Cooley of Clinton; Mr. and Mrs. Harold Hoag and Leslie Abbott of Ann Arbor. Among the guests at the anniversary were but two who witnessed the ceremony of 50 years ago, Mrs. Hugh Ladd of Adrian and John VanValkenburg of Tipton.

On December 21, 1870, were married in this township, Amenzo VanValkenburg of Tipton and Miss Mary Matthews of Tecumseh. They soon bought the farm on the Town Line road which was their home 37 years, then five years ago they bought their present home in the city and retired from their farm. They have been the parents of eleven children, one dying in infancy and two married daughters also departing this life: Mrs. Pearl Lanning and Mrs. Lila McNeil. The other children are Mrs. Ada Schwartz, Mrs. Ina Abbott, Mrs. Lena Wells, Perry VanValkenburg, Mrs. Bertha Hoag, Dean, Leon and Fay VanValkenburg. To rise up and call them blessed are also 20 grandchildren and one great-granddaughter, little Rayola Wise.

Mr. and Mrs. VanValkenburg, besides their church are interested in the G. A. R. and T. B. A. He served in the Mississippi navy one year of the Civil war, then enlisted in the infantry and served until peace was declared.

Are You Interested In the Tax Question?

Situation in Michigan Becoming Unbearable—People Can Remedy It If They Wish—Many Farmers and Business Men Face Ruin Unless Relieved.

What say you, are you interested in the tax question in the state of Michigan? If you have not already paid your taxes, go at once and find out what they are and then answer the above question.

And remember that two years ago the state legislature elected as always on the promises of "economy and efficiency" voted a tax of 84 million dollars on the people of this state. You are paying the second installment of that tax this year. Now again elected upon promises of "economy and efficiency" as usual, the papers carry the startling story that the budget committee will probably recommend to the legislature that the people be taxed to the extent of 57 million for the next two years. Are you interested in the tax question?

It is reported that Michigan has the second highest tax rate of any state in the country. Some honor, isn't it?

Are you interested in this proposition? The reason we ask this question several times is because you have never shown any interest to date except when you paid your taxes to make a few disjointed kicks and let it go at that.

Bigger and Better Means Active Work

Towns, Like People, Must Either Go Ahead or Retrograde—There Is no Standing Still—Constructive Activity Built Detroit.

Towns are exactly like people. They either grow in all respects or they retrograde into a "sleeping sickness" that means silent but sure passing off the stage of action.

Tecumseh is certainly the "biggest little city on earth" but it is a dangerous thing for us to wrap our mantle of greatness about us and poise upon the pinnacle of fame secure in the belief that we are immune from business and social decay. For while we thus stand poised in our glory some heartless but active community may stealthily kick the props from under us and we will make a most ungraceful descent from our high estate.

What we need to keep us in condition, as the athletes say, is plenty of plain healthy food and strenuous activity. It is then we are prime for tackling every problem that is desirable in further building up our community socially, in business and along every useful line.

Don't think we have about all the business that we can ever get. Far from it, so far indeed that the keenest vision cannot discern a trace of such pessimism, otherwise known as dry rot. Tecumseh is just beginning to lay its trade lines for a volume of business never dreamed of by the most flagrant optimist. All under the Heavens we have to do is go after it. The country is full of it and the business is ours if we want it. But success will never roost upon our banner unless we put forth a united effort on a carefully arranged and cleverly executed plan of vigorous action that has never failed yet to "bring home the bacon" to any group or organization who dared to make an honest effort.

Why not get together and lay our plans for an active business campaign that has and always will win when properly managed?

L. E. Temple & Co. Enlarge Quarters

Enterprising Firm Arranges for More Room to Give Still Better Service for Rapidly Growing Business.

L. E. Temple & Co., realizing that their present quarters are inadequate to give good service and take proper care of their rapidly growing business have purchased the old Heesen foundry property on North Pearl street for the garage business. The foundry proper is already being utilized for the repair work while the wooden addition to the west will be remodeled for the paint shop. In these buildings L. E. Temple & Co. will be equipped to care for any auto repair work.

They have also leased of Williamson Bros. the east display room in their new garage. Here will be placed on display some of the machines and it will also give them a down town office, where they can receive their customers, take coal orders, etc.

Casper Horn, for several years state representatives of some leading insurance companies, has been engaged as sales manager of the auto, tractor and truck department of the business, with the whole county his district. He will have several salesmen to assist him.

The firm now has the agency for the Buick, Hudson, Essex, Willys-Knight and Overland machines.

Baptist Church Gives Pageant

Story of "The Other Wise Man" Attracts Big Crowd—Beautiful Pageant is Most Instructive and Entertaining.

The story of "The Other Wise Man," by Vandyke was largely patronized Sunday evening and the Baptist church was well filled. At the close of the story a beautiful pageant of lights was given. Small candles were passed to each one of the audience by boys chosen for that purpose. Then the lights were turned off as the pastor lighted a large candle on the pulpit representing Christ in the world. Directly a star came into view over the pulpit, a short talk being given at this time of the unlighted candle. Then the wise men came in from the outer door garbed in eastern gowns singing "The Three Wise Men." At the pulpit their candles were lighted, then the scripture was read concerning the calling of the 12 apostles, after which those representing the apostles came in from a rear door facing the wise men and received light for their candles from the wise ones.

They then were told to look upon the fields that were white for the harvest. Facing the audience they were told to "Go ye into all the world and preach the Gospel to every creature." Then they proceeded throughout the audience lighting the candles of the individuals, this being finished they formed a line at the rear. As each was dressed in white the whole formed a beautiful climax that will long be remembered. The lesson was fine throughout the whole pageant.

It has been requested that the pageant be given at the community meeting at the Presbyterian church next Sunday evening.

ENTERTAINED AT BRIDGE.

Mrs. Jenny C. Law Hardy entertained the Bridge club of which she is a member last Thursday afternoon. Five tables enjoyed the game and at the close a delicious luncheon was served.

At their recent election, the Modern Woodmen put into office these members:

V. C., Rollo Wilkins; W. A. John Jensen; escort, Bert Mominee; clerk, Dr. E. D. Brown; banker, Percy Bowen; manager, Frank French; watchman, Harry Creger; sentry, Otie Beaubien.

SONS OF VETERANS ELECT.

The newly elected officers of the local camp, Sons of Veterans, are:

Commander James McKinney.
Sr. Vice Commander—L. B. Wood.
Jr. Vice Commander—Lyman Ousterhout.
Camp Council—H. J. Sweet, M. Frayer, Homer Whaley.
Treasurer—Arthur Harding.
Secretary—H. S. Waring.

RECEIVES HONORS.

P. A. Bowen, one of Tecumseh's popular young business men, has just received his commission as colonel in the U. R. K. of P. This honor came unexpectedly and is the result of the very efficient work in the order. Congratulations.

Presbyterians Hold Christmas Program

Very Interesting Exercises Given—Splendid Music Enjoyed—Pageant Instructive and Entertaining—Large Crowd Present.

To enjoy the Christmas exercises given by the Presbyterian Sunday school Sunday evening a large crowd attended. The decorations emphasized the yuletide spirit. Tiny Christmas trees were at either end of the choir loft with greenery and red bells used plentifully.

An orchestra conducted by Lester Waring helped out in the musical program materially. This orchestra is a new organization of ten pieces and is bound to be a splendid addition to the music of this church.

John T. Boyce, as superintendent of the school, presided and announced this program:

Opening number—Orchestra.
Hymn, "Joy to the World."
Invocation—Rev. J. F. Kiskaddon.
Exercises by the Beginners.
Recitation—Jane Gillen.
Exercise—Mrs. Leon Rosacrans' class.
Song, "Silent Night"—Primary department.
Recitation—Jack Beardsley.
Solo, "Away in a Manger"—Loraine Herring.
Recitation, "Just Their Way"—Majel Jones and Frederick Dickinson.
Selection—Orchestra.
Girls' chorus, "Glory to God in the Highest."
Recitation, "Snow Flakes"—Tony DeMerlo.
Song, "The First Noel"—The Juniors.
Recitation—Charles Stewart.
Recitation—Marguerite Craig.
Pageant.
Offertory—Selection by orchestra.
Closing hymn—"Oh, Little Town of Bethlehem."
Benediction—Rev. Kiskaddon.

The pageant was a well arranged series of tableaus representing first the patriarch, Abraham with his followers about him, reading the prophecy of the coming of Christ. The second scene depicted the Holy Mother at the manger (Miss Mildred Haines) with three angels (Cora Collins, Madeline Boyce and Frances Tallman) keeping watch over her. Then the three wise men (Fay Whelan, Raynor Ross and Raynor Pyle) came bringing gifts followed by the gifts from the children.

A girls' chorus led by Mrs. E. N. Billings was also a helpful addition to the singing.

Another feature of the Christmas spirit in that church was the splendid collection taken for the starving children of Europe. In Sunday school the collection was turned into that fund as was also the contribution of the evening, the total being nearly $50.

THAT TRIANGLE.

There are three things that make a community, the schools, churches and business interests.

The first of these are absolutely necessary to insure the proper growth and development of the coming generation. The grown folks are not so vitally interested and as far as the grown-ups are concerned the public schools could be closed without doing them much if any harm for they are but little touched by their work. But the coming generation is absolutely dependent upon the schools for their education and development, so that they can take their places among the men and women as they finish their courses and fit into the work of life with ease, performing the duties incumbent upon them as social and industrial factors in perfect harmony with the demands of the times. The boys and girls are also dependent upon the schools for a knowledge of literature and history that has been such potent factors in shaping the world's activities. Also for the ideals of life which go far toward shaping the destiny of all. In fact, the schools are absolutely indispensible for the growth and development of every child in this country. It is unnecessary to remark that the people are universally aware of this and take the greatest pride and interest in our public schools, taxing themselves heavily in order to maintain them at the highest point of efficiency.

Tecumseh is proud of its school system and every person within our community should and does do all in their power to actively assist the teachers in properly conducting this important part of our community life. We congratulate the superintendent, principal and teachers on the excellent results they are accomplishing and we are sure that the good people feel likewise though they may not be in a position to express it as easily as they wish to do. It is the combination of team work between the parents and teachers that brings out the efficiency of the schools, and whenever this team work is going on the boys and girls are reaping rich results and the community is being well repaid for every cent of expense it costs. Support the teachers in their work, never criticise them in the presence of the children and urge your children to promptly comply with every regulation of the schools and to prepare their lessons thoroughly if you would put the love you have for that child to its greatest use and find him an honor to himself, his country and the community when he grows older.

Our splendid school system is one of our greatest assets and it is with pride that we are able to "tell it to the world."

Our Churches.

A man, so the story goes, once became disgusted with the churches in general and started out to a far western state where there would not be a church within 50 miles of him. After a few years a party of explorers came upon his home and found it deserted with this sign nailed across the door: "Twenty miles to the nearest store, ten miles to the nearest neighbor, 30 miles to the nearest doctor, 50 miles to the church and a half a mile to H---l, gone home to live with my wife's folks."

Yes, the churches are just what keep this country from literally going to the D---l. They are not only the hope of the life hereafter but they are the power that keeps the world from being thrown into a maelstrom of rending demons who would put wild animals to shame for their cruelty and barbarous practices. The world is not safe for an instant without the power of the churches to keep humanity in touch with the plans of the great Creator, and in conformity with the eternal laws of the universe.

Every man whether he is a member of the church or not owes a debt to this great institution and he should assist it to continue its great work if for no other reason than self preservation alone. Tecumseh is fortunate in having strong, vigorous churches with capable, virile leaders in charge whose work and worth are recognized and whose appeal is of utmost value to this community.

The Business Interests.

If it were not for the business interests there would not be any Tecumseh to talk about, neither our splendid schools or our strong churches. So it appears that the means by which we earn our sustenance is also a big factor in the game of life. In fact it is the first requirement of man that he provide himself with food and shelter against the inclemencies of the weather, and it is this first law of nature that has developed the business interests of today in all their complexity.

And no community is prosperous, contented and able to take its place in the social world unless its business interests are also prosperous. It therefore behooves us to all work together for the advancement of those interests and push them to the utmost limits of progress, in order that we may provide for a greater margin of safety and a greater industrial success in every line. A prosperous community is a contented one, able and willing to support its schools and churches, and it is therefore a good community where the social and moral conditions are at their best and every person reaps the greatest benefits therefrom.

It is not fair for some to push the load of progress while others ride and let their feet drag. Whenever it is clear what our duty is we are worse than pikers if we do not do it. We are society leeches that get our living from sucking the blood of others, surely not a classification that one delights in belonging to, but nevertheless an ever present, but hopeless minority whose only achievement is in holding back the welfare of all. Sometimes a little retrospection on our activities in a community will mirror our image in a light that is so displeasing to ourselves that we at once take a different attitude toward many things of community importance and change our tactics to become a pusher instead of a rider.

The business men of Tecumseh are almost without exception pushers on the load of progress. They are doing all in their power to extend the trade territory of the town and bring new customers from farther distances into our midst that the volume of business may become still greater and everyone more prosperous which in turn immediately reacts and builds up our social, educational and religious conditions. That is what makes a community great in the largest sense of the word and in which every red-blooded American is intensely interested but which is distasteful to the community slacker.

We honestly believe that the business men of Tecumseh are the best bunch of clean, honorable good fellows we have ever known. They have a good word and a hearty greeting for everyone who deserves it, and their dealings are just as clean and honorable in every sense of the word. By united, intensive efforts they have built up the "biggest little city on earth," the place where your dollar buys most. Boost for every Tecumseh industry, help push the load of progress and look the mirror square in the fact with the feeling that you have done your bit toward building up a contented, happy and prosperous community, and that your dollars are not earned here and spent in Chicago. Hooray for Tecumseh seven days in the week.

Christmas Cheer to All

Why not make Christmas this year one worth while? Buy the family something that will be a benefit the whole year round and something they will enjoy—our suggestion would be a Ford Sedan.

The Sedan, one of the most convenient and comfortable of enclosed cars, offers you the delights of the higher priced cars at the lowest first cost and lowest upkeep cost. In Summer or Winter, sunshine or rain, the Ford Sedan provides conveniences in accord with your wishes. Only a minute is required to raise or lower the windows.

The Ford Sedan is a favorite family car. Beneath the Sedan body, the ever reliable Ford Chassis means an economy unknown in other enclosed cars. A family car of exceptional merits. The ideal car for the farmer's family. It seats five comfortably; and is equipped with demountable rims, tire carrier, electric starting and lighting system, and instrument board. Orders are filled in the same sequence in which they are received. And ever remember the sure and certain and satisfactory "after-service" we give. You know the solid satisfaction that comes in the knowledge that your motor car is good for every day in the year—no mental worries when you drive a Ford. Let's have your order today.

Think of it! The Ford Sedan, this handsome enclosed car costs you less than any ordinary touring car (except the Ford).

What would make them any happier on Christmas day than a present of this kind. Leave your order NOW so we can bring it to you on Christmas.

MAN GIVES WIFE GLYCERINE MIXTURE

She had stomach trouble for years. After giving her simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka, her husband says: "My wife feels fine now and has gained weight. It is wonderful stomach medicine." Adler-i-ka acts on BOTH upper and lower bowel, removing foul matter which poisoned stomach and which you never thought was in your system. EXCELLENT for gas on the stomach or chronic constipation. Guards against appendicitis. The impurities it brings out will surprise you. B. J. Pulver, druggist. Adv. 3.

Christmas Exercises at Methodist Church Tonight (Thursday)

The Methodist Sunday schools throughout Michigan have all fallen into line for what is known as a White Gift Christmas. Instead of giving presents to all the scholars, the members of the Sunday school all make a gift of money or goods, the proceeds of which are used to support the Detroit Methodist Children's Home and Orphanage. The bishop and the directors of the home have agreed that after keeping an amount equal to last year's receipts all over and above will be given to the relief of the starving children of Europe. A good program is arranged for this evening and all are invited to attend.

Many of our members were visiting last Sunday evening but a good evening congregation heard the story of Hermas. Next Sunday evening we meet for a "community sing" in the Presbyterian church.

Church Notes.

Every member expected to be present next Sunday morning. No one can fill your place or undertake your responsibility. The pastor will preach a sermon from the text, "Not Ashamed of the Gospel." Let us not be so busy celebrating Christmas that we forget the Christ who gave us the day. Service Sunday morning at 10 o'clock. Let all our services begin on time.

ARE YOU INTERESTED IN THE TAX QUESTION?

(Continued from Page One)

But now are you really interested? If so, isn't it time that we do something?

If your taxes are high when the total is 34 million what will they be when the total is 57 million? And what is to prevent the next legislature elected for "efficiency and economy" making it 75 million and so on in a steady progression of "economy and efficiency" until we are kicked out of doors by the tax collector whose bill we cannot pay?

How much longer will the good people sit idly by, look their families in the face, see their hard earned money swept away by outrageous taxes and then call themselves real men?

What should be done? We say that if we haven't enough interest in this question to do something then we ought to be denied the right to vote. Why not pursue the ancient and customary course—the right of petition? Get up a petition to our representatives in the legislature setting forth our strenuous objections to keeping a horde of useless inspectors and worn out politicians in a fat office to ride around the state in parlor cars and wear silk shirts while the expense piles up for us to pay? Why not tell our representatives in unmistakable English that we will hold them accountable for their pledge of "economy and efficiency" and expect them to do all in their power to eliminate every expense in this state that is not absolutely necessary for the operation of the government on the most rigid economy basis known to the mind of man.

You farmers must practice economy of the rigid type and if you allow yourselves to be hoodwinked by the politicians into thinking this terrific expense is necessary then you haven't your eyes open yet? We don't blame our representatives for allowing the fellows who want the money spent to get away with it when we are too blamed lazy and indifferent to our own interests to raise a hand in objection or write a letter or sign a petition objecting to such extravagance? It really looks as if we liked it and wanted it.

Our representatives have been elected for the last three years on the platform of "economy and efficiency" and you have a mighty good sample of what they really mean when you pay your taxes. But if they should come up tomorrow with that same old gag they would doubtless get the vote solid as the ninetenths of the voters indicate that they are party slaves and vote the ticket put over on them by the few who make politics a business without a murmur of protest or independent action.

What can we do? We can register a mighty vigorous objection with each and everyone of our representatives who will do the voting on that budget within the next ninety days. We can say that we want this budget cut in half and every useless office holder and political pap-sucker fired forthwith. We can also say that we hold them to their pledge of "economy and efficiency" in just exactly what those words mean and if they are indisposed or incapable of putting up a fight the like of which Lansing never saw, to carry out our wishes, we will see to it that someone else represents us next time.

And remeber you have the gang who are intrenched to the neck to fight. Our representatives will have to have the real type of simon pure fight in them if they make any impression on the bunch who run things; but if we start the ball rolling by a petition longer than a city block demanding that the state expense be cut in half, other townships and cities will do the same unless it be in towns where the papers are owned by the interests who have perfectly good reasons for supporting the political gang.

If something like two-thirds of the members of the next legislature hear from their constituents in plain language it will throw a scare into our Lansing statesmen, the shaking of whom will be registered on the "sesimograph" in Washington and other legislative centers.

The people are asleep. If they don't want such outrogeous expenses they don't have to have them, but they will have to get busy and fight against it the same as those who do want it fight for it? What say you good people, shall we stand idly by and whine or get busy and demand of our legislators that they make good? We are ready to entertain any motion you may wish to make.

We presume that this paper will not be considered as "orthodox" by the politicians neither will we receive any desirable decorations at their hands but we do not care a tinker's whoop what they think for we believe that the imperative needs of our state and of the good people themselves demand that something be done to relieve us from 3½ per cent taxes which now threaten to become 5 per cent and eat up every bit of our income, producing absolute distress and business bankruptcy. If our legislature does not come down from its orgy of spending and relieve the people from that terrific burden of taxes that threatens to engulf us there will be serious conditions in our good state very soon.

Well, start the ball rolling and we will all give it a boost. Who has the nerve to start a petition to our representatives that registers our objections to these terrific taxes in polite but the most vigorous language ever addressed to the people's servants? Who will volunteer for this hazardous duty?

In the mean time shop early and spend your money in Tecumseh where your dollar buys most.

Banish Pain

THERE is no use talking—no one can work or play when they are not feeling well and strong. Life, without health and strength, is a mere painful, pleasureless existence.

One of the most important conditions of good health is to keep the kidneys normal and active. When weak or deranged, they do not filter out of the blood the impurities that should be eliminated from the system. When these impurities remain, the blood stream is poisoned and pain and suffering result.

Foley Kidney Pills

aid and assist Nature. They strengthen and invigorate weak or diseased kidneys and help them keep the blood stream pure and clean, banishing backache, rheumatic pains, stiff or swollen joints, sore muscles, and other symptoms of kidney trouble.

W. R. Fox, 195 W. Washington St., Noblesville, Ind., writes: "After suffering many months with kidney trouble, and after having tried other remedies for the same, I purchased a bottle of Foley Kidney Pills and took them. They not only did me more good than any other kidney remedies I ever have used, but they positively set my kidneys right. Other members of my family have used them with similar results."

Sunday School Association Meets.

The 88th semi-annual meeting of the Ridgeway and Macon Township Sunday school association was held Friday, December 10, in the M. E. church in Ridgeway. The attendance was not up to the average, possibly on account of the stormy weather and owing to its being a school day and this preventing the young people from attending. However, those who were privileged to be present were full of enthusiasm and carried home many good thoughts which it is hoped will be put into practice.

Them orning session was opened by President Arthur Bortel and the song service was led by Mrs. Ed Palmer, with Mrs. Ervin Barnes at the pipe organ. The devotionals were in charge of Rev. Mr. Cole. The main speaker of the day was the county president, Rev. H. A. Frye, of Blissfield. He took for his subject "Service in the Sunday School or Churches" and urged all to consider carefully what it means to be of service for the Master and thus lead others to Him. After a short business session an adjournment was taken for dinner, which the ladies served so nicely in the dining room.

The afternoon session was opened with a song service and prayer. Rev. J. C. DeRemer at this time had charge of the question box in which many helpful suggestions were received. Miss Gertrude Baker favored with a reading, "The Model Church," after which Rev. Samuel Tamblyn conducted a 10 minute Bible study. A solo "Just For Today" was [illegible] by Miss Frances Stone after which Rev. Frye gave another excellent address using these words, "In the Hands of the Potter" for his subject. He spoke of how our lives were in the hands of the Great Potter and how careful we as Sunday school teachers should be in order that they be molded and fashioned after the divine pattern and thus be the means by which the great plan of salvation shall be extended and souls won for the kingdom. An excellent report from the Older Boys' Conference, held a few weeks ago in Grand Rapids, was given by Lavern Russell.

At the business session the following officers were chosen:

President, G. D. Ellis; vice president, Joseph Smith; secretary-treasurer, Lavern Russell; cradle roll superintendent, Miss Lulu Gilmore; home department superintendent, Miss Eva VanVleet; intermediate department superintendent, Mrs. Samuel Tamblyn; young people's department superintendent, Mrs. Frank Day.

A rising vote of thanks was given for the cordial reception, splendid program and fine dinner, and after the offering the meeting closed with a benediction by Rev. Cole.

The next meeting will be held at the Christian church.

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarrhal Deafness, and that is by a constitutional remedy. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed forever. SCHOOL NOTES.

The Girls' Glee club is practicing for the Christmas program.

The Misses Myrna VanVleet Gertrude Brooks and Wilma McKendry have attained a speed of 42 words per minute in typewriting. This is exceptional for the first year.

The exhibit held last week Wednesday for the Parent-Teacher association was a great success. Nearly all the rooms had a display that was worth noticing. In the domestic science department the seventh grade had their sewing bags (all hand-worked with original designs) and hand-hemmed towels. The eighth grade had a hearty breakfast dish which contained stewed apple, oat meal and milk. The ninth grade had some beautifully hand-decorated night gowns. Eggs, cooked both hard and soft, with the proper methods of cooking, and a comparison of the egg white as it is digested in the stomach, with pepsin and hydro chloric acid, were displayed by the tenth grade. Parkerhouse rolls and a recent experience of bread making, together with fruits and vegetables all properly sealed up by the modern process of cold pack canning, preserves and bright colored jellies were exhibited by the eleventh grade. Woolen garments, new and remodeled, were displayed by the twelfth grade.

An assortment of indoor baseballs soccer balls, volley balls, footballs, basket balls, a volley ball net and a pair of boxing gloves have just arrived. They were purchased by the state and given to the high school from the commission on the boxing contests held here last winter.

A Christmas play will be held in the high school Thursday afternoon, December 23. The cast consists of about 20 members of the eighth grade, who will represent our Pilgrim Fathers.

The eleventh grade geometry classes are studying the history of geometry, which was established by the old Greeks and Hebrews.

The geometry classes have completed the study of the first book. Euclid was the first mathematician to divide geometry into five books, and such arrangement is still used.

The commercial arithmetic class is studying the short methods of multiplication and division by aliquot parts.

The third grade is going to have a Christmas tree, with program and gifts Thursday afternoon.

The program of the fifth graders for Thursday afternoon consists of a play "Miss Poinsetta," some Christmas carols and victrola music with Morris Coller accompanying.

The seventh graders have drawn names and are going to have a tree and a program after school Wednesday afternoon.

The speed test in typewriting classes this week resulted in Arlene Gillespie writing 43 words per minute. There are now four who are writing above 40 words per minute in the junior class. In the senior class Nora McClure wrote most, averaging 62 words per minute.

The scond year French class has started to read a new book. It is entitled "Contes de la Grande Guerre" (Stories of the Great War) and contains many interesting little anecdotes of the war and descriptions of France.

The junior and senior English classes have been giving book reviews this week.

The fourth and sixth grades will have their Christmas programs Thursday afternoon.

In the domestic art classes the seventh and twelfth grades are making Christmas gifts. All the domestic science classes are making Christmas cookies and candies this week.

A program will be given in the auditorium Thursday afternoon consisting of the following numbers: Pilgrim play, eighth grade; recitation, Margaret Turner; paper, Julius Wellnitz; violin solo, Doris Wood; vocal solo, Lester Waring. There will also be some living pictures portraying Pilgrim life.

The season tickets for the basket ball games are now on sale to everyone for $1.50. Schedules of the games for the season have been printed and may be obtained at the school.

The school board is again giving the students of the upper six grades a Christmas party. Preparations for the party have been placed in the hands of the seniors, who have organized themselves into four committees. Jeanette Hall has charge of the decorations, Marjorie Field of the invitations and programs, Genevieve Wright has charge of the refreshments and Roy VanWinkle of the properties. Bracey's orchestra has been secured. The party will be held Thursday night in the gymnasium. The parents are invited to come and look on from the balcony.

Petition Circulated For Tax Reduction

Citizens Becoming Active in Effort to Eliminate Outrageous Burden of State Taxation—Believe Other Communities Will Follow Suit—Increased Seven Fold in Ten Years.

In an effort to impress our representatives in the coming legislature with an idea of what the people think of their taxes this year and in deadly fear of what it will mean should the proposed budget go through this legislature, a petition has been started and is being signed by many citizens and taxpayers of this community urging our representatives to put up the hardest fight of which they are capable to cut this proposed budget in half and eliminate the unnecessary office holders who appear to be principally useful as a means of piling up taxes in this state while keeping the ring in power. How long the suffering people will stick by the ring while being bled white with such an example of taxation as you have now before you is a puzzle.

For your instruction and in order that you may see how fast this terrific tax increase has piled up, we give below a table showing

NOT CLOCKWISE.

One of our popular pastors essayed to surprise his good wife with a Christmas present that would be both useful and ornamental, so he bought a clock and had it carefully wrapped so as not to betray the contents of the package. He then proceeded to hide it under the bed where it would not be found until Christmas morning. But though theologically wise and worldly wise, he was not clock wise for much to his dismay when all was still and "not even a mouse was stirring," boom—boom—came the sonorous sound from under the bed—the clock true to nature was striking the hour. Anyway it was a Merry Christmas at the parson's home.

CHRISTMAS TREE AT ST. PETER'S CHURCH.

The evening was then turned over to games, and in the middle of the first round of musical chairs, in popped our old friend and former teacher of the boys' class, Perry Hayden, who flopped into one of the seats. Confusion then reigned for a time. The entertainment was here turned over to Mr. Hayden and was fully enjoyed by all. Presents, pop corn and candy were distributed to all, after which refreshments were served by the the laides of St. Peter's Guild.

Students' Party is Very Pretty Affair

Gym Most Beautiful in Holiday Dress—Over 200 in Attendance—Bracey's Orchestra Furnished the Music.

One of the prettiest parties yet given at the "gym" was that of Thursday evening, the occasion being the students' annual Christmas party. The sides were festooned with long strands of pine needles with much green and red paper intervening. The balcony was banked with pine boughs as was the orchestra platform. Over the latter was a canopy of interwoven strands of red and green. In all the decorations were exceedingly attractive and Miss Jeanette Hall and her workers from the senior class had reason to be very proud of their labors. Bracey's orchestra of Saline was assisted by Robert H. Moore with the traps. The merry crowd of young people filled the floor while the balcony was most of the time packed with onlookers.

There were many from away among the dancers, among them being Miss Frances Alvord, Detroit; Miss Charlotte Arner, Detroit; Wilfred Mills, Lansing; J. F. Darling and Ben Snarey, Jackson; Miss Alice Collins, Toledo; Miss Dorothy Taylor, Ypsilanti; Mr. Hanes, Clinton, and Vera Gill, Britton.

Mrs. Sarah Austin Passed On Sunday

[illegible] Over 30 Years—Was a Devoted Christian Woman and Highly Respected By All Who Knew Her.

In the early hours of Sunday morning Mrs. Sarah Austin, for over 30 years a resident in Tecumseh, passed into the long sleep. For about 15 years she had made her home with her daughter, Mrs. George S. Field, and family and it was here the summons came. She had been in failing health for several months but only for the past few weeks confined to her bed. Christmas day her children all came to see her, making her last day on earth a very happy one but the ravages of age bore their result and the dearly loved lady passed away as quietly as she had lived.

The funeral was held from the Field home Tuesday afternoon, Rev. W. A. Gregory officiating. The bearers were the three sons, John, Lavern and Lamont Austin, and three grandsons, Will and Clare Camburn and Kenneth Pennington. The burial was in the Macon cemetery beside the grave of the husband made so long ago. Present from out of town for the services were Mrs. Henry Smith, Mr. and Mrs. Weaver of Milan, Mrs. John Spafard of Manchester, Lamont Austin of Detroit, and Mrs. Lowell Waring of Kalamazoo.

Sarah Elizabeth Acker was born March 7, 1845, in Groveland, N. Y. Here she married Silas S. Austin September 2, 1865. The next year the young couple came to Michigan and located at Tecumseh, later moving to a farm near Macon. Here the family of nine children were born. One of these died when small and the husband passed away December 20, 1888. Soon Mrs. Austin brought her family to Tecumseh and opened a green house. This business she carried on for several years with success, but 15 years ago, her children having left the home nest, she broke up her home and went to live with Mrs. Field.

Surviving are the eight children: Mrs. Arthur Camburn and Mrs. Elmer Camburn of Macon, Mrs. Baron Pennington, John and Lavern Austin, Mrs. Field and Mrs. R. J. McCoy of this ctiy and Lamont Austin of Detroit, also two sisters, Mrs. George Caswell of Cone and Mrs. Henry Smith of Milan.

Mrs. Austin was a devoted Methodist, enjoying the various gatherings of her church organizations as long as her health permitted. She was also a member of the Tecumseh Beers Auxiliary.

NOTICE !

Christmas Party Brilliant Success

Over 80 Couples Enjoy Dancing Until Midnight — Decorations Unusually Pretty—Music Delightful — Light Refreshments Served.

The annual Christmas party given by a local committee at Witherell hall last Christmas night was unusually pretty and enjoyed by over 80 couples, who came early in order to close the dance by 12 o'clock.

The decorations were very tastefully arranged and in harmony with the Christmas spirit and the music was all that ye merry dancers could wish for in rhythm, accent and harmony, all of which combined to make the affair one of the most successful ever given in Tecumseh.

The music started at 6:30 and soon the floor was thronged with ladies in bewitching party gowns and men in the conventional evening dress all swirling around in step with inspiring airs of popular trend. It was a most interesting party and each guest seemed to be thoroughly enjoying himself as he forgot dull care and glided gracefully over the waxed floor. Some were young in fact and all were young again radiant in spirit and most charming in a veritable rainbow of colors whose continuous changing as the dancers intermingled made the scene most beautiful, indeed.

Refreshments were served at 10:30 to which all did ample justice and which added greatly to the pleasures of the evening. The committees in charge of the various departments are to be congratulated upon the complete success of the event and one and all acclaim it to be the prettiest party ever given in Tecumseh.

Community Prog'm. Pleases Everyone

Carollers in Bright Red Capes Stir Whole Town—Donations so Generous all Receive Beautifully—Tree Most Beautiful at Night.

A pretty feature of the town for the past week has been the municipal Christmas tree which [illegible] beautiful indeed. Christmas as a community holiday, was ushered in at sundown Friday night by the illumination of this tree. Then began to gleam from the windows over the town the candles which were the invitation to the carollers to sing.

These singers, under direction of Mrs. R. S. Moore, separated into groups and went about town singing the good old English Christmas songs at each house "where burned the candle in the window." Frequently they were invited into the house where to prove that their message of song was appreciated, they were most hospitably entertained.

At 7 o'clock the groups gathered about the great tree and sang more carols. Each in the groups wore the red capes and caps of the old time English carollers and with the beautiful tree as a background it made a delightful Christmas picture. After the singing Perry Hayden formed the children in line and as they filed past the tree Santa (Alvah Knight) in a bright red suit presented each with a sack of candy and a pop corn ball with a big red apple for good measure. There had been such quantities of the goodies donated that Santa with a heaping basket in either hand made a tour of the street and treated everyone.

The idea of the community tree was a splendid one and Tecumseh's community spirit is just as fine. The shining tree each night bespeaks the Christmas tidings and reminds the on-looker of the Babe in the Manger, the savior of the world.

CHRISTMAS EXERCISES AT THE FRIENDS CHURCH.

On Tuesday evening, December 21, the following program was carried out at the Friends church:

Devotional—Rev. Edward Escolme.

Exercise, "They Passed Beneath His Star"—This was a pretty combination of recitations and music by Class Four.

Recitation—Anna Hamilton.

Recitation—Harlow Clark.

Recitation—Leona Barnes.

Song, "Tick, Tock"—Juniors.

Recitation—Gladys Rhoades.

Next followed a series of nine tableaux depicting "The Search of the Shepherds" given by the Young People's Class. The presentation of these tableaux was very effective.

Song, "Joy to the World"—Congregation.

Bags of candy, nuts and pop corn were then given to the five lower classes of the Sunday school, after which a pleasant social time was enjoyed by all present.

To Whom it May Concern.

Relief Committee Forms in Tecumseh

Plan to Help Save Starving Millions in Europe and China—Scene of Starvation Something Awful—Will You Help?

Ten dollars will save a child slowly dying of starvation in Europe. Will you save one? Are you a real Christian? If so come across with your share of what the good Lord has given you (not loaned) and bring back to health one of those gaunt, starving children. Do you sit down to three square meals a day and stuff yourself while your children enjoy the richest and most tasty food? Remember the spirit of that European child dying of starvation is hovering over your table. Its long fingers clutching at the bread you throw away while its hollow pleading eyes watches every morsel you eat. Come on across with your share and then eat your meals like a Christian man or woman.

Tecumseh will do her part, we know. She always has and always will. Let's do it quickly. We don't want the spectre of starving children in Europe and China haunting our meals and our every enjoyment. Let's assist the committee to do our part with a rush. We know you will. Come on committee, tell us what to do—we're waiting.

And Tecumseh has the honor of being the first community to undertake to raise its quota for Lenawee county for the Hoover Relief Fund.

On Monday [illegible] Wilfred Waldron and Perry Satterthwaite went to Adrian and interviewed members of the Chamber of Commerce, the editor of the Telegram, [illegible] Hardy, Mrs. McIntyre, Mrs. Ives, Mrs. Geo. Rathbun, Mrs. Thos. McCann, Mrs. H. T. Armstrong, Mrs. J. H. Smith and Messrs. Wilfred Waldron, Perry Satterthwaite and J. H. Smith met at the home of Mr. and Mrs. Smith and formed a committee to undertake the work of raising a certain quota to be credited to Tecumseh for the starving children of Central Europe.

Mrs. Smith acted as temporary chairman and the following permanent officers for the association were elected:

Chairman, Mrs. Jenny C. Law Hardy; secretary, Mrs. J. H. Smith; treasurer, George Isaacson.

The suggestion was made by Messrs. Waldron and Satterthwaite and Mrs. Hardy that every farmer of the county contribute a bag of wheat to the cause. There is no doubt but that this suggestion, which was also made to the Adrian committee, will meet with popular favor, and town people will be called upon in other ways to help this most worthy cause. Mr. Satterthwaite has most generously agreed to grind all the wheat delivered to the Wm. Hayden mill into flour and the other mills will doubtless do this also.

Other ways of raising money for the cause were talked over and it was decided to put on an intensive campaign covering four weeks. Committees were appointed to present means at the next meeting by which this work can be accomplished.

Mrs. Hardy expects in the meantime to visit headquarters of the Hoover Relief Fund in Detroit and gain full information of how the work is best carried on.

Any donations that the public may care to make will be received by any member of the committee and Miss Margaret Carr of Brownville has the honor of being the first contributor of $1.00.

The next meeting will be held on Monday, January 3, 1921, at 7 o'clock at the home of Mr. and Mrs. J. H. Smith, at which time the committee would be glad to have others meet with them who are interested in this work.

Full particulars will be given in the next issue of The Herald of all means by which this money will be raised. Watch for it.

GARAGE OPENING.

F. C. Gallup, owner of the garage which was formerly occupied by the Big Chief, has completely remodeled the same and announces his opening for January 3.

In his announcement elsewhere in this paper will be found his invitation to the public. The building has been put in first class shape to take care of business and many new conveniences added.

Card of Thanks.

We wish to extend our sincere thanks to the many friends and relatives for their kindness, sympathy and the many beautiful floral pieces also to Rev. Mr. Kiskaddon for his comforting words, which have been so kindly offered in the hour of our bereavement over the loss of our kind and loving mother.

Mr. and Mrs. Ed L. Mark,
Mr. and Mrs. LeRoy Mark.

Community Service Largely Attended

Interesting Program Given—Inspiring Music Rendered by Choir of 30 Voices—Every Number Thoroughly Enjoyed—Like Old Times.

At the Presbyterian church Sunday evening was held a community Christmas service when a choir of 30 rendered Christmas carols. The majority wore the scarlet capes and caps of the old time carollers of England and the company grouped together lent a blaze of color attractive indeed.

The following program was given, Rev. J. F. Kiskaddon presiding:

Organ prelude — Mrs. Ella Hodges.

Christmas carols—Mrs. R. S. Moore conducting and Miss Edna Taylor accompanist.

Invocation—Rev. Edward Escolme.

Duet—W. S. Dickinson and F. C. Dickinson.

Scripture reading—Rev. W. A. Gregory.

Hymn, "Joy to the World."

"Pageant of Lights"—Under direction of Rev. W. R. Curtis. This was a repetition of the service given the week before at the Baptist church, but with such beautiful effect that a second appearance was deemed advisable so more could enjoy it.

The three wise men (Justin Camp, Ernest Harris and Fay VanValkenburg) came down the center aisle singing "We Three Kings of Orient Are." At the altar they lighted their candles at the large one held by Rev. Curtis representing "The Light of the World." Then in filed 12 men shrouded in white representing the 12 apostles who in turn lighted their candles and started out two by two lighting the small candles held by everyone in the audience, representing the disciples carrying the light into all the world.

The benediction was given by Rev. Curtis and the postlude rendered by Mrs. F. C. Dickinson.

Mrs. Mary Mark Passed Away Last Thursday—Is Survived by Two Sons, Both of Tecumseh—Burial at Brookside.

The funeral of Mrs. Mary Mark, widow of the late Thomas Mark, was held Sunday afternoon at her home on South Ottowa street, Rev. J. F. Kiskaddon officiating. Splendid Program at Methodist Church

White Gift Christmas Was Decided Success—Over $[illegible] Raised for Needy—Large Crowd Present.

A very interesting program was rendered on Thursday evening last when the members of the Methodist Sunday school gathered for their Christmas exercises. Every seat was taken and the "S. R. O." sign was needed before the entertainment was well under way. It did one's heart good to see the ardent delight of little folks and big folks as they realized that their Christmas fun was providing food, clothing and shelter for other less fortunate children in Michigan and abroad. As each class was called a representative of that class came forward and "spoke a piece," at the same time handing in the class offering. The original composition of Miss [illegible] Field seemed to express the sentiment of all and it is confidently expected that the "giving Christmas" has come to stay in the Sunday school.

"It may seem strange, in fact quite funny

Editorial Comment

NINETEEN TWENTY-ONE.

Now for 1921. The past year will soon be history gone to the great unknown, with here and there a few bright spots that we may recall easily but which will soon dim into only faint recollections. That is life with time sweeping us onward toward the "silent river which crossed, no traveler ever returns." The good deeds and the bad ones of 1920 are recorded in the "great book of life", and soon its covers will be closed and fastened with the seal of Judgment Day.

But before us lays the great year of 1921 full of hope, confidence and feverish activity. Were we each to know what it contains would be tragedy for some, pathos for many and unrestricted joy to but a few. It is far best that we do not know, but we have perfect assurance that the year will be largely what we make it. Almost unlimited is our opportunity to achieve the utmost of our aspirations. If we make good use of the knowledge and judgment which has been bestowed upon us and are fired by a determined ambition to vigorous activity, there is almost nothing we cannot accomplish.

Almost everyone has knowledge and judgment. Fewer have the necessary courage and ambition to follow it. Ambition is the mainspring of our activity, courage is the key that winds it up, and knowledge is the chart by which we lay our course. Not theory or high sounding words (no country editor was ever guilty of such doings) but the hard cold fact of material existence.

As social beings having our every movement and activity co-related and interdependent upon the activities of all others, it is necessary that we frame our own part in this community in harmony with what is best for all. We cannot run counter to it nor disregard this imperative law of existence. We may try to do so and thereby throw monkey wrenches into the community machinery, but it will not add to our business success or personal popularity. Each must do his part or be guilty of selfishness, that undesirable quality which rules the lower kingdom of things.

Experience has unerringly taught that every community prospers most which counsels together, acts together and pulls together for definite aims and objects. With the great year of 1921 just coming over the horizon, the year full to overflowing with opportunity for everyone, is it not best that we here in Tecumseh, "the biggest little city on earth", should get together and plan according to the wisest counsel for definite things to be accomplished, and get in stroke oar for a steady pull to victory? If you agree remember that courage is the key that winds up ambition which starts the wheels moving. Have you the courage to start the wind-up?

BUICK

The policy of the Buick Motor Co. is to build automobiles as nearly perfect as possible. To have them in as near a perfect condition as possible when turned over to a customer. To have them run as nearly perfect as possible for many years, to have every Buick purchaser a satisfied customer so he will always be a Buick "booster."

SERVICE

In order for the Buick Motor Co. to KNOW that every car is in perfect running condition they will have several Service Days during the year at different times, the first for the New Year to be January 12, 13 and 14. On thse days you are invited to bring your Buick car to us and we will have the factory experts examine it closely, run the motor and in every way test it out, make a report to you of its exact condition and make any recommendations necessary on how you can get more satisfaction from your investment.

We have just received a large stock of parts for old and present models with the idea of being able to furnish you with almost any part you may need in a hurry even to wheels, springs, fenders, which sometimes you need quickly.

Our new Sales Room will be ready about the 15th and we invite you to call and see the new models.

Any friend you know of that has a Buick car tell him about the Service Days even if he is out of our territory as it is our aim to have every BUICK owner all around Tecumseh, Clinton, Britton, Ridgeway, Onsted and Tipton an enthusiastic booster.

Be sure and bring in your Buick on either January 12, 13 or 14

WHEN BETTER AUTOMOBILES ARE BUILT, BUICK WILL BUILD THEM

New Years Resolution

Why not start out the new year right? Resolve to better your own conditions and relieve yourself of the heavy expense of operating the big heavy car; it's expensive to think about.

You know just as well as anyone that conditions are changing from day to day and nearly everyone is endeavoring to cut down operating costs, which is just as true with the farmer as with the manufacturer, everyone is strong to accomplish more work in less time; efficiency is the watchword and speed of the times today, "let's go."

The Ford Motor Co. is building 4,500 cars a day operating five days per week and building just as many cars in that length of time as they were building previous to reduction of prices in six days. This is being accomplished with the same number of laborers. Not a man has been laid off and production of cars for the month of November was grater than in any previous month in the history of the business.

That is the reason today why the FORD cars are the greatest motor cars in the world. Greater because there is more of them in use than any other car in the world. Greater because our demand is for a million and a quarter FORD cars this year.

You see them everywhere you go, day or night, shine or rain, summer or winter—the ever faithful FORD car is delivering service and satisfaction, pleasure and economy, in a larger measure than falls to the lot of any other one piece of mechanism in the world.

We can deliver FORD cars to you with reasonable promptness. Leave your orders without delay if you would be wise. The prudent man carries his umbrella when it is dry, bcause any fool will carry one when it rains.

Resolve now that you will own a FORD and we know you will have a year full of prosperity and happiness, with best wishs for a prosperous New Year, we are

Yours respectfully,

Tecumseh Big Chief Garage

That he will always be lame is the present outlook. Since the accident the loyal little wife and the second son, Rex, have published the Mancelona paper unaided. CHRISTMAS SERVICE AT ST. PETER'S CHURCH.

The Christmas tableau and service at St. Peter's church last Sunday was witnessed by a large and appreciative congregation, who showed their appreciation by their liberal offering as well as by their merited comments.

When the bell ceased tolling, the lights were turned off and blue lights were turned on in the chancel, representing a night scene. The choir in the study, directed by Glenn Tansley, then opened the service, with the herald singing the first verse of the Christmas carol, "It Came Upon a Midnight Clear," the choir taking up the strain and softly and effectively singing, "Holy Night." The chancel lights were then turned out, and when turned on again, three beautiful angels were discovered kneeling on the chancel steps. The choir then sang the first verse of hymn No. 80, "Angels From the Realms of Glory," during which the angels proceeded to the altar rail. The lights were then turned out, and when turned on three shepherds were lying on the chancel floor. The choir then sang the second verse, "Shepherds in the Fields Abiding," during which, at the beckon of the angels, they proceeded to the altar rail and knelt beside the angels. The lights were again turned out, and when turned on, with the large star over the altar, three Wise Men were discovered in consultation, and they likewise, at the beckon of the angels, as the choir sang the third verse, "Sages Leave Your Contemplations," proceeded to the altar rail and knelt. The lights were then turned off and when turned on all were kneeling, as the choir sang the fourth verse, "Saints Before the Altar Bending." The choir then repaired to the parish house, all lights were turned on, and with our old organist, Miss Camilla Hayden at the instrument, the choir proceeded into the church, singing "Shout the Glad Tidings!"

Rev. J. J. Preston then proceeded with the evening service, during which the anthem, "The Coming of the King," was ably rendered by the choir, Mrs. Preston, Miss Edna Taylor, Messrs. Tansley and Hines taking solo parts. The able address on the life of Christ, showing it to have been one of sacrifice and doing for others, led up to the noble appeal made in behalf of the starving Armenians, and was duly appreciated by all. Lester Waring very ably sang "The Holy City" as an offertory, and the Messrs. Dickinson sang, we all know how well, "See Ye Not Yon Radiant Star?" after which the choir receded to the parish house singing, "Oh Come All Ye Faithful."

The collection, $17.90, will be used for relief work in the east. Just in what manner has not been decided.

We also wish to express our thanks to those who so willingly tendered their services: The Misses Marguerite Wilson, Julia Gilmore and Helen Westcott, the angels; Zadock St. John, John Anderson and Herbert Gill, the shepherds; Webster Anderson, Lavern French and Edward Allison, the wise men; as well as those who have been mentioned and all who helped in the choir.

PETITION CIRCULATED FOR TAX REDUCTION

(Continued from Page One.)

what the various legislatures have appropriated for use in the state during the last ten years. Please note the terrific jumps in the last four years and the awful jump proposed for next year. However, its nothing, the ring can't get enough now to keep the politicians quiet and you may expect just exactly what you deserve for supporting them blindly without ever stopping to analyze what that little ballot is for. We haven't the slightest doubt but if a "biled shirt orator" representing the ring should stage a speech at the "opry house" and refer to us as "those great and glorious sovereign citizens who have saved the country and the wurld" by keeping the party (ring) in power, we would applaud long and loud and vote their ticket straight without a single thought of what it really means—until we again pay our taxes and then these "biled shirters" are not in evidence. Its a great world alright and maybe its just this dose of taxation that will finally unseat the ring, though it is verv doubtful if it occurs soon in Michigan. Most people would rather pay a few hundred dollars extra to hear themselves called the "saviors of the wurrld," etc., by a hired orator rather than think for themselves, but maybe it will pinch hard enough after while to get our senses in operation.

We believe thoroughly that it is the people's own fault that a political ring is kept in power by the votes of these same people and allowed to tax us almost out of existence with no visible returns for such outrageous taxation commensurate with the money spent. We can't dodge the issue. It is our own fault pure and simple and we feel sure that the ring is being herded around into their clutches by means of subsidized newspapers and hired orators. How much longer we don't know but we presume until we are most of us the next thing to vassals to the "interests."

It might not come amiss to cut this out and show it to your friends as a little lesson on taxation in Michigan, and how it is put over the people by means of clever political work:

What will your taxes be the next two years?

How do you like it?

Any interest in this tax question?

How do you like ring work?

Have you signed the petition?

With farm products the lowest in years and scheduled to go lower, are you farmers interested in legislation, the kind that makes taxes? If so are you going to sign the petition? Hunt it up as though you were really interested and not wait for someone to bring it to you. Get active if you would impress our representatives that we mean business. If not we must groan and pay, but it does seem as if the present situation should put a slight crimp into that "faithful follower of the party (ring)" slogan that has made us vote blindly for the past 20 years. At any rate we will either vote different or go bankrupt in the near future if the same old ring stays in power, that is one consolation.

Catarrhal Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarrhal Deafness, and that is by a constitutional remedy. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces.

ONE HUNDRED DOLLARS for any case of Catarrhal Deafness that cannot be cured by HALL'S CATARRH MEDICINE.

On May 3rd, 1920, Mrs. Kempf added: "My health has been good and my kidneys have given me no trouble at all since using Doan's Kidney Pills some years ago. All praise is due Doan's Kidney Pills for their great value in treating kidney ailments."

THE PEOPLES STORE

Jack Spratt and Wife

"Jack Spratt could eat no fat."

He evidently had a sitting-down job and took little exercise. Pork especially gave him trouble, *and no wonder!* The farmers of Jack's day took spindle-hammed, scrawny-sided scrubs and poured corn into them until they looked like overstuffed sofas.

But if he'd had pure-bred pork, the kind that comes from big-type hogs, with just the right proportion of lean and fat, making prime hams, well-streaked bacon and delicious chops, the nursery rhyme would tell a different tale about the Spratts!

Figures show that city folks eat only about half as much pork as the farmers do, despite the fact that it is our quickest, cheapest, tenderest and most nourishing food.

The hog raiser is partly to blame. If he produced the better kind of pork that grows only on pure-breds, the city consumption would be much greater. Pure-bred hogs will help the pork business—they will make more money for you. And you can get the foundation for a pure-bred herd right in this community.

THE COUNTRY GENTLEMAN agrees with us that pure-breds pay. And it knows—because it has studied hog raising *nationally*. You can trust it to show you the most profitable methods, for its prime purpose is to help make farming pay. Besides giving a weekly digest of leading farm news, it offers sound guidance on every farm problem and just the right sort of entertainment for the long winter evenings. Its 52 big weekly budgets of practical helpfulness and wholesome entertainment are the biggest dollar's worth of value that we know about. Take our word for it and send your check or a dollar bill today.

From Richmond, Calif., came word to Mrs. B. J. Rector of a serious accident which had befallen her son, Bert. While at his work as a contractor he was hit on the breast by a plank causing him to fall 12 feet to the ground. As a result his right arm was broken at the elbow and wrist.

Yesterday at Adrian occurred the marriage of a prominent Tecumseh young lady when Miss Eunice R. Orr, daughter of Robert Orr, became the wife of George H. Schreur of Gaylord. The ceremony was performed by Rev. Edw. Montgomery at the Presbyterian manse, the couple being unattended.

Word came to his Tecumseh relatives Christmas day of the demise of Claude Temple, which had occurred the day before at his home in St. Louis, Mo., he having been a victim of pneumonia. Mr. Temple was born in Tecumseh January 17, 1869, the son of Mr. and Mrs. S. W. Temple. Here he grew to manhood and received his education. He left the home town about 25 years ago, first locating in St. Paul. He became affiliated with the Pittsburg Plate Glass Co. and since has remained with them, going to St. Louis when they established offices there. He is survived by the wife, a 2-year-old son, James, the mother, Mrs. S. W. Temple, of Tecumseh, and two brothers, Herbert, of St. Paul, Minn., and Leon, of Tecumseh. The funeral was held Monday with burial in Jacksonville, Ill.

BRADLEY OPERA HOUSE ATTRACTIONS

"Fair and Warmer" New Year's Day.

The play that made the weather famous, Avery Hopwood's greatest comedy, "Fair and Warmer," is billed for the big New Year's day attraction at the Bradley opera house next Saturday for both a matinee and night performance. "Fair and Warmer" is one of the greatest screen comedies yet produced and is taken from Selwyn & Co. stage production of the same name, which had a two years' run on Broadway.

"Fair and Warmer" is in sven big acts. The cocktail and morning-after scenes are famous even among the outstanding scenes in great farces. They are scenes never to be forgotten—and laughed over. Yet so skillful is the handling, that these scenes have at once delicacy and punch. The screen production has been done elaborately, and in some instances the original play has been given additional punch through employment of means at the command of the screen produces but impossible to the stage.

A new "Sunshine" comedy will complete the big New Year's day bill.

Mildred Harris Chaplin Coming Sunday.

Mildred Harris Chaplin's first apparance on the screen in Tecumseh will be made at the Bradley next Sunday evening, January 2, when she will be seen as the star in Maxine Elliott's play "The Inferior Sex," which is a picture that carries a tremendous appeal to women especially, but it also will attract the attention of the men. Outside of its unusual story and the interest in its up-to-date problems of life today, "The Inferior Sex" carries an especial appeal in the exquisite gowns displayed.

"The Inferior Sex" is a story that is most absorbing and out of the ordinary.

Mr. and Mrs. Carter DeHaven will be seen in their new comedy, "Excess Baggage."
